FADE IN:

INT.HANUSSEN'S SECRET MONASTERY- NIGHT - 11:50 PM

Young brother Marcus, wearing a black robe, studies the movements of the planets on the computer. Big brother Hermann approaches him.

HERMANN

Brother Marcus, you called me.

MARCUS

Yes sir, this is when the Master himself asked us to wake up. The planets have entered the proper position.

Hermann bends a little and looks at the screen intently.

HERMANN

okay, let's wake the master.

MARCUS

Sir Hermann can I come with you ? I haven't seen a master since I came here.

HERMANN

Okay, today is your lucky day. Follow me.

Herman and Marcus leave the room and take brisk steps down several floors. Hermann enters a password to a door made of old stones under the monastery and opens a large door. And they enter a bright room.

HERMANN

Master of our lives, it is the time to wake up.

A sound echoes in the room. A large solid gold sarcophagus emerges from among the blocks moving on the ground.

MARCUS

I've heard that,it's all solid gold...

HERMANN

Yeah, it's made of 2760 pounds of pure gold.It's war time gold from slaves...

The sarcophagus cover is opened slowly. The great master lies on his chest, wearing a white underwear inside. There is a white liquid around the master's body.

MARCUS

This liquid ?

HERMANN

Baby plasma and blood of course...

Meanwhile, the master opens his eyes and takes the first step, and comes out of the sarcophagus with the liquid draining from the slowly rising up sarcophagus. Hanussen walks towards his robe, leaving bloodstains on the floor.

HANUSSEN

Is it time, Hermann ?

HERMANN

yes, master.It's time

HANUSSEN

Gather the brothers in the great hall.

Hermann and Marcus lean forward and salute. They slowly walk out of the room without turning their backs on Hanussen. Hanussen slowly wears a black Sorcerer's robe with a dragon and swastika armas on it.

INT.HANUSSEN'S SECRET MONASTERY-GREAT HALL NIGHT-1:30 AM

A crowd dressed in black robes gathered in a great dark hall. Hanussen is sitting on a board slightly higher than the ground, with his staff in hand. He slams his staff on the ground, and the crowd in the hall becomes silent.

HANUSSEN

Brothers, a special time has come that we have prepared for a long time. Now we will choose who will accompany me on this sacred adventure. Hermann, show us glorious spirits !

On Herman Hanussen's instructions, he begins removing the names from the black bag. It takes out bones with names on them and reads;

HERMANN

Gunter, John, Werner, Otto, George, Marcus,

The person whose name is spoken greetings gladly. And he gets up and stands beside the board. After the last name is pronounced, Hanussen stands up for the oath. And at the beginning of each sentence, he hits his staff once and begins to speak.

HANUSSEN

Beautiful, beautiful, I can feel your energy, your desire! Are you ready to walk this road with me?

THE GROUP OF PEOPLES

yes master !!!

HANUSSEN

Are you ready to walk this road with me in the valley of death?

The group of peoples

yes master !!!

HANUSSEN

Are you ready to die and kill in this holy mission?

The group of peoples

yes master !!!

HANUSSEN

Are you ready to vomit blood or drink blood with me ?

The group of peoples

yes master !!!

HANUSSEN

My friends, my brothers, your heroism will be remembered for centuries ! You are the first soldiers of the Fourth Reich ! Your names will be written in gold letters ! Your children and their children will be proud of you ! And I'm so proud of you ! Do not show mercy to anyone on this path! We are not one of those helpless races who want something and do nothing for it! We get what we want from our enemies with great power!

THE GROUP OF PEOPLES

yes master !!!

HERMANN
Sieg!

THE GROUP OF PEOPLES
Heil!

HERMANN
Sieg!

THE GROUP OF PEOPLES
Heil!

HANUSSEN
Now get ready, we'll attack our
first target right now !

After receiving Hanussen's order, the community runs out of the hall, screaming war. Hanussen remains in front of the throne, standing upright with his wand in his hand.

INT.VIRGINIA CIA WAREHOSUE - NIGHT - 3:30 AM

The window of the guardhouse is hit.

Knock ! knock !

GUARD #1
Hi John, me and Herry will be busy
for a while.You know where you can
find us !

GUARD #2 (LEANS ON HIS FRIEND'S
SHOULDER)
If you want you can join the party
John !

The two soldiers walk away, holding each other's arms.

GUARD #3
Fucking homos! Damn it, get the
hell out of here!

the guard puts his feet on the table. He puts his hands together on his belly. At that moment a cleanly dressed blond man appears in front of the guardhouse. Just then, a neatly dressed blond man appears in front of the guardhouse.

BLOND MAN
Excuse me, excuse me, can you help
me? My wife and I are lost. Can you
help?

GUARD #3
Okay, okay, I'm coming right now.
(MORE)

GUARD #3 (CONT'D)
 (The bodyguard,
 approaching the blond
 man, speaks.)

GUARD #3
 Sir, you have fallen far from the
 main road. I will now give you
 directions.

When the guard gets close enough, the blonde man takes a gun
 from his waist and speaks.

BLOND MAN
 What if we are not lost?

GUARD #3
 What?

He is shot down at the same time and falls to the ground.
 Other members of the group emerge from the darkness. Someone
 puts on the bodyguard's jacket and goes to the guardhouse.
 Hanussen walked ahead quickly and entered the large
 warehouses. They stop in front of the morgue. Hanussen
 speaks in an emotional voice.

HANUSSEN
 My old friend! I came. It's been a
 long time and we are together
 again! (He calls out to his men)
 Open it Now!

With a big bang, the morgue door opens. Hanussen enters the
 morgue and quietly examines the room, closing his eyes and
 opening his hands. He opens his eyes and comes to the front
 of locker 19 VIP-1945. They open the closet and pull it
 slowly. Hanussen looks and talks at the deformed corpse in
 the closet

HANUSSEN
 Hail to you great commander, I
 greet you, supreme leader!

At the same time, all of Hanussen's men put their left knees
 on the ground and bow their heads and stand in silence. When
 the short silence is over,

HANUSSEN
 Hurry! We are going!

The two men put the body in a body bag. Hanussen leaves the
 warehouses by walking in the front. Before leaving the area,
 their men show two caught soldiers to Hanussen

HANUSSEN'S TEAM MEMBER
sir, what shall we do with these?

Hanusssen looks intently at the two soldiers with a slight smile.

HANUSSEN
These two worms will come with us.
They will Help us soon!

The small group boarded helicopters. The Last Man, Hanussen, looks one last time at the warehouse before boarding the helicopter.

INT.VIRGINIA CIA WAREHOSUE - DAY - 9:30 AM

CIA warehouses are full of soldiers, people gathering evidence. They try to collect fingerprints and all kinds of evidence. A soldier approaches his commander.

SOLDIER
Sir, agents are coming from the CIA headquarters and they'll be on the helipad in 5 minutes.

CAPTAIN MATT
Okay thank you. Let's see who they sent?

EXT./INT. VIRGINIA CIA WAREHOSUE - HELIPAD - DAY

CIA helicopter lands on the runway. The two agents come out of the helicopter and shake hands with Captain Matt.

AGENT CAREN
Captain Matt, right? I'm Caren.
This is agent David.

CAPTAIN MATT
Yes, ma'am. I'm Captain Matt. Nice to to meet you.

AGENT CAREN
Nice to meet you too. please can you show me Where are all things happen? crime scene?

CAPTAIN MATT
Of course, please follow me.

The group of three quickly walked into the CIA depots. Dozens of experts try to collect evidence. The small group moves through the warehouse looking at the works done.

CAPTAIN MATT

No such thing has happened since these warehouses were established. For this reason, security was at a low level. There was only one security officer and two soldiers at the time of the incident.

AGENT CAREN

So where are they? Is there someone we can talk to?

CAPTAIN MATT

Security officer over there, I don't think he'll be of much help to you.

When Agent Caren and agent David look at the point captain Matt's pointed out, they see the security officer's body put in a body bag.

AGENT CAREN

If there were a few UFO's obsessed freaks why would they kill the security guards ? So where are the other two soldiers?

CAPTAIN MATT

This is what is interesting. We searched all the warehouses. There are no soldiers.

AGENT DAVID

No? Did they run away? Did they do that?

CAPTAIN MATT

No. We checked their military record. They have no problems. Those team who came and attacked here abducted them from here.

AGENT CAREN

Did they take it with them?

CAPTAIN MATT

Yes. It looks clear in the video recordings.

AGENT DAVID

What are they going to do with two American soldiers? I thought they stole UFO parts or other things from these repositories.

CAPTAIN MATT

There are no UFO parts in here.
That kind of kinds of stuff is in
research centres.

AGENT CAREN

Can you tell me, captain? What did
they get from the warehouse?

CAPTAIN MATT

The fire started after the
explosion in the warehouses. The
material count is still in
progress. At the end of this
census, we will send you a detailed
report.

AGENT CAREN

Let's put the paperwork aside. They
will be completed soon. Captain, I
want to hear your opinion. What did
these people come to steal from
you?

CAPTAIN MATT

Okay. If you are asking my personal
opinion. Of course, this is not an
official.

AGENT CAREN

Yes. Never mind the official
report. Tell me your opinion.

CAPTAIN MATT

I think these arrivals were a very
well organized group. They did not
take anything from the warehouses.
They may have burned down
warehouses to save time. They just
blew the door of the morgue.
Whatever they wanted was behind
this door.

AGENT DAVID

So why is the morgue so important?
What is there?

Captain Matt replies by reading the text on a piece of paper
in his hand.

CAPTAIN MATT

The important thing is that 19 VIP-
1945. That's all they wanted in the
morgue.

AGENT CAREN
19 VIP-1945? What's that?

Captain Matt replies with a smile.

CAPTAIN MATT
Don't you know? I thought you will tell me that. We do not have any records of what is protected in this morgue. I have been told that they only have their files on private access at the CIA headquarters.

AGENT DAVID
I don't want to disappoint you, but we don't know that right now.

AGENT CAREN
Of course, we don't know right now. But at the headquarters, we will get the necessary information and details.

CAPTAIN MATT
Of course, I do not think you will give me that information.

AGENT CAREN
As you can guess...

CAPTAIN MATT
Okay. Take your time, check around. There are issues I need to deal with. Anything you need, you can want from me.

AGENT CAREN
Captain, thank you very much for the information you provided. Video recordings...

CAPTAIN MATT
You will receive video recordings in today.

AGENT DAVID
Thank you.

CAPTAIN MATT
Thank you.

Captain Matt mingles with the soldiers and crews working inside the warehouse and walks away.

AGENT DAVID

Caren, what kind of business did we get into? A group of freaks are attacking warehouses where nobody knows their location.

AGENT CAREN

I think the captain was right. They just entered the morgue. But at the same time, they could take hundreds of things in from warehouses. What they really wanted was in the morgue.

AGENT DAVID

This warehouse fire was a trick for win the time.

AGENT CAREN

Yes. They know that we have to wait for the report of the military.

AGENT DAVID

Meanwhile, they're going to lose their mark in the country.

AGENT CAREN

Yes, they will win a lot of time. But I think we will soon find the first evidence to give us an idea. My idea is that, this killer gang will not remain in the country.

AGENT DAVID

First evidence? What will they be? Are you saying they will go out of the country?

AGENT CAREN

You can't do something like this and stay in here. They know we will surely find them. They'll be out of the country until we realize what happened.

AGENT DAVID

Well, you said the first evidence. What did you mean?

AGENT CAREN

You know, those two soldiers they abducted ...

AGENT DAVID

Yes!?!

AGENT CAREN

I don't think they need them. It is that they will drop it off somewhere soon. We will need two body bags.

AGENT DAVID

Oh my god! We are in real trouble!

AGENT CAREN

This job will keep us busy. I think you'd better inform your wife to know that you won't be able to come home for a while.

AGENT DAVID

Wow, Maggie's going to be mad. He's been complaining lately. It will kill me!

AGENT CAREN

You can handle this. We'd better prepare for what happens when the main president finds out about this! He's going to get very angry, that's for sure.

AGENT DAVID

Oh, what a day! Let's go back to the headquarters. I hate Mondays.

INT. CIA HEADQUARTERS - DAY

Agent Caren and agent David approach the department head.

PRESIDENT JOHN

You two returned quickly. Tell me now. What is happening in the warehouses?

AGENT CAREN

Sir, it is a very complex thing.

PRESIDENT JOHN

So?

AGENT CAREN

A group of ten or twelve people attacked the warehouses. A security guard died. Two soldiers are missing. Reported abductions.

(MORE)

AGENT CAREN (CONT'D)

There was a fire in the warehouses.
Counting and damage assessment
studies continue in the warehouses.

PRESIDENT JOHN

Has an official incident report
been received?

AGENT CAREN

Sir, the warehouses are huge. This
report will take some time to come.

PRESIDENT JOHN

Okay, forget the reports. So what
happened? This is not the work of a
bunch of UFO freaks ...

AGENT CAREN

Yes sir definitely. The group that
came is well organized. They took
what they wanted to take in a very
short time and left.

PRESIDENT JOHN

In those warehouses, there were
only records and documents
belonging to old transactions. What
is it that attracted these people
to warehouses?

AGENT CAREN

Sir, warehouse checks are ongoing,
but ...

PRESIDENT JOHN

Yes but...

AGENT CAREN

They blew up the morgue door in the
warehouses.

PRESIDENT JOHN

What did you say ? morgue? Is there
a morgue there?

AGENT CAREN

Yes sir. I and the officer in
charge of the area are thinking the
same thing. The reason for the
attack on the warehouses was what
they took from the morgue.

AGENT DAVID
Yes sir definitely ...

PRESIDENT JOHN
A morgue? I didn't even know there
is a morgue. How did these goddamn
freaks know? What did they get from
a god damn morgue?

AGENT CAREN
Sir, we don't know that. The
district officer gave us his code.
19 VIP-1945

PRESIDENT JOHN
What is 19 VIP-1945?

AGENT CAREN
The military also had no records of
this. We think it is one of the
Alfa files that need high
authorization.

PRESIDENT JOHN
Alfa files? What are you two
talking about? Peter, can you enter
that code? Let's see what is it?

AGENT PETER
Of course, sir.,

When Agent Peter enters the code 19 VIP-1945 on his computer
screen, the screen begins to give a red warning.

AGENT PETER
Sir. It needs your password.

PRESIDENT JOHN
My password? This job was pretty
serious. Let's see what will come
out.

President John enters his own fingerprint and password. And
the hidden file starts to open. The picture of the Hitler and
the file information of their corpse appear on the screen.

AGENT DAVID
Oh my god, do you see that?

AGENT CAREN
Unbelievable...

PRESIDENT JOHN
This is your new mission!

AGENT PETER

Sir, the file sent a warning to the white house. They will call you for an explanation of your reason for looking at this file.

PRESIDENT JOHN

Okay. This is exactly what I wanted at the beginning of the week! Wow, what nonsense is this? I didn't know this was in warehouses. Okay, you two stay here. Others leave the room now.

President John waits for other agents to leave the room.

PRESIDENT JOHN

Yeah, Caren, David this is serious. Do you see that? What the men stole is Hitler's corpse, or whatever is left of it ... Now, what they will do with it doesn't concern me. Will they sell on the black market? Or are they fulfilling the order of a crazy rich bastard? I don't care a bit. Nobody can take what they want from the CIA warehouses and disappear with two soldiers. Set up a study group now. Start with camera recordings. I want improvement now. You will report to me every three hours. Nobody will go home until this is done!

AGENT CAREN - AGENT DAVID

Right away sir.

PRESIDENT JOHN

This research will remain confidential. You will just give me information. Is that clear?

AGENT CAREN - AGENT DAVID

Yes, sir. It is understood.

PRESIDENT JOHN

Okay, I don't want to see any information leak. I want to learn who they are? Get out now and start to work. I have to explain to the keyboard knights in the white house.

AGENT CAREN - AGENT DAVID

Yes, sir.

PRESIDENT JOHN

I want to know how they found out where this body is. Even we have learned now. How did they know this?

AGENT CAREN

They may have gotten help from those hackers who broke into our system, sir. A few years ago, I remember a young boy getting all his system information.

PRESIDENT JOHN

Oh okay. Check out those hackers too. I want to know who has accessed this morgue information. If we find him, we will also reach the men who do this job.

AGENT CAREN - AGENT DAVID

Yes, sir.

Taking the phone in his hand and leaning against the table, President John calls out to the two agents leaving the room.

PRESIDENT JOHN

Hey wait a minute ... Include Connor in the workgroup. Where is he?

AGENT DAVID

Connor was suspended...

PRESIDENT JOHN

Why was he punished? Who sent it?

AGENT CAREN

You punished, sir. Suspension penalty

PRESIDENT JOHN

Okay, Anyway? Tell him his vacation is over. He has to come here right now and join the research team.

AGENT CAREN-AGENT DAVID

Yes, sir. It is understood.

When the agents leave the CIA chief's office, they look at each other in surprise and assess the situation.

AGENT DAVID

Wow, I can't believe it. A group of crazy Hitler stole the body. The press should definitely not know about this.

AGENT CAREN

Absolutely! This could be the work of our lives, David. In both a positive and a negative way. The white house will be aware of this work. All attention will be on us.

AGENT DAVID

You think so? Why did you say that?

AGENT CAREN

Well, it would be great if we could get this job done. I could get the promotion I have been waiting for a long time. You can get anything you want. And you can go on vacation with Maggie which you have wanted for a long time. In that scenario, Everyone will be happy.

AGENT DAVID

What if we can't handle it?

AGENT CAREN

If we fail, I will complete my career as a sectarian. And they will send you to watch a police station in Moldova. You see your wife a maximum of two times a year.

AGENT DAVID

Damn it. Damn it. What a goddamn job!

AGENT CAREN

There is another point.

AGENT DAVID

What is that?

AGENT CAREN

It is not ordinary criminals who do this job. I think nothing will be found in fingerprint scans or criminal records. These are really determined and well prepared small group. They must have been planning this business for years.

AGENT DAVID

Okay. We don't have a crazy bunch of crazy people in front of us. There is a well-planned and prepared group that knows what they want. So?

AGENT CAREN

Now they have got very precious things in their hand which can sell in millions of dollars in the black market. they won't give us back what we wanted right away. These are people ready to die. This job will be very bloody.

AGENT DAVID

Aaaah Damn. I hope they don't shoot me.

AGENT CAREN

I hope such a thing does not happen. It's good that Connor joined us on this mission, even if I didn't want to. He is useful as a heavy weapon.

AGENT DAVID

Do you think he will come and join the team?

AGENT CAREN

Yes of course, he will come and join the team. The man was made for this. I don't think he's busy.

INT. CHEAP HOTEL - NIGHT

In his cheap hotel room, Captain Connor is making hot sex with a beautiful young woman. Suddenly the door knocks.

Knock! Knock! Knock!

Captain Connor stops suddenly and makes a gesture to the woman to be quiet.

CAPTAIN CONNOR

Busy, I'm busy! Wait a minute. I'm coming right now.

Captain Connor immediately picks up the gun. Naked, she exits the window and enters the next apartment. The old woman watching television in the flat gets excited when she sees the naked man passing in front of her.

OLD LADY
George darling!

Captain Connor passes through the apartment and slowly opens the door to the hallway. He approaches the officer who tries to knock the door again from the side and puts his gun on his head.

CAPTAIN CONNOR
Lieutenant Robert, good to see you!
Isn't it a little late for the
visit?

LIEUTENANT ROBERT
Captain Connor, good to see you
again. You're good looking. As far
as I can see, you keep your form
well.

CAPTAIN CONNOR
Thank you. During the suspension, I
did a lot of training.

LIEUTENANT ROBERT
There is no suspension penalty for
you right now. You'd better wear
something. The president wants to
see you. There is a very important
mission. They created a research
team. and You will be in that team.

CAPTAIN CONNOR
Let me guess. Caren in the team
right?

LIEUTENANT ROBERT
Of course, She likes this kind of
bloody jobs. Always she jumps on
it, not any other.

CAPTAIN CONNOR
There is nothing the changed.
Everything same. Home sweet home.
Lieutenant, I have to say an
emotional farewell. What if I say
I'll be in your car in twenty
minutes?

LIEUTENANT ROBERT
Okay, I say thirty minutes for the
sake of the old days.

CAPTAIN CONNOR

Thank you, my friend. I'll be there.

INT. CIA HEADQUARTERS - DAY

AGENT PETER

Sir. We have completed most of the identification process. You can see.

PRESIDENT JOHN

Okay. Let's see who are doing this job? Caren, David. Come and meet with your enemies.

AGENT CAREN

Yes, sir

The small group follows Peter into a semi-dark computer room. There are pictures of many criminals on a big screen.

PRESIDENT JOHN

Okay, are these the criminals who we are looking for?

AGENT PETER

Yes sir. Identification took some time. We got help from MI5 and interpol. Those who already do this job came from Europe from the other side of the ocean.

PRESIDENT JOHN

Are they from Europe, right?

AGENT PETER

Yes. A few of them came by airway. We found entry records at various airports. Three of them came from Canada border. For large part of group, there is no entry record into the country. That is unknow.

AGENT CAREN

They used different ways to enter the country. Good job...

PRESIDENT JOHN

Yes, it is true that they are working carefully. Well, did you find any records of get out from country?

AGENT PETER

No sir. We checked all airports and train stations. There is no record. They are still here. They must be looking for a way out of the country.

AGENT DAVID

That means, we have a chance to catch them with careful study.

PRESIDENT JOHN

Yes you're right. We will do this. I want full control and monitoring at every airport, wherever these guys may go. I want information every two to three hours.

AGENT CAREN-AGENT DAVID

Of course, sir.

PRESIDENT JOHN

What about the hackers? This morgue must be someone they learned where the corpse is located. Which Hacker did they get help from?

AGENT CAREN

Sir, There is no hacker to help them. We checked every suspect.

PRESIDENT JOHN

What? They must have gotten help from someone. Otherwise, how did they know the morgue and the body?

AGENT PETER

Sir, we'll be able to find out when we catch these guys. Alpha files are not accessible from the outside. A few people, even from the White House or the CIA, are allowed to access these files.

PRESIDENT JOHN

I can not believe this. I have been in this business for many years. But I have never come across such an interesting investigation. Like the twilight zone.

AGENT DAVID

Sir. Maybe they got information from inside warehouse staff?
