Mark's football coach walks in.

COACH LITTLE

Mark!!!!

MARK GLORIES

Hey coach.

COACH LITTLE

Listen son!!! If you just studied in class I wouldn't have to do this to you. And you could have been my starting Quarterback next year. And you could found a lot of ways to get out of New Jersey.

MARK GLORIES

I can still play on your team. And I can improve my studies.

COACH LITTLE

I have herd that before. Your off my team. I just wanted to say that to you.

Coach Little leaves the classroom and Mark sits down.

out of that hell hole.

MARK GLORIES

VINCE HALLEN

Oh come on dude. There is a lot of
fun things that we can do.
Especially with this red haired
guy over here.

DEXTER

I have no comment.

MARK GLORIES

Look it was nice and all but I
just want to go home and I don't
want someone from detention
bothering me.

DEXTER

Well if you don't want to wait for
my parents to pick you up. We can
fly in my circle spaceship that I
have.

MARK GLORIES

Look I wish I could...But...wait
what now?...

DEXTER

Well I just was just saying that I
have a spaceship that I have
hidden around the back of the
school if you guys want to ride in
it.

VINCE HALLEN

sounds like a great idea my man.

MARK GLORIES

Okay fine, I will come.

Mark, Dexter, and Vince start walking to the back of the
high school.

They start going through the bushes and through the tree
branches.

And they finally find the ship and they are really amazed.

VINCE HALLEN

rocking my man. How in the hell
did you build this thing?

DEXTER

Well it's a long story but there
is a lot of stories about myself
that I do have to tell. But we
will get to that later.

MARK GLORIES

Well it helps me avoid my parents.
Then count me in.

The boys start going inside the ship.

CUT TO:

The boys are inside the ship and Mark goes to the 2nd floor

stuff, you have your own TV and
video games. Dude you are a pimp
my man.

DEXTER
You guys really need to see my
lab.

Dexter starts turning on the engine and the ship starts
taking off and it starts blasting into the sky.

CUT TO:

Dexter's circule ship starts flying in the sky around the
New Jersey skyline.

VINCE HALLEN
Wow I can really see my house from
up here. This rocks man.

DEXTER
Thanks buddy.

MARK GLORIES
So is this always the way you get
to school?

DEXTER
Well for the most part...Yes But I
am able to srink the ship really
small and then put it inside of my
special watch that I built.

VINCE HALLEN
Man I have no idea how the hell
that works. But that is really
cool.

Mark keeps on looking at the New Jersey's skyline.

Mark does a little sigh and dexter starts walking over to
him.

DEXTER
Why the long face?

MARK GLORIES
I don't know. I am just really mad
at myself for everything. And I
also feel like I really don't have
a future.

DEXTER

What are you talking about. Your a tall guy, Your very muscular, you have blonde hair, In some ways you look a lot like my dad.

MARK GLORIES

Well that's very nice that you say that man. But it takes more then passions to get out of this wasted place.

DEXTER

You I once felt the way you felt back when I was living on Townsville. I had no friends, nobody wanted to be friends with me. Intel I meet my friends Blossom, Buttercup, and Bubbles.

MARK GLORIES

Oh wow that's really cool. Do you still see them?

DEXTER

Well sadly I do not. After what happened in Townsville, my family and I moved because of what happen there. Do you know the story of Samurai Jack?

MARK GLORIES

I don't actually.

DEXTER

Well the story of Samurai Jack really began in the 1960's. And he use to be college student from New York City. And he went on a college trip with his friends and they got exposed to chemical X in Japan and then he was saved by the emperor and his army. And then what happened was that Samurai Jack had to go after an evil monster by the name of Aku and fight him in New York City along with his girlfriend name Ashi. But what happen after he killed Aku. A lot of other monsters Aku created were creating using chemical X and Samurai Jack was able to kill Aku. But not his other monsters or other demons that Aku created.

MARK GLORIES

What ever happen to Samurai Jack and Ashi?

DEXTER

Well what happen was that Ashi and him were teleported, His warrior and samurai powers started declining and getting weak. And same for Ashi as well. And so sadly they lost their powers. But what they did is that they used the resources that they have in order to create 3 new super heroes name the Powerpuff girls.

MARK GLORIES

Wow that is really crazy. Do you ever think Samurai Jack will ever come back?

DEXTER

I believe he will. But it will take some time.

Dexter presses a button and the spaceship starts going down really fast and the ship lands on the ground and Vince gets out of the ship.

VINCE HALLEN

Dude thanks for the ride great spaceship.

DEXTER'S COMPUTER
Sadly there has been no news on where she might.

DEXTER
Oh god. I have to find her soon. Otherwise I'm going to get into a lot of trouble.

Dexter starts freelancing with a lot of chemicals and starts creating chemicals and testing them on rats.

DEXTER (CONT'D)
No result quite yet. But hopefully my work is improving though.

Dexter keeps on freelancing around his lab and he starts working on other robots and other inventions in his lab.

DEXTER (CONT'D)
Man I'm getting tired. I better want to get some sleep.

Dexter starts walking to his elevator and it takes him to his room and Dexter takes off his clothes and he goes to sleep in his underwear.

CUT TO:

EXT. OUTSIDE THE HIGH SCHOOL - MORNING

Dexter is walking into the school and he starts looking at his cell phone and looking for new messages.

RANDOM TEENAGER
Hey that's my girl!!!!

The boy gets really scarred and more his friends show up and they shove him against the wall.

RANDOM TEENAGER 2
What did I tell you about coming here?!...

RANDOM TEENAGER 2 (CONT'D)
Come on Speak up!!!

The boy does not say a word. and the teenager punches him in the stomach and pushes him to the ground.

RANDOM TEENAGER 2 (CONT'D)
That's right stay down you piece of shit!!!! just to remind you. You have no friends little man.

The boys laugh at him and walk away.

The boy slowly gets up. Dexter sees him and walks to him.

DEXTER
It's okay let me help you.

Dexter starts helping Kirk get up on his feet.

DEXTER (CONT'D)
Anything broken or anything like that?

Kirk nods his head and does the no signal.

DEXTER (CONT'D)
Oh okay good. Well I'm sorry those people beat up on you. If you want to know a secret, they didn't like me too much either when I got here. Why were you around this part of the school anyway?

Kirk freezes and does not say anything.

DEXTER (CONT'D)
Is there a way you can write what you might be feeling or thinking?

Kirk nods yes and he starts writing his messages on a text.

Kirk writes "There was a very beautiful girl that was over there and I wanted to say hi to her"

DEXTER (CONT'D)
Oh okay. I see. I too also have a friend that's a girl as well. What's your name?

Kirk starts writing down his name in the text.

DEXTER

This my laboratory. I do a lot of my work here.

Kirk and Dexter keep on walking through the lab and Kirk sees a lot of inventions and chemicals in the lab.

DEXTER (CONT'D)

Just make sure you don't touch anything Kirk.

Kirk sends Dexter a text message and Dexter receives the question and the question says "Dexter, do you ever get scarred when you create things in your lab? Does anybody from school know about this?"

DEXTER (CONT'D)

That's a really good question Kirk. And nobody from school knows about this lab. With acceptance of maybe Mark and Vince possibly because of my spaceship.

Kirk and Dexter keep walking and they go into the elevator.

The elevator starts going down and it goes down to another level of Dexter's lab. And they walk around the chemical bottles and containers.

Kirk starts writing down his next words to say and they are "What are all these chemicals for?"

DEXTER (CONT'D)

That's a really good question Kirk. And I don't know. I think one of the reasons I created them was for maybe creating superheroes of mine just like Professor Utonium.

CUT TO:

Dexter and Kirk start watching TV and also playing video games in the lab. Kirk ends up beating Dexter in one of the games.

DEXTER (CONT'D)

Oh no. Wow you really good at this game. Yeah you have to come by a lot more. You are very fun to have around.

Kirk starts writing down another text message and he says "Thanks"

DEXTER (CONT'D)

Your welcome Kirk.

Kirk writes down another text message for Dexter and says "Do you think you will be able to fine a cure for me?"

DEXTER (CONT'D)

Well I would love to do that for you Kirk. But I kind of have to do a lot of tests on the chemical and make sure it's safe and after they are all done, they I will test it on you. And I have to warn you, It's going to be really painful.

Kirk writes down more words in the text messages and says "I'm willing to take a risk"

DEXTER (CONT'D)

Oh okay Kirk.

MANDARK (CONT'D)

Do you know what this is?...

Mark does a no sign with his head in a very scarred fashion.

MANDARK (CONT'D)

VINCE HALLEN
Well at least there is nobody here that is going to want to hurt us.

Vince and Mark start hearing a lot of people coming out of the trash piles.

MARK GLORIES

And then what happen was that they saw me and then beat me up in the suit shop and then threw me off the building...

DEXTER

Oh my god that's awful Mark...I'm so sorry. Yeah I know who he is. He is this crazy ego head that wants to be a lot like me but all he wants to be selfish, and use his science knowledge for his own personal agenda. He is really evil.

VINCE HALLEN

Oh my god that is really awful my man. So what do we do?

DEXTER

Mark and Vince start drinking the chemicals.

VINCE HALLEN

some flavor for the medicine. And
it's from real grapes and lemons
as well.

VINCE HALLEN
Oh okay.

MARK GLORIES
So Dexter...Red Hair boy...Do you
think those thugs are going to
come after us?

DEXTER
I don't think so Mark. And if they
do, I will take the heat. Plus

JACK KRUNKSON

What do you mean by troubles?

PRINCIPAL JOHNSON

Well Jack. Kirk has really been struggling with his grades even for being in special ed class all day with no classes. Also his social development has not really risen for as long as Kirk has been in the district. I'm sorry but I believe your son might have to go to a different school.

MCKENZIE KRUNKSON

DEXTER

I am really sorry that I ended up using the chemical X, they just were in trouble.

JACK UTONIUM

I'm not mad at you Dexter. But I just want to say that creating superheroes is a really huge responsibility. And you also have to guide them just like how I guide Blossom, Bubbles, and Buttercup. So what kind of new things are working in your new "lab"?

DEXTER

Well so far I can't really name all of them but I have worked on many different stuff including maybe some machines and right now I'm just making some chemical experiments as well.

JACK UTONIUM

I see. So have you tried looking for your new friends?

DEXTER

I did try to look for them, they destroyed the houses that they lived in and they can be anywhere in New Jersey or even in New York City.

JACK UTONIUM

Well I know I can't use my Samurai Powers to turn into Samurai Jack but I will keep an eye out for them.

DEXTER

By the way, How in the hell did you get here?

JACK UTONIUM

I built a fighter circule just like you have.

of my second name...

DEXTER

Mark and Vince went do you?

KRUNK

I don't know who are you talking about...But...I did see another boy with no clothing on, he had blonde hair, he had muscles, and he had eyes like a hawk and eyes like a american eagle. And then I saw another boy with blonde hair go to New York City and he went into this black clothing store and got black pants and black jacket and those little metal thingies around his hands.

DEXTER

Do you know where they were headed?

KRUNK

....I think they went left...and then they went up...

DEXTER

Up...Left...Wait hold on a second...North....West...They headed Northwest towards Pennsylvania then?

KRUNK

Dexter starts thinking in his head more and more.

DEXTER

JACK UTONIUM

Kid please I use to be a Samurai and use to use a sword.

DEXTER

of you guys back to New Jersey
before anything bad happens to us.

VINCE HALLEN

Bro that dosen't sound like fun.
Dude I don't want to go back to
New Jersey and go to that lame
high school. Hell, I had like no
friends there and what the flying

done for me?

KRUNK

special classroom and I got picked
on a lot. Also in hell would I
surive in tiny high school?

DEXTER

Don't you mean special ed?

KRUNK

What ever....

Mark hears all the talking and is quickly annoyed.

take you guys back before the FBI
or CIA start looking for us.

MARK GLORIES

Dude fuck that school!!!!!! I just want to be a superhero and live in New York city and then get a lot of chicks.

DEXTER

Mark that's not a good idea. Plus nobody hires people without graduating from high school. Every stat I read knows it. Dude you would end up being homeless.

MARK GLORIES

Well it's beter then going to that stupied school and knowing your not going to a big university. Also no effense Dexter but nobody in this room is as smart as you. Also how are you going to save Dee Dee?

DEXTER

Oh okay your right not everybody is as smart as me. But Mark you need to have an education. I can help you be smart and have better work habits.

MARK GLORIES

Well it's a little bit too late for that Dexter...

DEXTER

Dude what about your parents. Don't you think your parents are worried about you?

MARK GLORIES

I'm not going back to them and that's final Dexter.

Mark gets flustered and leaves the kitchen angry.

Dexter feels defeated.

KRUNK

Is eagle man angry?

DEXTER

Yes Kirk Eagle man is very angry...And also not smart.

VINCE HALLEN

Dude it's fine, all he needs is a mentor to teach him about principals and work habits and all that grown up stuff.

KRUNK

DEXTER

Thank you Elena.

ELENA HONDEYDEW

So what are your parents like?

DEXTER

They are fine I guess. Just pretend to be my girlfriend and that way they won't suspect anything.

ELENA HONDEYDEW

Oh that's easy I can do that.

ELENA HONDEYDEW (CONT'D)

I also really think you are very cute and handsome.

Dexter and Elena start walking to the kitchen. and Dexter's mom and dad sees them.

Hello Dexter. It's good to finally meet you face to face...

Dexter has a very shocked look on his face.

DEXTER'S MOM

Dexter don't be shy. I'm sure you boys have a lot to talk about.

MANDARK

Oh of course we do. Also again, I'm so sorry about your presouis little Dee Dee. I hope nothing bad has happen to her. And it's awful that someone would kidnap a beautiful and stunning 16 year old girl.

CUT TO:

The five people sitting down and having coffee and Dexter is shocked out of his mind.

DEXTER'S MOM

So Elena, How did you meet my son?

ELENA HONDEYDEW

Well it's a very funny story, I was waiting for a train to go back to New York City. And Dexter was at the train station and I didn't know New Jersey very well and so Dexter showed me what train to take and then of course Dexter asked me for my number and then I found out I had to stay in New Jersey for 3 more days. And we went out for dinner. And we have been in love ever since.

DEXTER'S MOM

Well that is a very wonderful story. Dexter you never told me you had a girl in your life right now.

DEXTER

Well mom It's just that I'm so busy with school and everything and my lab stuff that you know social media is just crazy espcailly if you just do hash tags on instagram and Twitter. You just never know who finds you nowadays.

DEXTER'S DAD

So Elena where do you go to school?

ELENA HONDEYDEW

Oh I go to high school in upstate New York and I'm planning on going to college in New York City and I am studying to be a CIA or FBI agent.

DEXTER'S DAD

Oh that's fantastic my dear.

MANDARK

Oh yeah that is very wonderful Elena. So why Dexter?

ELENA HONDEYDEW

Well it's because Dexter not only is very smart and intelligent but he is very handsome, and very sexy and he has really nice hair and is also nice and really compassionate.

MANDARK

I see. I that's a bold move on your part to date someone who probably is not going to move out intel they are 40 or 50. Especailly with no driver's license or car.

ELENA HONDEYDEW

Well with all do respect there is a lot of smart people that don't drive and Dexter can still be very succesful.

DEXTER'S MOM

Well I need to take a shower...I just don't feel very smoth. I will leave you kids alone.

DEXTER'S DAD

Yeah I hope all of you have fun.

Dexter's mom and dad leave the room.

MANDARK

Well I think it was very easy for me to get into your house. And also trick your parents that I am a role model for you. And I know with your science skills won't be enough to stop me.

DEXTER
Where is my sister?!...

MANDARK
Oh I have her Dexter but only if you give me parts of your lab and then I will give you 5 million dollars. Which I believe is enough for a smart person like yourself to move out.

ELENA HONDEYDEW
You really won't get away with this!!!

MANDARK
Really?!...Says who?...

ELENA HONDEYDEW
The police!!!!

MANDARK

to the ground. Mandark gets out a magnet gun and knocks out
Krunk with a magnet object.

Monkey jumps in the air and throws many different punches
and attacks at Mandark. Mandark grabs Monkey by the neck
and Monkey starts making sounds and Monkey starts turning
back into Dexter a little bit and grunting.

MANDARK
Poor Dexter. I have right where I
want you. You really did try to be
a good brother and save your
sister. But this time, the
powerpuff girls are not here to
save you. And I will win by
killing you and Dee Dee Will be
mine!!!!

MAJOR GLORY
You have it all wrong
Shit-Face!!!!

Mandark turns back and see Major Glory, Elena and Val

Mandark uses his magic to turn back into Quackor and starts
shooting lasers at Major Glory, Major Glory uses his hand

to protect himself and Major Glory punches the lasers back at Quackor and causes a really huge explosion.

Dexter gets free and turns back into Monkey and kicks Quackor in the face and throws 7 punches at him in the face.

Monkey does the final blow to Quackor and Quackor ends up getting eletrcuted and burned up really bad and Quackor starts screaming in pain.

Quackor turns back into Mandark and he is really weak and burned up. And he is breathing very heavily.

Krunk all of a sudden, stomps on Mandark's legs and Mandark grunts in pain.

Monkey walks up to Mandark in face full of rage.

MONKEY

This is for kidnapping my
sister!!!!...

Monkey all of a sudden punches Mandark in the face and knocks him out and blood starts coming out of Mandark's mouth.

MONKEY (CONT'D)

Good riddens.

MAJOR GLORY

Dexter I was able to find Dexter
in Central park. Sadly though,
Mandark might have turned her into
a squirrel.

MONKEY

It's okay we will just go back to
the ship and I will see what I can
do.

Monkey and the justice friends are able to escape from the empire state building.

CUT TO:

Dexter's ship starts taking off and they leave New York city.

INT. INSIDE DEXTER'S SHIP - NIGHT

Dexter puts Dee Dee on a medical bed. And Dexter takes off his blue monkey mask.

VAL HALLEN

Dexter do think your sister is going to be better?

DEXTER

I don't know Vince. I'm going to do everything to get my sister better again. And I'm sorry that I brought her into this.

MAJOR GLORY

It's okay man. We all were. The only question that I have is where are we going to go now?

DEXTER

Well I know I can't take you guys back to New Jersey. But I can maybe build you guys an apartment building in the city. And I can come to you guys as Monkey if I need to work with you guys again. I will have to call professor Untonium for help...

KRUNK

Do I come with them as well Dexter...

DEXTER

Yes Kirk. You do.

MAJOR GLORY

Will you be okay back in New Jersey?

DEXTER

Yeah I'm sure I will.

CUT TO:

The ship keeps on flying back to New Jersey.

CUT TO:

EXT. DEXTER'S HOUSE - AFTERNOON

CUT TO:

Dexter is inside of his lab and he is working around the clock trying to come up with a chemical to turn Dee Dee back into a human.

Dexter is also on the computer and looking up different chemical DNA's to use.

Dexter finds other sources on the web.

CUT TO:

Dexter starts creating the chemicals from scratch and he starts heating up the chemical up.

DEXTER

Oh my god I really hope this works.

Dexter is able to mix up the chemicals and is able to create some medicine.

Dexter takes the bottle and he walks over to hospital bed that he created for Dee Dee.

Dexter sets the bottle on the bed and Dee Dee wakes up and she starts drinking the bottle.

DEXTER (CONT'D)

Dee Dee I'm sorry for everything.

Dexter leaves Dee Dee and he walks over the TV and Dexter starts watching the news.

As Dexter is watching the news, he hears about Mandark getting arrested and about how Krik, Mark, and Vince are still messing.

Dexter sits down on his hair chair feeling depressed.

As Dexter is sitting down, Dexter hears footsteps.

JACK UTONIUM

Hello Dexter...

Dexter gets up from his chair

JACK UTONIUM (CONT'D)

Don't feel bad son. All scintists make mistakes. I'm sure your sister is going to be alright.

DEXTER

But I feel awful though professor,
I put my own sister in danger, My
new friends are possibly hunted by
the government...

JACK UTONIUM

It's okay. I was also hunted by
the government as well espcailly
by the mayor of Townsville when I
was Samurai Jack. It will pass.
I'm sure they will be fine.

DEXTER

Where is Blossom, Bubbles, and
Buttercup??...Are they safe...Are
they alright??...

JACK UTONIUM

They are safe. But I also believe
what you did was really brave.
Also your superhero name "Monkey"
pretty interesting name but very
true since you do have the abilitiy
to turn into a monkey.

DEXTER

Oh thanks.

JACK UTONIUM

It reminds me a little bite of
myself with my samurai Jack
idenetity. But I will find a way
to take care of your new friends.
I also was able to buy them an
apartment in New York city. And I
also found out my old apartment is
still there so I gave them my old
one and it's reonvated as well.

DEXTER

Oh good...Is there anything that I
need to do?

JACK UTONIUM

Well I don't know how much you will be able to help the new Justice Friends but if you do have time, I want you to form a secret agency group run by teenagers and it could be something that can work for fighting anything that is pure evil especially like a terrorist or an evil organization that maybe my girls, you, the justice friends maybe can't take down with brutal force. But maybe they can.

DEXTER

What should this group be named?

JACK UTONIUM

I don't know...But we will form it in Detroit, Michigan.

DEXTER

Can I ask why there?

JACK UTONIUM

Because there is a lot of crime there and a lot of bad things happening there and it's a state and place that needed to be fixed. And they have an evil group kids called "The Children From Down the Lane" that are able to control the city of Detroit. And they are able to use federal government power against people with powers. This makes things hard for my girls, You and the new Justice Friends. So that's why we must form this new secret agent group.

JACK UTONIUM (CONT'D)

I see up a flight for you to take a plane to Detroit and start recruiting. And Don't worry I will help you.

Professor Utonium leaves Dexter's lab and the door shuts down.

CUT TO:

Dexter walks by Dee Dee's bed and she is not there.

DEXTER
Dee Dee?!...

Dexter starts looking around and he dosen't see anything.

DEE DEE
Dexter?...

Dexter turns his head and he sees Dee Dee.

DEXTER
Dee Dee!!!!

Dexter runs up to Dee Dee and he gives Dee Dee a huge hug.

DEXTER (CONT'D)
Dee Dee, Thank god you are
alright!!!! I was so worried about
you...

DEXTER (CONT'D)
Dee Dee, I just wanted to say I am
so sorry for everything. If you
need anything at all I'm always
here.

DEE DEE
It's okay Dexter. I understand.
This must be your lab...

DEXTER
It is...But you just can't tell
mom and dad about this lab
otherwise bad things can happen to
them and other things like that.

DEE DEE
Oh okay Dexter.

DEXTER
Yeah. But I'm sure you want to get
your room and all that stuff.

DEE DEE
I just have one question though
Dexter, Who was the girl that
ended up saving me?

DEXTER
Oh that, it was my new friend name
Mark and he use to go to our
school. He lives in New York city
now.

DEXTER (CONT'D)
Can I see him!!!!...

DEXTER (CONT'D)
You know...sure Dee Dee I can
maybe find a way to arrogane that
I believe.

Dee Dee starts walking out of Dexter's Lab.

DEE DEE
Also how many days of school did I
miss?

DEXTER
You sadly missed a lot of days.
But we will talk about that later
just go upstairs.

DEE DEE
Oh okay.

Dexter finally is very releved that Dee Dee is back to
being a human again and he goes back to working on a new
lab project of some sort.

Dexter's cell phone begins to ring and it's Mark on caller

DEE DEE

MARK GLORIES
Oh thank you princess.

Dee Dee all of a sudden kisses Mark on the lips and they kiss behind the statue of liberty.

CUT TO:

Dexter is checking up on both of them through security camera through his lab.

DEXTER
Sounds like everything is going really well.

Dexter turns off his computer and he starts playing video games in his lab.
