"My family[looks at photo smiles] did this war really happen,? REALLY?

Do we need possessions more not families ??? i dont think so...

In the future we will be asked questions,,and i will tell everybody YES..it was real.

SUDDENLY ITS ALL OVER..so so suddenly...

And suddenly i will have memories flash back, awful memories..i will never forget,and i wont let you forget what happened either., tell every body its real.IT WAS REAL..

. weither loved ones are dead or alive.....we will see them soon.

This is not the end its a new begining and so is death
