alone Ashley, we may need to
transform.

Jack takes off his professor clothes and a lot magic starts
transforming him into Samurai Jack.

Ashley takes off all of her clothes and she starts turning into Ashi.

Jack and Ashi keep on walking around the destroyed building.

ASHI
So far I don't see a thing.

As Jack and Ashi keep on walking, a lot of people with red eyes start falling them.

SAMURAI JACK (CONT'D)

America is greatest country ever
and America has done a lot of good
in the world compared to all the
other nations in the world. And
globalism will destroy the whole
world. And Socialism and communism
and tyranny don't work. We are a
republic and we are not a
democracy and pure democracy is
evil!!!!!!!!!!

believe in my cause as well, you
have nothing!!!!!!!!!!

SAMURAI JACK

I have stopped Aku and I stopped
the Vietnam War from destroying
America, and I will stop you!!!!!!

MOJO JO JO

I heavily doubt that samurai
because unlike Aku who was just a
french diplomat who had communist
and socialist intensions, I on the
other hand, was able to take
everything Aku put in me and take
it to other levels. And also with
all the money I got from Aku, I
was able to brain wash a lot of
people on college campuses as well
and having them think America is
terrible.

SAMURAI JACK

So you ended up brain-washing Ed's
sister and the people that hated
the Ed boys and destroying them
and destroying their buisness with
your antifa mobs and then sending
Him to destroy the Kids Next
Door's tree house in Detroit and
hurting other people that don't
agree with you as well?

MOJO JO JO

Jack gets really angry and kicks Mojo in the face and punches him in the stomach.

And more Antifa thugs with weapons in their hands show up.

Are you girls alright?

BLOSSOM
Yeah we are okay. I'm just glad you guys came.

MISS BELLUM
How did you guys find us?

JACK UTONIUM
We don't really know. We just looked around. And really we are not suppose to be here,

MISS BELLUM
What's going to happen to Townsville?

JACK UTONIUM
I don't know but we will go somewhere that's safe.

CARL CHRYNISZZWICS
Do you think Johnny is alright Jack?

JACK UTONIUM
I'm sure he is. If anything he is in a safe place.

MISS BELLUM
Do you think the girls are going to be alright in this place were going?

Ashley keeps on driving.

CUT TO:

INT. THE BUNKER - NIGHT

George is in the other room and he listens to the conversation that Jack has with the powerpuff girls and also talking with the justice friends as well.

George sits down at a table, Elroy and Judy come into the room.

ELROY JETSON
Are you alright dad?

GEORGE JETSON
Oh yeah I'm fine Elroy, just having something to drink before I go to bed.

JUDY JETSON
Oh okay. Well it's great that the powerpuff girls are here. But what do you think is going to happen to us?

GEORGE JETSON
Well I don't believe anything bad will happen to you kids, mom and I prepared you kids very well. Especially when we were in the future. Like shooting a future gun and learning to how future gadgets as well.

JUDY JETSON
Oh yeah you helped me get into school as well. And other things as well dad.

GEORGE JETSON
Oh yes Judy. But I have had my time in the sun now all I can do is pass on my wisdom to you kids.

CUT TO:

Judy is one of the TV rooms and Elroy walks into the room with them and watches TV and things on the news.

As they are watching TV, the powerpuff girls show up.

Elroy gets scared and gets out his gun.

BUBBLES

Woah, it's okay green boy, you are safe here. I wonder if there is anything good that is on tonight.

ELROY JETSON

I'm sure nothing on, the whole country is in crazy mode.

BUTTERCUP

It's not that scary, we have seen a lot worse. What's your name by the way.

ELROY JETSON

Elroy...

BLOSSOM

And do you have any powers Elroy?

ELROY JETSON

No, I just only know how to use gadgets and guns whenever there is danger. And we didn't ask to be here.

JUDY JETSON

Who are you girls, we know a little bite about you guys, but is it true all the things you guys did in Townsville.

BUBBLES

It depends on what your talking about, we have powers, and we fight bad guys and try to help people.

JUDY JETSON

Well that's cool, we have just been running most of our lives moving from city to city and keeping or information secret. And we are not like normal young people. I don't think you guys would understand.

BUTTERCUP

No I think we do, we are not so normal either, we were chemically made by the professor a lot of years ago and we only age slowly.

ELROY JETSON

We don't even age at all. Because in the future, there are is medicine that prevents you from aging.

JUDY JETSON

But does that make you guys scarred how you guys dad is Samurai Jack and all the stuff he has done over his life?

BLOSSOM

What the hell are you talking about?

JUDY JETSON

I'm saying that our dad had to go after your father because of all the things he did in the 1960's. Especially with chemical X. And also what he did before you guys were born.

BUTTERCUP

Our dad is not a criminal, he was mis-understood by society. Don't you kids ever think for yourself and do you guys have to believe everything your dad says?

ELROY JETSON

For the most part, Because we always trust him and he always knows what to do and he has an IQ 9,000,000 and I know Judy and I are just always afraid of life without our parents.

BUBBLES

Look that's very understandable and we would be sad to if something happen to the professor, but we don't always believe everything he says, don't you guys ever ask your dad questions about anything.

ELROY JETSON

Not really...We just don't really know the real world problems like he does. And are always afraid of running into evil people and people that hate us.

JUDY JETSON

And he's told us stories how scary Samurai Jack is.

BUTTERCUP

Oh okay, that does not make any freaking sense, didn't you get rescued by him recently in Detroit?

JUDY JETSON

Well yes but we don't know if he is nice like that all the time.

BLOSSOM

Look I think you guys are very paranoid and really over think things and believe things without doing critical thinking. And sometimes forget things as well. And I'm pretty sure your dad fear-mongered you guys into thinking the professor is dangerous which is not true.

ELROY JETSON

But what about all the newspapers written about him and JFK sent a lot of people after him.

BUTTERCUP

Not to bust your bubble but you do realize that our 35th president had a lot of social flaws right and he was a war manic as well.

ELROY JETSON

We never actually knew that, our dad always told us great stories about him and he fired missiles at Vietnam when the Vietnam war happened in New York City and protected the US from bad guys.

BUTTERCUP

Oh okay that's a little true, but he also made awful deals with US mayors and telling them to arrest any person that is different such as having powers or looking different from the rest of other people and arrest them and look them away in prison.

JUDY JETSON

But we were different looking people and nothing bad happen to us.

BLOSSOM

Well that's because you guys were hidden away from mainstream society, and I'm sure you dad did this by design and also not only didn't you guys experience the real world but you guys since you guys were living in a giant floating house in the sky you guys didn't have to face the actual consequences on those actions by any of those people like our dad had to do.

ELROY JETSON

Oh.....

BUBBLES

Makes you reconsider some your thoughts about your father and mother doesn't it?

JUDY JETSON

I'm so sorry you guys, we just had no idea.

BUTTERCUP

It's okay, just learn to ask questions and don't always believe everything people say to you.

ELROY JETSON

So your dad, Samurai Jack is not a bad guy?

BLOSSOM

No. But all of us had no control over what happen back then, we can control what is happening right now.

BLOSSOM (CONT'D)

How about we do something fun, how about we eat some ice cream and watch a movie and have a lot of cookies and sweets or so.

JUDY JETSON

Oh okay.

The girls and Elroy and Judy start getting a lot of ice cream and cookies and eating a lot of junk food and playing video games and are having fun with them.

Jack gets really angry and he punches George in the face. And takes out his samurai sword and points it at George's neck

SAMURAI JACK

(angry voice)

SO IT WAS YOU THAT WAS BEHIND THE SWAT TEAM STUFF IN TOWNSVILLE AND YOU THE REASON WHY I GOT ARRESTED THAT DAY IN 80'S AFTER MY WIFE AND I GOT SUCKED IN THROUGH THE BLACK HOLE!!!!!!!!!!!!!! AND YOU WERE THE ONE THAT BEHIND ALL MY SUFFERING AND PAIN I HAD TO GO THROUGH!!!!!!!!!!!!!!

GEORGE JETSON

That's because I had something to do with why he and his daughters had to go into hiding in Townsville and why he got arrested in the 80's to begin with.

Judy runs up to George.

JUDY JETSON

Oh dad....

George hugs Judy really hard.

CUT TO:

Major Glory is sitting with Dexter.

MAJOR GLORY
Man who would of thought we would
be here in Canada.

DEXTER
Yeah I agree Mark.

MAJOR GLORY
Have you told Jack that your in
love with Blossom?

DEXTER
No not really, it would ruin crap
and also for what he did to
George. I don't want suffer that
fate.

Krunk and Val sit down.

KRUNK
But why are you scarred of samurai
man?.....

DEXTER
Because Samurai man Kirk can
actually physically destroy me,
even with my monkey powers.

KRUNK

But then Krunk help smash Samurai man with big purple feet.

DEXTER

Yeah they wouldn't really work too well buddy...

VAL HALLEN

Don't listen to Krunk, that's a bad idea, what you just have to do is when all this fighting is gone, you then tell the man you love his daughter and then take steps with him.

MAJOR GLORY

Yeah that sounds like a good idea.

KRUNK

But my idea better..

MAJOR GLORY

Sadly it's not because then Jack would sting you with his sword and then you would turn back into being little and weak.

KRUNK

But Krunk don't want to be punny and weak and little.

MAJOR GLORY

Exactly.

CUT TO:

The Ed boys and Johnny are inside their ship eating hot dogs.

Fred Jones Sr. comes and sits down with them.

EDDY

So what's your story?

YOUNG FRED JONES SR.

Nothing really. Before all the fighting I use to work as a car repair person in Portland, Oregon.

EDD (DOUBLE D)

So you work with cars then.

YOUNG FRED JONES SR.

Yeah but then once everything broke out, I was drafted into this war and I had to fight a lot of these anti- america people. And I also worked into the navy and army in gun building and other automotive related things such as tanks and jets as well.

JOHNNY BRAVO

That's sounds really interesting man. Does that mean when things went bad in Townsville you were part of the fighting as well?

YOUNG FRED JONES SR.

Yeah, my wife and my boy and I were in a safe place I believe in Texas I believe cause that state is guarded very well compared to other ones.

JOHNNY BRAVO

You have to love good old Texas. My mom lives there and she loves living down there. It's like the 80's and early 60's down there. Some of the crazy people down there still think JFK and Reagan are still president.

YOUNG FRED JONES SR.

I bet.

CARL CHRYNISZZWICS

So your first battle was long before Townsville got attacked I assume?

YOUNG FRED JONES SR.

Yeah it started in the west coast and then moved towards the east as well.

EDDY

God I'm not surprised, the politics there are just crazy and allowed these anti america people to spring up to begin with.

(MORE)

EDDY (CONT'D)

And also those bastards destroyed our jaw breakers businesses in Chicago and even Ed's sister was sadly part of those black clothing wearing people and their own stupidity.

YOUNG FRED JONES SR.

Yeah I am really scarred about the things that are going on right now. And I really hope we can make the world a better place.

ED

I'm sure it will man.

CARL CHRYNISZZWICS

So you lived in Portland I believe.

YOUNG FRED JONES SR.

Oh yeah, And I was happy, we had a home but everything there has just really turned very badly.

EDDY

Yeah we really understand man.

MISS BELLUM

So when all this fighting is over?

YOUNG FRED JONES SR.

I don't know. Maybe go back home to Portland with my wife and son. And just be spend time with him and help him grow up to be a nice young man. And I don't know what he would want to do when he reaches my age but hopefully he does not become a brain-washed American like all the antifa people have.

EDD (DOUBLE D)

Yeah I hear you man.

YOUNG FRED JONES SR.

And I know you people are not good at military and army stuff. But I will help you guys a lot.

CUT TO:

INT. INSIDE OF THE KIDS NEXT DOOR SHIP - NIGHT

The Powerpuff girls are looking at the window and they see the snow falling down.

Nigel and Hoagie come into the scene.

BLOSSOM

So where you guys scarred when Him
blew up your tree house?

NIGEL UNO (NUMBER 1)

We were Blossom, All of us were
terrified and really scarred.
Everything we built to help people
all burned to the ground like it
was nothing.

BUTTERCUP

Well our house got burned down as
well so we can relate.

KUKI SANBAN (NUMBER 3)

But it was cool fighting along
side your dad, he is really nice
and really gentle and very
fatherly as well.

BUBBLES

Yep that's the professor for you,
He has a brain like 70 year old
man with a young body.

BUTTERCUP

I really wonder how Suzy is doing?

WALLY BEATLES (NUMBER 4)

Well we tried to help her in Los
Angeles and she was going through
some hard times especially with
getting kicked out of her house by
that big bank bastard and then the
same guy tried to kill Mr. Bravo
as well.

BLOSSOM

Suzy got kicked out?!.....

ABBY LINCOLN (NUMBER 5)

Sadly she did red girl. And her
new family didn't treat very
nicely.

BLOSSOM

I don't understand, why would somebody do such as a thing to such as nice girl??...

HOAGIE GILLIAN JR. (NUMBER 2)

Sadly that's just our world today, it's messed up. But we also found out she broke a lot of school rules and there was times where she slept at the school when she was not suppose to and according to records, we also found out she would walk around the high school butt naked at night as well.

BUBBLES

But when we knew Suzy she was not that risky or crazy as a person, and she was just trying to escape from the Rowdyruff boys and Princess Morbucks and that evil family.

NIGEL UNO (NUMBER 1)

Yeah but people do change over time, personalities change, dreams change as well

BUTTERCUP

Your right about that. Where is Suzy now?

HOAGIE GILLIAN JR. (NUMBER 2)

She with the Rubble family.

BLOSSOM

The Rubble family? Who in the world are those people? And are they even safe in those environment right now with all the antifa people wanting to kill normal people.

ABBY LINCOLN (NUMBER 5)

Well the last I herd is that they had some cave man tools that they used to go underground, meaning their house is still there destroyed but they have 2nd one under the first one.

BLOSSOM

So she is safe then?

WALLY BEATLES (NUMBER 4)

Exactly.

HOAGIE GILLIAN JR. (NUMBER 2)

But...I also tried my best to comfort her in Houston when she was a party and she was crying...And she really missed her dad a lot. And then I took her to prom as well and Mr. Bravo drove us as well. And I think both Bam Bam and Pebbles treat really well but we can all agree we all worried about her.

BUBBLES

How was that party?

HOAGIE GILLIAN JR. (NUMBER 2)

It sadly was really crazy, there was a lot of drinking and arrogant and ego headed people and the members and got into a fight with them all, while Mr. Bravo and his girlfriend were with us. Along with Bam Bam and Pebbles.

NIGEL UNO (NUMBER 1)

Oh yeah that's right Dream girl was with us, well at least then Mr. Bravo didn't know she was with us.

BLOSSOM

I am just shocked, Suzy was just a nerd girl to my sisters and then all of a sudden she just went all crazy over night and went to parties and drank and then got kicked out by her new family.

KUKI SANBAN (NUMBER 3)

But she with the Rubbles though.

BLOSSOM

But we don't know how long she is going to be there, if anything something bad can happen to them and they have no way to defend themselves against those brain-less people.

NIGEL UNO (NUMBER 1)

Blossom we tried to do the best we could.

BUBBLES

Blossom it's okay.

BLOSSOM

But I have so many questions and I'm just confused about everything.

BUTTERCUP

Look Blossom, we can save people, we can try to help them as much as we could just like the Kids Next Door, but at the end of the day, people don't stay the same forever and their past will always haunt and people have different ways of dealing with it. And Suzy choice to do crazy things and got kicked out, it happens Blossom.

BLOSSOM

But we would get in a lot of trouble if we did that though Buttercup Especially if the professor found out.

BUTTERCUP

But not everybody in the world has real parents that have to be accountable to, don't worry about Suzy, she is fine, we have to worry about right now and saving the United States of America and hopefully rebuilding Townsville as well.

BUTTERCUP (CONT'D)

And Suzy and the professor would say the same thing Blossom.

Blossom is shocked and confused and she starts looking around the room and seeing the reactions to her sisters and the KND members.

NIGEL UNO (NUMBER 1)

Do you want one of us to get you any coffee or soda or anything?

BUBBLES

No she will be fine Nigel.

WALLY BEATLES (NUMBER 4)

Alright okay, she looks very shocked out of her mind though.

BUTTERCUP
She just needs some sleep.

CUT TO:

Buttercup and Bubbles throw Blossom on a bed.

BUTTERCUP (CONT'D)
I have never seen Blossom get so
worked up before.

BUBBLES
Well it could be worse.

BUTTERCUP
Yeah.

JACK UTONIUM (CONT'D)
How are you doing Dexter?

DEXTER

I'm doing professor U. Not really what my first time in Canada would be like.

JACK UTONIUM

Well if you want to know something, this kind of reminds me of when I went to Vietnam as a undercover CIA agent in the early 60's.

MAJOR GLORY

That's really cool sir. The 60's were a very interesting era.

JACK UTONIUM

Oh you have no idea kid. And then also this also reminds me of my science trip to Japan and going to rural parts of that country.

JACK UTONIUM (CONT'D)

And how I was saved by the emperor of Japan.

VAL HALLEN

Bro that's radical you were saved an emperor?

JACK UTONIUM

Oh yes Rock and roll boy.

KRUNK

Did this emperor have super powers Samurai Man?

JACK UTONIUM

Yes Kirk, he had powers, he had an army as well.

KRUNK

Does this mean that Samurai man also part of army too?

JACK UTONIUM

Sadly not Kirk.

ELENA HONEYDEW

What kind of missions did you on?

JACK UTONIUM

Ashley and I's first mission was to save a scientist that was kidnapped by the Viet-cong. And some of them were working for their communist leader and some for Aku as well.

KRUNK

Krunk have question.

JACK UTONIUM

Yes Kirk.

KRUNK

Why can't Dexter admit he love you daughter with red hair?

DEXTER

Kirk!!!!!!!!!!!!.....

KRUNK

But it is true...

JACK UTONIUM

Is that really true Dexter? You have feelings for my daughter?!.....

DEXTER

Well sir...Okay yes I do, but I was going to tell you after the war and stuff and....Please don't stab me with your samurai sword, and I have good intentions....

Jack looks at Dexter with a firm look on his face. But then slowly loses up.

JACK UTONIUM

Well I'm not surprised now that I think about it...She has always liked you a lot Dexter and you have loved her as well and she always thinks the world of you. So as her father, you have my blessing Dexter.

DEXTER

Really you mean that professor U?

JACK UTONIUM

Sure thing kid.

JACK UTONIUM (CONT'D)
Have you told your mom and dad and
your sister?

DEXTER
Not really? But very soon though.

JACK UTONIUM
Well I will help you with that.

DEXTER
Thanks jack.

JACK UTONIUM
Your welcome Dexter.

Fred goes up to the podium.

PRESS PERSON 1
Who the hell are you?!...

YOUNG FRED JONES SR.
Hey everyone, Um...My name is Fred
Jones, I was one of the commanders
during the generational war and I
was one of the people that fought
in it along with our troops and
everything. My family and I lived
in Portland and my son Fred jr.
really loves detective stuff.

(MORE)

YOUNG FRED JONES SR. (CONT'D)

And I know this city right now needs new leadership and even though I have no political experience I have decided to announce my candidacy to run for mayor of Townsville. And I don't run because of I dislike the current mayor but I just want to see if I can also bring some new change to this city. And some my experience takes me. Thank you.

CUT TO:

Fred walks off the podium and a lot of press people are asking him questions.

CUT TO:

Fred is in the first debate against the current mayor of Townsville.

DEBATE PERSON

Mr. Jones how do you plan on making Townsville better and also what is your plan on rebuilding the city.

YOUNG FRED JONES SR.

Well I think me personally, I think we need to let the private sector come in and re-build everything and we must turn Townsville into a very beautiful and gorgeous and stunning city, with a lot of great neighborhoods and I want jobs and businesses here as well and have a city that fallows the laws of the United States of America. And also be welcoming to people with powers as well.

DEBATE PERSON

Mr. Mayor any words to say to Mr. Jones.

MAYOR OF TOWNSVILLE

Yes. Now people don't trust this man, he is Trump supporter and Washington insider, and government is way to go and his experience in the recent war is why we should not elect Mr. Jones and he is also big time friends with Jack as well.

All of a sudden a lot of people in the crowd start boo-ing at him.

PERSON IN THE STANDS

Your fucking wrong, government is what created the war to begin with, Government does not work, What the hell are talking about?!...

Some of the characters are at the debate watching.

CUT TO:

The debate going on.

DEBATE PERSON

Mr. Jones?

YOUNG FRED JONES SR.

Yeah I do have something to say, the current mayor of Townsville has had way too many PC and SJW and antifa members coming out of the colleges. And also big government has ruined the city economically and socially. And I make Townsville a shinning light in this country that always is a place for fun but a city that fallows the laws and bill of rights and the declaration of independence. And we need someone that works the current president and not against him.

CUT TO:

The mayor watching TV and seeing the polls.

TV

So far in the polls, Fred Jones the former US commander during the generational War is leading in the polls and his lead is getting bigger and bigger.

tell you, the Kids Next Door, and
his sister, and maybe your other
friends.

BLOSSOM
Really what's that?

Suzy pauses for a couple of seconds and then she begins to
open her mouth.

SUZY WALLMEN
We are going to have a very
special party and I would love it
if you guys came.

BUTTERCUP
What kind of party is this?

Bam Bam and Pebbles sit down.

PEBBLES RUBBLE
It's a very special party. And
it's for both of our parents
coming home and finally seeing us
for the first in almost 9 billion
years ago. And we are throwing
them a huge welcome to the 21st
century party.

The Powerpuff girls are shocked out of their minds and
Buttercup has a face of disbelief. and Bubbles has a very
over top smile.

BUTTERCUP
That makes no sense at all,
wouldn't they be dead however in
the real world.

CUT TO:

Suzy and Bam Bam and Pebbles sitting down.

BAM BAM RUBBLE

It's not a party about celebrating the beginning of a new era but also welcoming our parents home and other fun things as well. And just like you girls, they have magical powers as well.

I think it's about time we start setting this party up and time to party like it's the cave man days again....

Both Pebbles, Bam Bam, and Suzy do a very happy and determined smile on their faces.

CUT TO:

The credits keep on rolling.

FRED FLINSTONE

Surprised to see me George?

GEORGE JETSON

What are you doing here Fred?

FRED FLINSTONE

Oh I'm glad you brought that up George. The reason is not because of you, but because we know Barney and I's kids are alive and we used our cave man magic to come back from the dead.

GEORGE JETSON

But I thought you got old back in Chicago though.

FRED FLINSTONE

Oh no, no, no, that was all set up to get away from those Ed boys and fake our own death as well. Oh by the way congrats on our war efforts.

GEORGE JETSON

Thanks.

FRED FLINSTONE

That is another reason to celebrate and both of us are getting old George and our stories to our new friends need to be told. Especially since we are going into a new era of life very soon. And I also want to meet my new adopted grand-daughter who is a human as well. And also meet her new friends as well.

GEORGE JETSON

FRED FLINSTONE

George do you really want to go back the future where there is a lot of big government and robots and all those things? Because I know when your hiding something from me, and we have known each other since 1900's and I have known since the Teddy Roosevelt administration I know you and your wife too well. Judy pauses for a little bite.

JUDY JETSON

Johnny Bravo.

CUT TO:

Fred over-hears the conversation.

FRED FLINSTONE
