RILEY OWENS
So let me get this straight. The
reason you survived the Cedar
River accident was because of the
machine?

NELSON AMADOR
That could be the reason Riley.
But I'm not sure yet.

RILEY OWENS
Have you talked to Mrs. Robinson
yet?

NELSON AMADOR
I have and she is going to run a
couple of tests on me.

MCKENNA FRANKS
Man I hope you don't have a life
threatening dease Nelson.

NELSON AMADOR
I don't McKenna but I just need
someone that knows about stuff
like this.

RILEY OWENS
Did you ever go to work with
Thomas.

NELSON AMADOR
No I didn't because he was being a
douche bag and saying I shouldn't
hangout with you or McKenna and so
I bailed on him and went around
University of Washington.

RILEY OWENS

Wow that sucks man. But I'm not surprised I know you hate living with them.

NELSON AMADOR

Yeah you got that right Riley.

CLARE ROBINSON (CONT'D)
It sounds like to me. These blood cells heatable meaning that during the accident you were infected with a gasoline machine that was using real magma from Mt. Rainer. But it looks like the thorns inside of you also started going into your body and now you are healthy because of plants that are inside you Nelson.

NELSON AMADOR
That is really crazy.

CLARE ROBINSON
There is a weakness however. The flames can start to go weak if you are around Cigarette smoke. Do your step parents know anything about this Nelson? Have you even told them?

NELSON AMADOR
I have not told them yet. But I'm just really scarred Mrs. Robinson and I really don't want anybody finding out.

Thomas walks out of the kitchen and he starts heading to his bedroom.

Thomas transforms into Rezal and he looks at a photo of Nelson as a little boy.
