

****BURIED SECRETS****

REESIE, DANIELLE AND LEELA, are at their friends funeral. His name was STEVEN TODDLER. He died and they are attending his funeral. Rumors have it that he either killed himself or he was murdered.

Steven was found hanging in his bedroom with a rope around his neck. Some people think he killed himself and others think he was murdered.

Reesie, Danielle, and Leela are at his funeral in tears crying. They grew up together. They've known each other since elementary school.

To see Steven gone like this makes it so hard and devastating to them. They just don't understand who and why anyone would want to kill Steve or why he would have committed suicide.

The girls are crying heavily and they go up to the front to see Steve in his casket. After they see Steve, they all go back to their seats.

When the funeral is over they go into the dining room in the church and go eat dinner. After they are done eating, they leave the church dining room to go talk to Steve's family.

Reesie, Danielle, and Leela tells their family and friends they are so sorry and hurt by Steve's death.

After they are done talking to the friends and family at the funeral, they go to this little room at the church and they begin a conversation.

REESIE

I can't believe our friend is gone. (In tears crying) How could he leave us. We all grew up together.

LEELA

I can't believe he is gone. He was like a brother to us. He was always there for us.

DANIELLE

I loved him like a brother. He was our closest friend. How could this happen?

They continue to talk and all of a sudden, Leela starts talking about what she believes what happened to Steve.

LEELA

I believe Steve was murdered.

REESIE

That's insane!!!

DANIELLE

Yeah really, who would want to kill Steve.

Leela starts explaining to them why she thinks Steve was murdered.

LEELA

Remember when Steve was dating that girl Kelsie last year? Well, remember he told us he broke up with her. He claims the relationship wasn't working.

LEELA

He told me personally that he thought Kelsie was crazy and insane. He told me she was controlling.

LEELA

One reason why he wasn't hanging with us for a while because Kelsie was jealous. She did not like the fact that Steve had female friends and that we grew up together.

LEELA

Steve claimed that Kelsie was threatening to kill him if he didn't stop hanging with us.

DANIELLE

Are you serious? That heffa said that shit? Man she better be glad we didn't find out about that until now. If I would've have known she said that , I would have whooped her ass!!!

REESIE

Oh, cut it out, we are too grown for that, this ain't high school.

REESIE

Man, Kelsie looked like she could not harm a fly, I doubt if she really said that.

LEELA

No, he told me personally. The reason why he never told you guys about Kelsie is because he know how you guys would react. See what Danielle said, that's why he did not tell you guys about Kelsie.

LEELA

He claimed that she was always trying to start arguments with him and always wanted him to be around her at all times.

LEELA

Steve finally got enough of her mess and he finally broke up with her.

LEELA

Steve claimed that after he broke up with her she started texting and calling him and threatening him. She would send him text messages.

LEELA

She would text him stating that she would kill him if she saw him out.

DANIELLE

Look, if Kelsie is that crazy as Steve said she is, why did she not come for us? Come on now. She would have tried to kill us.

REESIE

Yea, where is the so called restraining order? Man come on. She is not that stupid to the point where she would try to kill him over a breakup.

LEELA

Steve showed me text messages of what Kelsie said.

REESIE

She might have sent those text messages to Steve but does not mean that she literally killed him.

DANIELLE

I never told you guys this but Kelsie has moved on girl. I saw her the other day while I was out at the store. She was getting out of her car and she was kissing this fine ass dude.

DANIELLE

She has moved on. She did not attend the funeral. I guess she probably figured if she attended the funeral that would make her look bad or possibly a suspect.

LEELA

The police will catch up to her soon. Trust me. Those text messages that she sent to Steve was very graphic.

LEELA

She said that she would split his throat and kill us with a sledge hammer.

REESIE

People say things but does not mean they are actually going to do it.

DANIELLE

Yeah people say things all the time.

LEELA

Well, if you want to believe that Kelsie did not kill him , that's okay with me, but me, I'm sticking with my story. I think Kelsie killed him. Trust me the police will get a hold to Steve's cell phone and he will find those text messages.

DANIELLE

I hardly believe she would do a thing like that. She may have been controlling but a killer nope.

LEELA

I never mentioned to you guys this, but I also overheard Steve and Kelsie arguing one night. I heard her saying things like why are you going out with your female friends.

LEELA

I heard her say why are you always hanging with them. She said that she was his girlfriend and not them.

REESIE

You may have overheard them arguing but that does not mean that Kelsie killed Steve.

The girls continue to argue about Kelsie killing Steve for about another five minutes. After that ,they are done disputing the Kelsie killed Steve argument.

Danielle tells the girls that she has to go to the bathroom and she will be back. After she is done using the restroom ,she goes back and starts talking to them about Steve.

When Danielle gets back she starts talking about how Steve wasn't a saint. She begins a conversation.

DANIELLE

Steve wasn't a saint always okay. You forgot about the fact that he had a habit of playing women. We would get on his ass about that playa playa stuff but he would not listen.

DANIELLE

Sometimes you play games too much and it can come back to haunt you.

DANIELLE

I don't believe that Kelsie killed Steve but it could be a possibility that maybe one of those ho's killed Steve.

DANIELLE

I never liked none of the women he dated. I always felt they were just using Steve and wanted him to buy them things or take them out to eat.

REESIE

I agree with Danielle, I never liked none of the women Steve dated either. I felt that They were using him.

LEELA

Steve had to find out the hard way about those women he dated because he was shallow and all he wanted was a trophy wife looking women.

DANIELLE

They were all ambiguous looking.

Danielle keeps talking about the women Steve dated and the conversation keeps getting more boring as she speaks.

After Danielle stops talking , Reesie and Leela tell Danielle that they are done talking about Steve's women and let's figure out what really happened to Steve.

Danielle goes back into the dining room area again of the church and finally gets her something to eat again. There is chicken, cornbread, collard greens, mash potatoes ,etc. In the dining room. The food looks delicious and Danielle prepares her a plate to eat. She prepares her a plate and then she goes sits down to eat. She starts talking to Steve's parents and telling them she is sorry about their son.

Reesie and Leela are still in the room talking about Steve. While Danielle is gone they start talking about Danielle behind her back. They continue their conversation.

REESIE

I am so tired of Danielle running off at the mouth about Steve's ex's.

LEELA

Man, those heffa's did not care about Steve because if they did they would have showed up to his funeral.

LEELA

Look , his death is more than just about some heffa's. This is serious and we must find out what really happened to him. I am not buying the suicide either.

REESIE

He would have never done a thing like that. That is the last thing Steve would have done.

LEELA

(In tears crying) we got to find out what happened to Steve.

REESIE

I don't even know why Danielle even showed up at the funeral. You know she always liked Steve but was never bold enough to tell him.

LEELA

Don't tell Danielle , but I read her diary years ago. We had to been about 28 at the time and I read in her diary that she wanted to make love to Steve and could not get the heart to do it.

LEELA

She wanted to be with Steve so bad but when Steve kept going with those other women, she felt she could not stand a chance with him.

LEELA

She kept stating in her diary how she wanted to make love to him in detail if you know what I mean. She kept on stating that she wanted to marry him and have his baby.

REESIE

I never told you this but I read her diary too, I saw in her diary that she told Kelsie that if she did not stay away from Steve she would kill her. Kelsie left Steve alone and that is one reason why Kelsie never came back.

LEELA

Are you serious, why would she say something like that?

REESIE

I swear she wrote that shit in her diary. I was like what. She wanted Steve so badly to the point to even go as far as killing Kelsie to get with him.

LEELA

Danielle was just talking to scare Kelsie. She would not do a thing like that.

Danielle comes back from eating her dinner and joins Reesie and Leela.

The all begin a conversation.

DANIELLE

I had to get me something to eat again, the food was good.

DANIELLE

I hope this is the last funeral I'll attend.

LEELA

Remember Steve's former stepdad? I remember when his mom got remarried and divorced. Steve could not stand him.

REESIE

What does his former step dad have anything to do with Steve's death. Him and his mom were not even married less than five years. Are you saying that his Step dad Jimmy had something to do with his death?

LEELA

I never told you this, but I saw Steve and Jimmy arguing one day.

LEELA

Leela told me that Jimmy came over to see his mom . This was years ago and he got mad at Jimmy because he was over there.

LEELA

Jimmy hated Steve. He thought Steve was a sorry ass son who couldn't do shit and Jimmy wanted Steve out of the house.

LEELA

Steve told me that Jimmy was the one that was sorry.He barely worked and he was mooching off his mom and when his mom woke up to Jimmy being a leech, his mom divorced him.

REESIE

Girl, Steve told me the same shit. I doubt if Jimmy did kill Steve.

DANIELLE

I am having a hard time buying the fact Steve committed suicide.

DANIELLE

He had so much to live for.

LEELA

People kill themselves. You never know what is going on the inside.

REESIE

Yes, you never know. Some of the most happiest people on the outside are the most unhappy people on the inside.

REESIE

Remember Rashawn Greenly, remember she tried to kill herself years ago. She was class valedictorian of our high school and she tried to kill herself. I am glad she changed her mind.

DANIELLE

Rashawn has nothing to do with Steve, Steve does not do anything like this and like I said before, I don't think he killed himself, I personally think he was murdered.

DANIELLE

I also heard rumors about Mark his so called friend could have killed him.

REESIE

Mark is here at the funeral, why would he want to kill Steve, now Danielle you are really bugging out!!!

DANIELLE

Mark ain't no saint and besides , Steve told me that he had borrowed 500 dollars from Mark and never paid him back.

DANIELLE

I overheard Mark and Steve having an argument about his money.

LEELA

Steve told me all about that argument. He had an argument with Mark and Steve eventually paid Mark back his 500 dollars.

REESIE

Mark did not kill Steve. But what made Steve ask Mark for that amount of money.

LEELA

Steve asked me for a thousand dollars, I cussed his ass out. I never told you guys about that.

DANIELLE

Girl, no you didn't.

LEELA

Girl I sure did. Do I look like the bank? Asking me for that amount of money. He needed a down payment on a car. He finally got the money from his mom.

LEELA

He wanted to get that Mustang GT. Remember when he got that car in the late 90's. He was just showing off that car and drag racing smdh

REESIE

Tell me about it. I got sick of him and that Mustang

DANIELLE

Remember the time we went for a ride in his Mustang and the police pulled us over thinking he stole that car and we were his accomplices SMDH.

LEELA

I remember, that was so embarrassing. They think we all steal SMDH.

REESIE

Unfortunately, he sold that car three years later after he got it. He could not afford to make the payments.

DANIELLE

That's what he get. He always showing off to people about what he got liked someone gave a damn.

LEELA

All I know is that Steve is gone and he won't be coming back. I miss him (Leela starts crying).

REESIE

Remember the time Steve's mom whooped his ass because he had a girl in his house when his mom got off from work?

LEELA

I remember that, he was only 12 years old when that happened. He told us his mom tore his behind up.

DANIELLE

I remember I let Steve have sex with his side chick in my apartment. The next thing you know his girlfriend at the time showed up to my apartment asking me if Steve was there. I told her no.

DANIELLE

Girl I had to lie to her to let her know Steve was gone and he was in my bedroom all that time.

REESIE

You are scandalous ? How could you do some stuff like that?

DANIELLE

That was non of my business. I was not about to get involved with that.

LEELA

Yeah, you never get involved with anything. Just like the time me and Reesie fought Brenda

back in elementary school and you did not jump in. Brenda was big too and we was swinging on that ass.

DANIELLE

You guys kept on picking on her because she was big so you got what you guys deserved. And you guys could barely fight her because she had both of you guys on the ground lol.

LEELA

Forget you, that's why when you got caught stealing in Target when you were 21, me and Reesie did not have your back. You were being a clepto bitch and you wanted to steal the makeup.

DANIELLE

Oh, ok, I see now how you guys really are(they all start laughing).

Danielle, Reesie and Leela keep reminiscing about old times until Mark at the funeral comes talk to them.

They have about a 20 minute conversation about Steve. After Mark is done talking the them, he leaves.

The girls go back to talking about Steve again.

DANIELLE

I am so glad Steve never got married and had kids, they would have been so hurt.

LEELA

Tell me about it, This would have scorned them for the rest of their lives.

DANIELLE

(Crying hard) Steve would've never gotten married in the first place.

DANIELLE

That's not his style. I remember when he would always tell us that he never wanted to get married because he thought that today's woman are too gold-digging and kids cost too much and they are just too bad nowadays.

REESIE

He couldn't handle a real woman anyway. Please Steve get married? never, he would be cheating on his wife and she would be filing for a divorce.

REESIE

Come on now. He was too much of a playa to be with one woman.

DANIELLE

Remember the time Steve went to his homie Randall's wedding? Man he was talking so much smack talking about how Randall is making a mistake and Wendy (the woman that Randall married) would ruin his life.

REESIE

I remember that. Steve was so mad at Randall. I kept telling him to be quiet and enjoy the wedding.

LEELA

Yeah girl, I wanted to hurt Steve. He always talking that women will ruin your life BS.

DANIELLE

Man, I hated it when he would talk that mess for real. He was jealous of Randall anyway because Randall got a woman that loved him and the only thing Steve was getting was sex from those thotty ass chicks.

LEELA

For real, I really couldn't stand half of the women he dated anyway. They were just using Steve anyway.

RESSIE

Remember when he was messing with that one chick Melissa? Man she was using him and he would always cook for her and she would have her ass at his house eating all the food.

LEELA

I never told ya'll this but I remember Melissa very well. I saw her at the movies with another dude. I saw them kissing and all that. I never mentioned it because it was none of my business and Steve needed to find out the hard way about her because he called her on the phone one day and another guy answered her cell phone.

LEELA

Steve told me about it and he said that he said that this is Melissa's boyfriend. He told him not to call her anymore. So Steve stopped calling her.

DANIELLE

Yeah, I remember when Leela told me about that. Melissa was a sneaky heffa. I knew she was, but I never wanted to mention it because I did not want to start any mess.

REESIE

Mess, girl please, you did not mention it because when you found out and saw that Melissa was light skinned and pretty with green eyes and long straight hair you were so pissed off.

DANIELLE

Well, Steve has a tendency to be color struck. That would get on my nerves. I always knew that the reason why he never had a crush on us is because we didn't have that look he wanted.

LEELA

Please , I never wanted Steve's big headed ass anyway.

REESIE

Me either, He was like a brother to me and he is just too damned short for me, I love tall men.

DANIELLE

You always liking some tall man thinking that myth about tall men with big feet and big hands.

REESIE

No, I like tall men because I prefer them.

DANIELLE

So do I, I can't stand a short ass man, they irk my nerves and they are just too irritating. They are too insecure and they have that Napoleon complex and I don't have time for that at all.

LEELA

What do you know about Napoleon complex?

DANIELLE

Why you asking me that Leela? I know what a Napoleon complex is okay.

DANIELLE

Just because you like those short ass men don't mean I like them.

DANIELLE

Leela, you like any man that walks and got two legs.

Leela, Danielle, and Reesie keeps on talking about short men for about five minutes. They continue to talk about that for about five more minutes than a tall man about 6'2 walks into the room where they're in and begins asking them questions about Steve.

The man's name is TYLER and he is Steve's uncle. He knew the girls and always liked them and thought they were the best friends Steve had because he did not particularly care for his other friends especially his male friends.

They all have a discussion about Steve.

TYLER

I am so glad to see you guys. I have always like you guys. I always said you are his true friends.

TYLER

I did not particularly care for his other friends to tell you the truth. I thought his friends especially his male friends were full of shit. His male friends were the worst.

TYLER

They were jealous of him and I could see it all voer their faces.

DANIELLE

His male friends were jealous of us too because there were times they would call him up to ask Steve to hang out with them and he would tell them that he would be with us.

TYLER

Those male friends of his had the nerve to show up to the funeral. I wanted to just cuss them out.

TYLER

Steve's friend Mike, man he is a character, he has tried to steal Steve's women. The bro's before the ho's I always say and I would catch Mike kissing on Steve's girlfriends and would not say anything.

REESIE

Mike is a character, he was one of the ones that was jealous of us and couldn't half stand us because we were like sisters to Steve and he know he couldn't compete with us.

LEELA

One of those women that Mike kissed was a girl named Kamika. I remember seeing Mike kiss Kamika and never telling Steve about it.

LEELA

I knew that Mike was sneaky anyway. He never would look me dead in my eyes because he knew better. I got a confession to make. I threatened Mike and Kamika. I sent an unknown text to them stating that I was Kamika's boyfriend and I was going to kick both of their asses.

LEELA

I sent one to Mike telling him I will whoop his ass and I sent one to Kamika telling her I will get my female cousins to whoop her ass too.

REESIE

You did that?!! Why you never told us that.

LEELA

I Figured you would say something about it so I figured nope I will keep it to myself.

DANIELLE

You are really full of it Leela.

LEELA

No, Mike was full of it. I had to teach him a lesson about messing with Steve's women. I am not one for snitching, but I decided to take matters in my own hands.

DANIELLE

I don't blame Leela because one time Mike asked me if I could perform oral sex on him since I got these big suckable lips.

TYLER

Are you serious?

DANIELLE

I am dead serious!!!!!!

Tyler ends his conversation with the girls and leaves the funeral and goes back home.

The girls decide to stay at the funeral reminiscing about Steve.

REESIE

How do you really feel about Steve's friends. I felt the only reason why Tyler said what he said is because I felt that he always wanted to sleep with us.

LEELA

You just now figuring that out? Tyler always wanted to do a three some with us.

DANIELLE

Would you stop this mess. Tyler is like a father figure to us and I don't appreciate this coming from you guys.

LEELA

You got to read between the lines Danielle, Tyler is really nasty. He has always had that sexual deviant look on his face when it came to us.

REESIE

I remember one time I went to go see Steve and I had to bend over to tie my shoe and I caught Tyler in the corner of my eye looking at my butt.

LEELA

I also never thought I mentioned this, but Tyler got one of Steve's girlfriends pregnant. Steve told me that Tyler got a girl name Niya pregnant. Steve told me that Tyler told him that he made her get an abortion. Steve said that he confessed to him about Niya.

LEELA

Steve said he got real mad at him and cussed him out but eventually forgave him for doing what he did.

DANIELLE

He did that shit? Man it is too many secrets being unfolded. This is supposed to be a funeral not a house of confessions.

DANIELLE

I am starting to wonder if you guys are my friends.

REESIE

We are your friends, but that is life. We don't know everything about everybody. There is a time that secrets unfold and things are revealed that we're not known.

REESIE

Understand something Danielle, no one is trying to hide anything from you. People just don't tell everything.

DANIELLE

Well, I tell my part and you guys seem as though I shouldn't know anything.

DANIELLE

It seems as if you guys knew Steve better than me. You guys know a lot about him. Why did you guys keep these secrets from me?

REESIE

Because we know how you are? You are way too judgmental. We tell you something and you got something negative to say about someone.

LEELA

Yeah Danielle, you are just too negative and you always want to think the worst of everybody.

REESIE

Yeah, Danielle you never see the good in anyone period especially when it comes Steve's friends or women he dated. Also you run your mouth too much and call up our other friends and

blab to them about secrets we've told you not to repeat but you do it anyway.

DANIELLE

Oh, that's the reason why you keep secrets from me!!! You think I can't keep my mouth shut. We are supposed to be friends and you want to keep secrets from me.

DANIELLE

Well, guess what, I never told you guys this but since Steve is gone I feel the need to tell you that when Steve went to his friends party named Chris and we wanted to go to the movies with him that night.

DANIELLE

Well, Steve claimed he was sick that night and did not go out with us. Steve told me the next day he went to the party because he wanted to hang out with Chris because he was having a party and that Steve told Chris not to invite Reesie and you Leela because you want drink up all the alcohol and eat up all the food.

LEELA

WTF, oh no Steve didn't

DANIELLE

Oh yes, Steve did say that

Reesie, Danielle, and Leela continue to talk about Steve and the party. Reesie can't help but wonder if Danielle and Leela think that Steve was murdered. Reesie starts thinking in her head Steve could have possibly been murdered. She continues to have a conversation about Steve with both of them.

REESIE

I can't help but wonder if Steve was murdered.

DANIELLE

Look, Reesie, no one knows if Steve killed himself or was murdered. This is a funeral ok. May it be that we are reminiscing about the good and bad times we had with Steve but talking about him being murdered is not the time.

LEELA

Yeah, Reesie, talking about Steve being murdered is not the time for that. Besides why would anyone really want to murder Steve? Yes, he did some stupid stuff and yes we have mentioned earlier about Steve being murdered, but let's cut that out and just talk good memories about him please.

REESIE

Did you guys also know that Steve almost overdosed on cocaine?

LEELA

WTF, now look Reesie you are going too far. Steve never did any drugs like that. Maybe smoke some weed or anything like cocaine hell naw.

DANIELLE

Again, all these secrets coming out and no one ever wants to tell me about anything. How did Steve almost overdosed on cocaine Reesie?

REESIE

One day I was at Steve's house and we were doing cocaine.

LEELA

WTF, Are you crazy, why would you guys be doing some risky shit like that?

DANIELLE

Yeah really, you guys on that Hollywood shit. Where did you guys get the money to buy some cocaine anyway?

Reesie has a really sarcastic look on her face because Danielle ask her that question. She starts smacking her lips.

REESIE

That is besides the point on where We got the cocaine. Me and Steve were doing cocaine getting high one day.

REESIE

While we were getting high, all of a sudden Steve start having what I call a mild heart attack.

REESIE

I started panicking and say Steve are you all right. Then the next thing you know, he stopped having the mild heart attack. After that we stopped doing the cocaine and Steve flushed the cocaine down the toilet.

DANIELLE

Why on earth would you guys be doing some shit like that?

LEELA

Really, both of you guys could have died. You know how many people who have died simply from doing cocaine and other drugs?

REESIE

We realized that. After that episode Steve had, we swore up and down that we were threw with drugs.

Leela and Danielle start lecturing Reesie about doing drugs and how they have lost Steve and don't want to lose Reesie to any drugs or anything dangerous period.

Danielle, Leela and Reesie finally leave the funeral and they meet up at Reesie's house. They start crying again about Steve's death and then shortly after that they stopped crying.

Reesie wanted to meet up at her house because she felt that after the funeral, they would lose their minds if they went home by themselves after the funeral.

*** INT. RESSIE's HOUSE***

REESIE

I am so glad that you guys are here at my house. I could not bare the fact of you guys going home to your houses. You guys would have lost your minds and now is not the time to be by ourselves.

DANIELLE

I'll de damned if I go home. There was no way I would have been in my right mind.

LEELA

Me either, I would have gone crazy.

DANIELLE

Not to change the subject, but I believe I know what happened to Steve. I believe Steve was murdered by one of his friends. He had so many haters in his life and Steve was good with the ladies.

DANIELLE

Steve did take other dudes women. I believe one of those guys at the funeral killed Steve.

REESIE

None of those guys at the funeral killed Steve. I believe Steve was murdered by his ex stepfather. They did not have a good relationship when Steve's ex stepfather was married to his mom.

LEELA

No, he didn't get murdered. I am so sorry but he was not murdered. I know what really happened to Steve.

LEELA

(Leela starts crying) I never told you this, but 20 years ago when we went to our friends Lisa's party, me and Steve was in one of her rooms getting high.

LEELA

Remember that party Lisa had 20 years ago (Danielle and Reesie say yes they remember the party). Well, that party was off the chain and got very wild. Well, me and Steve at the time was in one of her rooms getting high smoking weed and doing pop mollies.

LEELA

Steve was so high that he wanted to have sex with me. I told Steve (even though Leela was high too) that I did not want to have sex with him.

LEELA

I told him no. He kept on asking me to have sex with me. I kept telling him no and then all of a sudden he got on top of me. Steve raped me that night. I never told you guys about it.

DANIELLE

What, why did you not tell us.

REESIE

Yeah, Leela how come you did not tell us?

LEELA

If I would have told you guys, you would have not believed me and you would have called me a liar.

DANIELLE

I would have believed you. Steve never told us he did that to you, that was awful, he better be glad we were not in the room. I would have whooped his ass!!!!

REESIE

Me, too, I would have given him hands too. How dare he rape you Leela.

LEELA

Steve was so high, he did not know what he was doing.

LEELA

I believe Steve woke up the next day and didn't know what happened after the party that night.

LEELA

I believe Steve started to remember what happened. When he did, he realized he did something wrong to me.

LEELA

I believe Steve realized that he was high and raped me and he was like OMG what did I do.

LEELA

The day he died. I went to his house. I was the one that found Steve hung up on the ceiling fan in his room.

LEELA

I cried when I saw him dead like that. Then, I went to his computer. There was a note on the computer stating that he was going to kill himself because he felt guilty about raping me.

LEELA

He knew what he did was wrong, he was holding all this guilt to the point he could not take it anymore.

LEELA

Since he never confronted me about what he did and I never went to the police about it, he just felt so bad. Unfortunately his guilt finally took over him and he killed himself.

Danielle and Reesie start crying again in disbelief that Steve could do something like rape Leela and take his own life. They stop having a conversation. It is dead silence.

Leela and Danielle end up leaving Reesie's house.

Leela never mentioned that she wiped the fingerprints off the computer and deleted the note he wrote in the computer to Leela about him committing suicide.

After Danielle and Leela leave, Leela is all by herself outside of Reesie's house has a smirk and starts laughing wickedly about Steve's death. Leela said

LEELA

I told you Steve that karma would come back to you.

Leela has a flashback about Steve's suicide. It turns out in the flashback the Leela really killed Steve because of raping her 20 years ago. Leela was in Steve's house that day and she poisoned his drink. When Steve took a drink of the poison, it started taking effect on him and he died. Leela found a ladder in his house ,took Steve's body (Leela didn't know where she got the strength from to do it but she did). She climbed the ladder with Steve's body and had a rope

and she took the rope and hung Steve's body on the ceiling fan in his room.

It's also revealed in the flashback that Leela carefully wiped off the prints on the rope and Steve's body and she had gloves on when she poisoned Steve's drink. His mom was not home at the time so Leela went to his house . She snuck in when Steve wasn't looking.
