

EXT. UNION CITY - DAY

A futuristic city. Flying cars zoom past the sky. The neon lights of all the tall buildings shine through the fog city. Union City is the capital and one of the many cities of a large country called the United Kingdom of Atlia.

The tallest building stands in the middle of Union City and has the title "SEBA INDUSTRIES" written on the top.

INT. SEBA INDUSTRIES LAB - DAY

DOCTOR SEBA (52) is writing on a huge flat screen vigorously. The sweat trickles down his face. The entire flat screen is filled with many scientific formulas. Doctor Seba pauses momentarily and passes his fingers across the screen revealing panel after panel.

DOCTOR SEBA
Something is missing. What am I
missing? I can't figure it out.

Doctor Seba crosses his arms. The demon BELPHEGOR whispers into Doctor Seba's ear. Doctor Seba rolls his eyes and starts to convulse. He collapses onto the ground and continues to shake.

INT. SEBA INDUSTRIES LAB - NIGHT

A cell phone RINGS. Doctor Seba opens his eyes and stands up. The cell phone reads "Son" on the screen.

DOCTOR SEBA
Hello?

A small hologram appears of KYLE (22).

KYLE
Dad? Dad, are you okay? I've been
trying to call you for the past 6
hours.

DOCTOR SEBA
I'm fine, just got caught up with
my work.

KYLE
You're still working on that
project?

DOCTOR SEBA

Yeah, yeah. Umm...there's just one piece missing.

KYLE

I'm sure you'll figure it out. All you need is some space from that dungeon.

DOCTOR SEBA

Yeah, well this "dungeon" is responsible for getting you through college.

KYLE

You don't have to tell me, Dad, how many awards have you won already?

Doctor Seba scratches his head.

DOCTOR SEBA

Ummm...

KYLE

Jesus Dad, I don't know if you're just being humble about it or don't remember.

DOCTOR SEBA

Is there particular a reason for this call?

KYLE

Just checking up on my dad. Is that so wrong? We're supposed to have a normal relationship, remember?

DOCTOR SEBA

Yeah, right. Sorry.

KYLE

Have you been taking your medication?

DOCTOR SEBA

Of course.

KYLE

Okay, well wish me luck on my first day on the job.

DOCTOR SEBA

Your first day?

KYLE
Yeah. Remember?

DOCTOR SEBA
The Special Forces, that's right.

KYLE
All that training is finally
starting to pay off. They also have
that new weapon you designed.

DOCTOR SEBA
I'm not particularly proud of it.

KYLE
Well, I can't wait to try it. One
pull of the trigger and it's over.
What's that thing running on again?

DOCTOR SEBA
Nuclear energy.

Doctor Seba looks at the touchscreen board in awe. His jaw drops slightly. It has finally dawned on him, the missing piece of the formula.

DOCTOR SEBA (CONT'D)
I'll call you back.

KYLE
Dad?

Doctor Seba abruptly hangs up the phone. He starts writing on the touchscreen board again with haste. He finally completes the formula. A smile and a nod.

DOCTOR SEBA
I've done it.

INT. SEBA INDUSTRIES EXPO - DAY

A whole crowd of people anxiously awaits inside an auditorium. Amongst the crowd, CAPTAIN HALLOWAY (54) and JULIETTE (30) stand.

CAPTAIN HALLOWAY
Well, let's see what type of
invention Doctor Seba has planned
this time.

JULIETTE
He's been working on it for years.
I wonder what could it be.

CAPTAIN HALLOWAY

Everything is a big mystery with him.

JULIETTE

It's always worth the wait. Let's not forget how much he's helped us protect Union City.

CAPTAIN HALLOWAY

You're right, the Special Forces owes him a great debt. He's designed so many weapons for us.

JULIETTE

Especially the latest one.

CAPTAIN HALLOWAY

The X-Canon. I don't know why everyone has been raving so much about it.

JULIETTE

Captain, this was the final piece that was missing all these years. Without it, the other nations would have an advantage over us.

CAPTAIN HALLOWAY

No longer. The spies will be the only thing to watch out for. It's the new toy everyone is going to want.

JULIETTE

Exactly how powerful is this thing really, Captain? I've only heard rumors.

CAPTAIN HALLOWAY

To be frank, it can level a city in seconds.

JULIETTE

All those lives will be destroyed in an instant. All because we want to eliminate one group of people that threaten us. Our way of life. But at what cost?

CAPTAIN HALLOWAY

Evil is sometimes necessary to do good Juliette.

(MORE)

CAPTAIN HALLOWAY (CONT'D)

Don't you ever forget that? I mean it. That is why peace has to be earned through War.

ANNOUNCER (O.S.)

Ladies and gentlemen. It's with great pleasure that we all welcome Doctor Seba!

The whole crowd in the auditorium APPLAUDS as Doctor Seba walks to the middle of the stage. Doctor Seba smiles and waves.

DOCTOR SEBA

Thank you all! Thank you! You could all have a seat!

The crowd continues to APPLAUD and it slowly dies down. Finally, everyone sits down.

DOCTOR SEBA (CONT'D)

As most of you know, I've been a Scientist who has been fortunate enough to work with the Special Forces of Union City. I've engineered countless inventions to defend this great nation. But now for the first time, I've built a machine strictly for the public. What is it might you ask? Let me introduce you.

Doctor Seba presses a button on a remote and an electronic device rises in the middle of the stage from the ground up.

DOCTOR SEBA (CONT'D)

Ladies and Gentlemen, I would like to introduce to you the Ghost Phone.

FLASHING LIGHTS consume the crowd as they take pictures and record videos of the Ghost Phone.

DOCTOR SEBA (CONT'D)

Imagine losing a family member or someone you deeply cared for in an instant. You never were able to say your final goodbyes. You never got to make those final arrangements. Now that's over. I've done it. I have found the answer.

CAPTAIN HALLOWAY

Well, I'll be a son of a bitch. I don't know whether to congratulate him or have him committed.

JULIETTE

Give him a chance. This could change everything.

DOCTOR SEBA

Now I know what you're thinking. It's just not possible. Well, let me give you guys a small history lesson. Years ago, the traditional way of ghost communication was through several devices. The first was the Electric Magnetic Field Detectors short for E-M-F. This device detects magnetic spikes in certain areas allowing anyone to track the location of spirits. The K2 meter was an instrument that measured electro magnetic fields. It was believed that ghostly presence can and will be associated with fluctuations in temperature and electromagnetic energy. Finally, the result is an E-V-P which stands for electronic voice phenomenon. These are voices that could be heard even through you're stand alone voice recorder. One would simply ask a ghost a question and they would hear an answer by playing it from that very same recorder. The catch? It was at a later time. But no longer.

Doctor Seba presses the button on the ghost phone as it turns on.

DOCTOR SEBA (CONT'D)

And I have a very special surprise for everyone here today.

CAPTAIN HALLOWAY

Uh-oh, here goes.

DOCTOR SEBA

The very auditorium that you are standing on right now is haunted.

The crowd GASPS.

DOCTOR SEBA (CONT'D)
 That's right. It turns out this very auditorium was ground zero to the mass fire that claimed so many souls. Everyone can look it up through their phones as we speak.

Captain Halloway looks at his phone and sees the newspaper article.

CAPTAIN HALLOWAY
 Jesus Christ, he's right. We're standing on a fucking grave site.

DOCTOR SEBA
 Now with that being said, I asked myself through years of research how I could I increase the power of a magnetic field device to make this all possible? The EMF detectors, the K2 Meters, and the stand alone voice recorders can only generate so much. So it dawned on me. A power source that mimics nuclear energy.

The crowd RUMBLES.

DOCTOR SEBA (CONT'D)
 Now, which brave soul wants to come on stage and communicate with the dead? Can I get any volunteers? It's perfectly safe so not to worry. You simply speak on a microphone linked to the device and speak. The Ghost Phone will develop a response.

A long SILENCE as the crowd looks around. Juliette raises her hand.

JULIETTE
 I'll do it!

Captain Halloway grabs her arm.

CAPTAIN HALLOWAY
 What are you doing? Can't you see that he's obviously lost his mind?

JULIETTE
 I can handle it. Don't worry.

Juliette pulls her arm away from Captain Halloway's. The crowd APPLAUDS as she walks to the top of the stage. She waves her hand and smiles.

DOCTOR SEBA

Well, well now. What do we have here? We've obviously met before but please, introduce yourself.

JULIETTE

Juliette. Second in command of the Special Forces.

Juliette salutes and Doctor Seba salutes back.

DOCTOR SEBA

Well, if I do say so myself. Thank you for your services in defending this region called Union City. Give this women a round of applause.

Everybody in the crowd APPLAUSES including Captain Halloway.

CAPTAIN HALLOWAY

Easy now. Don't do anything rash.

DOCTOR SEBA

Juliette.

JULIETTE

Yes?

DOCTOR SEBA

Do you trust me?

JULIETTE

Without a doubt.

DOCTOR SEBA

Okay. Here goes. Take the microphone and talk away.

Juliette does just that and both the microphone and the device LIGHT UP. The device makes a RUMBLING sound.

DOCTOR SEBA (CONT'D)

Ask away. If you dare.

JULIETTE

Hello? Can you hear me? Is anybody there?

A CRACKLING noise is coming from the device. The crowd goes SILENT. The voice of a GHOST CHILD (5) is heard.

GHOST CHILD (V.O.)

Hello?

Juliette SCREAMS and falls backwards and drops the microphone.

GHOST CHILD (V.O.)

Mommy. I'm scared. Where am I?

Juliette picks up the microphone as her hand shakes uncontrollably.

JULIETTE

Where? Um. Where are you? Who? Who are you?

GHOST CHILD (V.O.)

I want my mommy.

The Ghost Child starts to cry. Juliette has a look of shock on her face while she sheds a tear.

DOCTOR SEBA

Alright, that's enough of that.

Doctor Seba shuts down the device. Juliette wipes her face.

DOCTOR SEBA (CONT'D)

Alright, so what did you--

Juliette exits. Captain Halloway looks down in utter disappointment.

INT. SEBA INDUSTRIES EXPO PARKING LOT - DAY

Juliette, upset, rushes towards her car. From behind, Captain Halloway catches up to her.

CAPTAIN HALLOWAY

Juliette! Wait!

Juliette continues to walk.

CAPTAIN HALLOWAY (CONT'D)

Juliette! Stop! That's an order!

Juliette stops for a moment. She turns around while she wipes the tears from her eyes.

CAPTAIN HALLOWAY (CONT'D)

I knew going up there would be a big mistake.

Captain Halloway hands her a napkin. Juliette doesn't take it.

JULIETTE
Yeah? And why's that?

CAPTAIN HALLOWAY
I remember. That one time. You told me about your daughter.

JULIETTE
Jesus, Captain. That was years ago.

CAPTAIN HALLOWAY
Well, I've got a memory like a fox. And reading that article on that fire that killed all those people.
(beat)
I knew one of those souls could've been--

JULIETTE
Could've been what?! My daughter?! She's been dead for years now, Captain.

CAPTAIN HALLOWAY
As a mother, years are not enough.

Juliette continues to shed tears. Captain Halloway puts his hands on her shoulders. He hands her the napkin once again. She finally takes it.

CAPTAIN HALLOWAY (CONT'D)
But I know you. You're strong. You can overcome this. It's not easy and it will never get easier. But you can get through it.

JULIETTE
Thanks, Captain. I know, you're right.

Juliette takes one deep breath.

CAPTAIN HALLOWAY
You're alright. C'mon, I know you'll be alright.

JULIETTE
I embarrassed myself in front of millions of people.

CAPTAIN HALLOWAY

Oh, fuck them.

Juliette laughs.

CAPTAIN HALLOWAY (CONT'D)

Have they ever been in your shoes?

JULIETTE

We're supposed to be soldiers,
Captain. We can ill afford to look
weak.

CAPTAIN HALLOWAY

Listen to me. What you have been
through, back there. It could've
happened to anybody. I've seen
tougher guys in our army cry over
smaller shit.

JULIETTE

But what about the reputation of
the special forces? We represent
them.

CAPTAIN HALLOWAY

Wrong. You only represent you on
how you carry yourself. Don't worry
about all that other shit. It's
bullshit. At the end of the day,
our organization. The organization
you and I work for. They don't give
two shits about us. We die in
battle and tomorrow we'll be
replaced.

JULIETTE

You know just what to say to me,
Captain.

CAPTAIN HALLOWAY

Yeah, it's called knowing you for
years.

Clouds starts to move above the sky.

CAPTAIN HALLOWAY (CONT'D)

Now come on, let's get out of here
and go to the bar. I'll buy you a
drink. You drive.

JULIETTE

Okay.

Captain Halloway and Juliette open the car doors. Juliette turns around and looks up at the sky.

CAPTAIN HALLOWAY

What is it?

JULIETTE

A change is coming.

CAPTAIN HALLOWAY

What was that?

JULIETTE

Nothing.

Juliette and Captain Halloway get inside the car and the car drives off. Lightning strikes and it starts to rain.

SUPER: 10 Days Later

EXT. UNION CITY ELECTRONICS STORE - DAY

A long line of people wait impatiently for the store to open. A NEWS REPORTER (25) stands in front of the cameraman.

NEWS REPORTER

Hello. I'm standing here live where everyone is waiting to purchase the next invention by Doctor Seba. Doctor Seba, who's most famous for his weapons to aid the Special Forces has created a product for your average stand alone citizen. It's called the "Ghost Phone." A special device that allows the consumer to speak to the dead.

The doors open and everybody rushes inside the store.

NEWS REPORTER (CONT'D)

And they're off! After the public meltdown of the 2nd in command chief of the Special Forces Juliette Hartly, one could only guess the outcome of this new device.

INT. SEBA INDUSTRIES LAB - DAY

Doctor Seba looks on at the television screen while smoking a cigarette. He's watching the same News that's happening live.

INT. UNION CITY ELECTRONICS STORE - DAY

A large crowd of people clean the store shelves empty for the Ghost Phone. There are people getting into massive fist fights over the last one. Long lines of people waiting at the cashiers. One Ghost Phone gets sold after the next.

EXT. UNION CITY ELECTRONICS STORE - NIGHT

A sign gets placed on the store window that reads "Ghost Phone Sold out!"

INT. SEBA INDUSTRIES LAB - NIGHT

Doctor Seba sleeps on his office chair. The demon Belphegor whispers in Doctor Seba's ear.

BELPHEGOR (O.S.)

You did it! You did it! It was you!
It was you! It was only you!

Doctor Seba continues to sleep as he twitches.

INT. BLACK ABYSS - NIGHT

We are in Doctor Seba's mind as everything around is pitch black. He runs around as the ground is like water and continues to splash during every step he takes. He turns around for a moment and DEATH appears through the darkness.

DOCTOR SEBA

Who are you?

DEATH

Oh, I think you know. You've known for a long time.

DOCTOR SEBA

Where am I? How did I...

DEATH

That doesn't matter.

DOCTOR SEBA

You're. You're Death.

DEATH

That's right.

DOCTOR SEBA

What do you want from me?

DEATH

What do I want? It's not what I want. It's never about what I want. I'm here to tell you that Apocalypse is coming.

DOCTOR SEBA

Apocalypse?

DEATH

Yeah. As in the end of the World. Unfortunately for you, you're caught in the middle of it. You and the rest of humanity.

Doctor Seba falls down to his knees and lowers his head.

DEATH (CONT'D)

You should've not messed with the evil forces. And By the way, I know all about you selling your soul to Satan in exchange for knowledge. I mean how else can you explain all those accolades huh? Through all that studying and hard work? It could only take you so far.

DOCTOR SEBA

I was young and stupid.

Death starts walking around Doctor Seba in a circle.

DEATH

You were already brilliant. I've watched you all your life. But with all the competition in your field, you just couldn't let it go. You had to find some way to try and get ahead. Something. Anything.

DOCTOR SEBA

Look. What else was I supposed to do? My wife was pregnant with my son and I...

DEATH

And you did what you had to do. That's called survival. It's a trait that humanity has always had since the dawn of civilization. But I'm just an observer. And I guide souls in between heaven and hell.

DOCTOR SEBA
What's to become of me?

DEATH
I can't answer that. What I can say
is that you turned your back on God
and there's no turning back.
(beat)
Y'know it's what's always
frustrated me about Satan. He's
always influenced poor souls like
you to join him. But he can never
make the decision for you. I've
watched so many souls lost because
of him.

Doctor Seba lowers his head.

DEATH (CONT'D)
I came to tell you that you're
going to have to make a choice in
order to save humanity. The
sacrifice is completely up to you.

INT. SEBA INDUSTRIES LAB - NIGHT

Doctor Seba wakes up and SCREAMS in a cold sweat. He gets up
and wipes his face with a towel.

DOCTOR SEBA
Jesus Christ.

His cell phone starts to RING. The screen says "ERSON &
WARLEY ACCOUNTING INC." He presses the accept button and
LARRY (42) appears on the screen.

LARRY
Hey man. Are you awake?

DOCTOR SEBA
Yeah, I mean. I am right now. What
is it?

Doctor Seba swallows his prescription pills and drinks water.

LARRY
Well, based on the sales figures,
you're going to want to take a
seat.

DOCTOR SEBA
What were the results?

LARRY

Are you sitting? I'm not seeing you sitting down.

DOCTOR SEBA

What were the results?

LARRY

Well pop the fucking champagne! They were through the roof! You're going to need a bigger building. Sold out within the first few hours of release. These people are going ape shit for this thing.

DOCTOR SEBA

Yes well...

LARRY

Yes well, nothing. You should be proud of yourself. Now honestly at first, I was a little worried and creeped out by this. It was an entirely different direction. And do I smell another award in your mantle?

DOCTOR SEBA

Hardly. I was just looking to build something positive for once.

LARRY

Yeah, I know. You've built weapons of mass destruction that's killed a lot of people. Blah, blah, blah. But it seems like everything you build turns into gold. Listen, us here at Arson & Warley Accounting appreciate your business. And I will keep you updated on the 2nd quarter of sales. I knew you were special when I saw the antic phone with the landline in your home. Jesus, your whole house looks like a walk in museum.

DOCTOR SEBA

Yes well, sometimes I need a break from all this modern technology.

LARRY

And I totally get that. Give my congratulations to your son on finally graduating to join the Union City Special Forces.

DOCTOR SEBA

Will do.

LARRY

Toodles.

Larry hangs up.

DOCTOR SEBA

Prick.

INT. OUTSKIRTS OF UNION CITY - NIGHT

The violent wind starts to push debris everywhere. All the nearby parked cars shake and their ALARM goes off. The windows from nearby buildings burst.

An electric ripple starts to form from thin air. The electric ripple forms a Vortex. LUCIFER steps out of the Vortex as it closes right behind him.

He slowly lands on the floor into a kneeling position and then stands up. He smiles and has a visible SCAR on his face.

LUCIFER

It is time.

He levitates in the air and flies out into the midnight sky.

INT. UNION CITY BEACH - NIGHT

A large beam of white light shoots from the heavens and onto the ocean. Violent waves crash on nearby rocks. A nearby BOAT struggles to stay afloat.

The white light fades as MICHAEL floats on the water while sparkles disappear. He opens his eyes and tries to swim but struggles. The ocean starts to consume him as he sinks.

The nearby boat throws a life buoy and Michael quickly grabs on to it.

INT. BOAT - NIGHT

The boat crewmembers carry Michael onto the boat. Michael vomits ocean water and passes out.

INT. BOAT CABIN -DAY

Michael wakes up lying on a bed. MOLLY (62) sits by his side. His body his hooked up to machines measuring his vitals.

MOLLY

Good morning sunshine.

MICHAEL

Who are you? Where am I?

MOLLY

We found you floating in the water. You almost drowned. Caught a bad case of hyperthermia. My names Molly. It's nice to meet you. And you are?

MICHAEL

My name? Ummmm. Michael...

MOLLY

Michael what?

Michael rubs his head, confused laden in his eyes. He tries to get out of bed.

MOLLY (CONT'D)

That's not a good idea. You need to rest. You're body temperature is higher than normal.

MICHAEL

Are you some kind of healer? I've seen your kind before.

MOLLY

Healer? Sort of. Went to school and became a certified Nurse. However, I found a new calling. Figured I could assist a boat crew whenever they got sickly. In return, I got food, shelter, and a quenched thirst for adventure in the high seas.

MICHAEL

Sounds like an interesting life.

MOLLY

It has it's moments believe me.

Michael touches his head.

MICHAEL

Why can't I remember who I am?

MOLLY

I took the liberty of checking your brain while you were out. There's virtually no damage to your brain or your body. So what you might be experiencing could be temporary.

Molly lights up a cigarette.

MOLLY (CONT'D)

Just give it time, it will all come back to you. Eventually. In the meantime try to get some rest. I'll speak with the captain. We can get you to the Union City docks. After that your on your own.

MICHAEL

Thank you for your kindness.

MOLLY

Don't mention it. It's not every day we find some random person drowning overboard.

MICHAEL

Have you ever had a feeling of purpose? Like you were put here for a reason?

MOLLY

Of course. Jesus. Who hasn't? The difference is the person really. There are those who seek it and those who don't. Those that seek it every day is a holiday because they're happy. They're fulfilled. But the ones that don't are miserable. And they blame everyone and everything around them.

MICHAEL

Seems like something you've experienced personally.

MOLLY

I've been around enough people in the past. The Hospital is a big place to work. You see a lot and you hear a lot.

MICHAEL

You mind telling me why'd you end up leaving?

MOLLY

After 15 years got tired of it. Didn't want to be tied down anymore. I guess you could say I had a need to be free. So I began being a traveling nurse. Got to see a lot of different places. But I hungered for more adventure. So one day I met the captain of this boat and never looked back.

MICHAEL

Sounds like a noble act. We're all lost souls searching for what makes us fulfilled. What makes us truly happy.

MOLLY

Jeez, you sound like a philosophy teacher. Is that what you are?

MICHAEL

What is philosophy?

MOLLY

Y'know what? Nevermind. Don't answer that.

Molly ashes out her cigarette.

MOLLY (CONT'D)

(Smiling)

I'll see you in the morning.

Molly exits.

INT. SEBA INDUSTRIES LAB - NIGHT

Doctor Seba stares out the window and hears a KNOCK.

DOCTOR SEBA

Come in!

The KNOCK continues.

DOCTOR SEBA (CONT'D)
I said come in.

He looks over to his right and Lucifer is floating outside the window. The wings on his back flap slowly. He has a large grin on his face.

LUCIFER
Aren't you going to let me in?

Doctor Seba presses a button on his desk and the windows open while Lucifer floats and slowly lands on the ground.

LUCIFER (CONT'D)
My, my. I feel right at home.

DOCTOR SEBA
Who are you?

LUCIFER
Who am I? Oh, I think you know the answer to that. Especially when you've been talking to one of my fellow fallen angels.

DOCTOR SEBA
Belphegor.

LUCIFER
That's right. All that whispering over the years has finally come to this.
(beat)
But he didn't do it alone. Leviathan also made it possible. After all, I gotta give credit where credit is due.

DOCTOR SEBA
What do you want?

LUCIFER
I was just getting to that.

Lucifer passes his fingers on a piano.

LUCIFER (CONT'D)
But how about I play you a melody first? Look out the window would you?

Lucifer presses a few keys on the piano and begins to play Moonlight Sonata by Beethoven. A fire appears at the street level where people walk. The flames begin burning people alive.

DOCTOR SEBA
Stop it! Stop this madness!

Lucifer ignores him and continues to play the piano with more conviction and passion while the flames get bigger. Soon the buildings start getting engulfed by the fire. The people SCREAM in agony.

Doctor Seba grabs a baseball bat and swings at Lucifer but it stays perfectly still. He uses all his strength but it's no use. Finally, Lucifer finishes playing the piano and the flames disappear.

Doctor Seba still struggles to move but his body remains frozen.

LUCIFER
That was beautiful. Just utterly beautiful. How about a round of applause? Oh, that's right. You can't. I won't let you.

Lucifer walks over to the window and witnesses the carnage.

LUCIFER (CONT'D)
All those poor humans. Just look at them. Burned to a crisp.

DOCTOR SEBA
Why?

LUCIFER
Why? Because I needed to show you the side effects of coming to this World. You see, if I had my full strength I could've taken out Union City entirely. Just burned everything to the ground.

Lucifer reaches out his arm. The Souls from the people burned alive enter his body.

LUCIFER (CONT'D)
I helped you get where you are today. Remember? Your soul belongs to me. Now, is that any way to show gratitude? Huh? You have no choice. It's time to repay you're debt.

Lucifer squeezes the throat of Doctor Seba. Doctor Seba drops the baseball bat.

LUCIFER (CONT'D)

The only reason I haven't slaughtered you yet is because I need you. But I could snap your neck at any time. I can also kill your precious son.

DOCTOR SEBA

No! You bastard!

Lucifer releases Doctor Seba.

LUCIFER

Oh, don't you worry. Your son will be safe as long as I get what I want. And right now, I want my full abilities back. I need to absorb more souls and I can't do it alone. And after I'm back to my old self again, I'll have the power to bring back all the fallen Angels to this world. I'll have an army.

DOCTOR SEBA

That's genocide! The human race won't stand for it!

LUCIFER

They'll have no choice. Who will stop me?

INT. UNION CITY DOCKS - DAY

Michael stares at the beach waves. He closes his eyes and begins having slight memories of the past. The flashes in his head are continuous.

Molly touches Michael's shoulder and he turns around startled.

MOLLY

Hey. Are you sure you're going to be alright?

MICHAEL

Yes. I just need to find someone. Someone important. I can't remember who. Maybe someone in battle.

MOLLY

Battle? Like you mean war? Captain
Halloway comes to mind.

MICHAEL

Who?

MOLLY

He's the leader of the Special
Forces.

MICHAEL

Ah, like a general. I see.

MOLLY

Yes, he's the defender of our
nation.

MICHAEL

Where can I find him?

MOLLY

He's usually at the Special Forces
base at the North side of Union
City. But you can't just show up
there.

MICHAEL

I can try.

MOLLY

No. You'll get yourself killed.
He's got hundreds of soldiers
surrounding him.

MICHAEL

I need to speak with him. It's
important.

MOLLY

Why?

MICHAEL

Somethings coming. Something evil.
I don't know what it is yet but
your World might be in Danger.

MOLLY

What are you talking about?

MICHAEL

I can't speak further. I have to
go. Time is running out.

Michael reveals his wings. As the loose feathers float in the air, Molly has a look of shock. He flies away into the sun and disappears.

INT. UNION CITY SPECIAL FORCES HEADQUARTERS - NIGHT

Michael lands on top of one of the buildings. He surveys the area. Special Forces Soldiers are everywhere. Michael takes out each of the guards using stealth techniques.

Michael touches the head of one of the guards and looks into his memories. He has a visual of Captain Halloway and his whereabouts.

INT. CAPTAIN HALLOWAY'S OFFICE - NIGHT

Captain Halloway sits in his chair smoking a cigar and drinking his whiskey. He hears a KNOCK on his door and ashes out his cigar.

CAPTAIN HALLOWAY

Come in.

Juliette enters. Captain Halloway stands up and they both salute each other.

CAPTAIN HALLOWAY (CONT'D)

At ease commander, have a seat.

They both sit down.

JULIETTE

Thank you, sir.

CAPTAIN HALLOWAY

How are things with the X-Canon?

JULIETTE

Right on schedule. Should be done within 1 week.

CAPTAIN HALLOWAY

Brilliant.

JULIETTE

And we have a special guest that will be operating it. You're not going to believe it.

CAPTAIN HALLOWAY

Who's that?

JULIETTE

Doctor Seba's son Kyle. Kyle Seba.

Captain Halloway slowly stands up and points his finger behind Juliette.

CAPTAIN HALLOWAY

No. Who the fuck is that?

Juliette draws out her pistol and turns around. Captain Halloway draws out his pistol as well. Michael walks inside the room. His FOOTSTEPS match the sound of the TICKING clock on the wall.

JULIETTE

Freeze! Don't move! One more step and I'll blow your fucking head off!

Michael stops walking and raises his hands.

MICHAEL

You could put your weapons down. I mean you no harm.

JULIETTE

How'd you get in here?!

MICHAEL

I'm unarmed.

JULIETTE

Answer the fucking question!

MICHAEL

That's not important. I'll tell you what is. Your world is in danger. And he's coming for you. He's coming for everyone. We must do something to stop him.

JULIETTE

Get on your knees and put your hands on your head. Slowly.

MICHAEL

As you wish.

Michael gets on his knees and puts his hands on his head. Juliette puts away her pistol and takes out a pair of handcuffs. As she approaches Michael, Michael overpowers her and puts her in a headlock position.

He takes away her pistol and she struggles to get loose.

CAPTAIN HALLOWAY
God dammit.

MICHAEL
Put your weapon away.

Captain Halloway stalls.

MICHAEL (CONT'D)
Put your gun away or I'll snap her
neck like a twig.

Juliette starts choking as Michael increases his grip.

CAPTAIN HALLOWAY
Okay. Okay, fine.

Captain Halloway tosses his pistol to the side.

CAPTAIN HALLOWAY (CONT'D)
What do you want?

MICHAEL
Just your undivided attention.

CAPTAIN HALLOWAY
Okay. Okay, I'm listening.

MICHAEL
Good. That's more like it. The last
thing I ever want to do is hurt
anyone. I have an unimaginable love
for all the creatures on this Earth
as well as my father. However, I
have a very jealous brother. He
just arrived looking to reclaim
what he's lost coming here.

CAPTAIN HALLOWAY
And who might that be?

MICHAEL
Do you read the Bible?

CAPTAIN HALLOWAY
A little, growing up. I've stopped
reading since...

MICHAEL
Since certain things in your life
started going wrong? Why do humans
blame God for everything?

CAPTAIN HALLOWAY

For a long time, I was angry. I'm not anymore.

MICHAEL

Somehow I doubt that. But I'm sure you know his name. Say it.

CAPTAIN HALLOWAY

That's impossible.

MICHAEL

I said say it!

CAPTAIN HALLOWAY

Lucifer.

MICHAEL

That's right. And he continues to grow stronger every day. For every human he kills, he absorbs their soul, and the stronger he gets. We need to work together.

JULIETTE

Captain, don't listen to him.

MICHAEL

Please, I only offer the truth.

CAPTAIN HALLOWAY

And how do I know you're not some lunatic who somehow snuck into my office spewing nonsense?

JULIETTE

Captain! You're not seriously considering...

CAPTAIN HALLOWAY

It's alright Juliette. It's alright.

Michael drops Juliette and displays his wings.

MICHAEL

Round up all your troops and weaponry. We're going to attack him head on. I'll give you a signal where we'll meet.

CAPTAIN HALLOWAY

If I refuse?

MICHAEL

Your world is going to end. Your
move Captain. Your move.

Michael kneels and flies through the ceiling window. The
shattered glass falls everywhere. Juliette grabs her pistol
from the floor and shoots a few rounds towards Michael.

CAPTAIN HALLOWAY

Hold your fire!

JULIETTE

Shit. He got away.

A few Special Forces soldiers arrive bursting through the
door. A SPECIAL FORCES SOLDIER (24) approaches Captain
Halloway.

SPECIAL FORCES SOLDIER

Sir, we received reports of an
intruder. He was somehow able to
take out some of our guys.

CAPTAIN HALLOWAY

At ease Soldier, at ease. It was a
false alarm. Just an exercise
training to keep everyone on their
toes. Resume your post. And take
the downed officers to the medic.

SPECIAL FORCES SOLDIER

Yes sir.

All the Special Forces soldiers exit.

JULIETTE

Captain. What are we going to do?

CAPTAIN HALLOWAY

Decisions. Decisions. On one hand,
he could be telling the truth.
There has been a high rise in
homicide as of late. And you saw
his wings. But on the other, he
could be some nut job in some kind
of suit. I honestly don't know what
to believe.

JULIETTE

Captain. We need to capture him for
questioning. He's much too
dangerous to be kept out there.

Captain Halloway grabs a cigar and lights it. He blows the smoke out into the air.

CAPTAIN HALLOWAY
Okay, y'know what? I'll play ball.
Gather half of our forces. We'll
wait for his signal.

JULIETTE
But Captain...

CAPTAIN HALLOWAY
Not another word major. You have
your orders. Now do it.

JULIETTE
Yes sir.

INT. UNION CITY BEACH - DAWN

Michael flies near a cave at the beach and lands at the entrance. Before he walks inside, he turns around and sees Death standing before him.

MICHAEL
I haven't seen you in a while.

DEATH
I've been busy.

MICHAEL
What do you want?

DEATH
Is that any way to talk to your
fellow Angel?

MICHAEL
You're no Angel.

DEATH
I was intended to be. Then the man
upstairs gave me this task. To
guide all the souls to heaven and
hell.

MICHAEL
How'd you get here?

DEATH
The same way you did. But Lucifer,
that's a whole other story.

MICHAEL

I thought I destroyed him during the war.

DEATH

You didn't. You simply defeated him and God punished him. Now the mortal created a device that caused a ripple effect.

MICHAEL

Who did?

DEATH

His name is Doctor Charles Seba. He created a device called "The Ghost Phone." It's a device that gives humanity the ability to speak with the dead. Y'know the ones that refuse to step into the light.

(beat)

And with so many users, it was all Lucifer needed to create a portal into this world.

MICHAEL

I can stop him.

DEATH

Oh no, you can't. You're just like him. As soon as you landed in this world it weakened you tremendously.

MICHAEL

I have humanity on my side.

DEATH

That's not good enough. What you need to understand is how many people will or will not die is not in your control.

MICHAEL

No. I don't believe it. I can save them all, it's my duty! It's a part of my honor!

DEATH

And what will you do when it's not only him you have to deal with? Soon he's going to be powerful enough to bring his generals along with his demonic army of followers.

(MORE)

DEATH (CONT'D)

It's not going to be as easy as before. Both of you were at full strength. Now he's ahead of you greatly.

MICHAEL

What do you expect me to do? I can't just stand by while people die!

DEATH

You need training.

MICHAEL

Training?

DEATH

Yes. Do you remember the Dragon armor you once wore?

MICHAEL

Yeah. What about it? It's gone now.

DEATH

Not necessarily. I can take you to it. However, your not strong enough to wear it.

MICHAEL

Prove it.

DEATH

Very well. Attack me. If you can.

Death and Michael fight. Death is much more skilled. Michael did not touch Death once. He defeats Michael and leaves him bloody and bruised.

DEATH (CONT'D)

I think I've made my point. You see unlike you, I wasn't weakened on the way to this World. I'm an entity that goes far beyond what anyone could understand. But if I could do this to you, I imagine Lucifer can do way worse. Do what you like. But remember that regardless of what you choose, people will die. They'll always be casualties where the innocent suffer.

Michael attempts to strike Death but he vanishes.

MICHAEL

Come back here! You bastard. It's not over yet! I will win! I will protect mankind! The innocent will not suffer!

INT. UNION CITY SPECIAL FORCES HEADQUARTERS ARMORY - NIGHT

Lucifer runs his hand across the X-Canon as Doctor Seba looks on.

LUCIFER

It's so enormous. A true work of art.

DOCTOR SEBA

It took years to build it. A lot of trial and error.

LUCIFER

I'm very impressed. A true weapon of mass destruction. Exactly what I was looking for.

DOCTOR SEBA

Is there anything I can say to make you change your mind?

LUCIFER

Like what?

DOCTOR SEBA

Just think of the helpless innocent people. They have no reason to be involved in this.

LUCIFER

Be calm Doctor. I don't intend on killing all of humanity. Just a big enough portion. The rest shall be enslaved. I will be their new king instead of God. Now, turn it on.

DOCTOR SEBA

Now?!

LUCIFER

Yes. Now. Aim it at a place with a very high population.

Doctor Seba drops down to his knees and starts to sweat.

DOCTOR SEBA
(whispering)
I can't.

LUCIFER
I'm sorry. Can you repeat that one
more time?

DOCTOR SEBA
I won't.

LUCIFER
Turn the fucking machine on now.

Doctor Seba stays silent.

LUCIFER (CONT'D)
Fine. Very well. I thought this
might happen.

Lucifer leaves and comes back with Kyle tied up.

LUCIFER (CONT'D)
Say hello dad.

KYLE
Dad!

DOCTOR SEBA
Kyle! What have you done?

LUCIFER
Just somewhat of an insurance
policy while you entered this place
alone. He was among one of the many
Special Forces patrolling this
area.

DOCTOR SEBA
Let him go!

LUCIFER
Seriously? You think you're in a
good enough position to be making
demands.

Lucifer takes out his long sword and stabs Kyle. Kyle falls
to the floor immediately.

LUCIFER (CONT'D)
Not to worry. I missed his vital
organs. But he's slowly losing
blood.

Doctor Seba runs to Kyles aid.

LUCIFER (CONT'D)
You better hurry up and use that
weapon before time runs out.

DOCTOR SEBA
Shit.

Doctor Seba hesitates for a minute while putting pressure on
Kyle's wound with a piece of cloth.

DOCTOR SEBA (CONT'D)
I'll be with you shorty son, don't
worry.

LUCIFER
See. That's more like it. I always
knew you were a smart guy. That's
why I chose you.

DOCTOR SEBA
Just put pressure on it. You'll be
fine. I'm here.

LUCIFER
Tick tock Mr. Seba!

Doctor Seba runs towards the X-Canon and goes inside.

INT. X-CANON COCKPIT - NIGHT

Doctor Seba turns on the power. He types on the keyboard as
fast as he can.

INT. UNION CITY SPECIAL FORCES HEADQUARTERS ARMORY - NIGHT

The ceiling of the building starts to open up slowly. The X-
Canon lights up. The barrel of the X-Canon moves upwards.

INT. X CANON COCKPIT - NIGHT

Doctor Seba grabs the joystick and moves it until the screen
reads "Target acquired. New Kroy city. Population 500,000."

DOCTOR SEBA
God help my soul.

Doctor Seba hesitates but pulls the trigger while his hands
tremble.

INT. UNION CITY SPECIAL FORCES HEADQUARTERS ARMORY - NIGHT

The barrel of the X-Canon shoots a huge laser into the night sky.

INT. NEW KROY CITY STREETS - NIGHT

Crowds of people walking around. Street vendors catering to the customers. A man buys an ice cream for his daughter and gives it to her while she holds her balloon.

He picks her up and smiles at her while she points up to the sky. The man gives in and looks up. A huge laser lands on top of them and New Kroy City explodes. The balloon floats away as the whole city burns.

INT. X-CANON COCKPIT - NIGHT

Doctor Seba cries and slams his hand on the wall.

DOCTOR SEBA
What have I done? Oh God, help me.

KYLE (O.S.)
Dad!

Doctor Seba exits.

INT. UNION CITY SPECIAL FORCES HEADQUARTERS ARMORY - NIGHT

Doctor Seba runs outside but Kyle is gone. Lucifer is gone as well.

DOCTOR SEBA
What in the hell?

INT. NEW KROY CITY SKY - NIGHT

Lucifer floats in the air as the city continues to burn. The ashes of the dead float through the air. Lucifer absorbs many souls at once.

After he absorbs all the souls, his body starts to glow a bright light. His full power is restored. He lifts his hand and creates a vortex. MAMMON, LEVIATHANE, BEELZEBUB, BELPHEGOR, and ASMODEUS come through the vortex.

LUCIFER

Gentlemen, welcome to our new home.
I trust you didn't lose any
abilities on the way here.

MAMMON

No sir. You are our King. For as
long as you stay strong so do we.

LUCIFER

Excellent. I can see everyone still
has their armor. Now for the last
task at hand.

BEELZEBUB

Michael.

LUCIFER

Exactly. I've been smelling his
presence since I arrived here. It's
only a matter of time before Father
sends him and his fellow Angels to
attack us.

BELPHEGOR

So what's the plan, your highness?

LUCIFER

He has yet to be at full strength.
And he's all alone. We must strike
first. I read the minds of all the
human warriors upon arrival. He
plans on building some sort of
allegiance with them.

LEVIATHANE

Pitiful humans.

LUCIFER

Don't underestimate them. They've
built weaponry more powerful than
you can imagine. We strike
tomorrow.

BEELZEBUB

Yes your excellence, as you
command.

INT. UNION CITY BEACH CAVE - NIGHT

Molly stitches Michael up with a first aid kit. His body is
full of bandages.

MICHAEL

Ouch!

MOLLY

Hold still.

MICHAEL

I have yet to believe that I was defeated by the likes of Death.

MOLLY

You're lucky he didn't kill you. I scanned your body and you took a hell of a beating. What was with you two anyway?

MICHAEL

He was trying to show me that I wasn't yet ready to defend this world.

MOLLY

He really got the message across.

MICHAEL

I don't have a choice. I have to stop Lucifer. I can't let him win.

MOLLY

Okay, so what's next cowboy?

MICHAEL

What's a cowboy?

MOLLY

Nevermind.

MICHAEL

Tomorrow I will gather the warriors of the city and attack him full on.

MOLLY

Sheesh, I was surprised you were even able to get to Captain Halloway. Let alone convince him to join you.

MICHAEL

Yes, well I felt what was in his heart. He has a strong desire to protect this city from danger.

MOLLY

How do you know you can still trust him? After all, you're just a random guy who showed up to his office.

MICHAEL

I didn't detect any ill will during our conversation.

MOLLY

Still. People change. Circumstances, they change.

MICHAEL

What other choice do I have?

MOLLY

Depends. What did Death tell you?

MICHAEL

He wants me to go with him and find where my armor is stored. It is then where I can be at full strength.

MOLLY

Seems like a no brainer.

MICHAEL

He warned me that many people would die in the process. I can't let that happen. I won't let that happen.

MOLLY

I see.

MICHAEL

For centuries I've watched the humans go to war and fight. I've seen the weapons they use today first hand. With my current abilities combined, Lucifer will be defeated. I will send him back to the hellish abyss where he belongs.

MOLLY

Oh dear God.

MICHAEL

Exactly.

MOLLY
When is this War?

MICHAEL
Tomorrow. Captain Halloway is
awaiting my signal.

MOLLY
No!

MICHAEL
No?

MOLLY
That's right. Michael, I don't know
what or who you think you are but
when I found you laying on the
beach, you were barely alive. Your
in no shape to go to war!

MICHAEL
I'm much more powerful than you
believe. And all of humanity needs
me.

MOLLY
Powerful? Then tell me. How
powerful will you be before your
body gives up on you? I get it,
this World needs you but not at the
fucking cost of losing you forever.
(beat)
Michael, please just listen. I'll
prepare you a bed and all the
medical supplies you need. Just let
me help you heal. Let me help you
get better before you have to fight
that fight.

Molly's phone starts RINGING. She looks down at the screen of
her phone and then looks up.

MICHAEL
What is it? What happened? Tell me!

She presses a button on the phone and a small screen projects
on the wall. The screen displays the Union City News as a
helipad records live from above. It's nothing but flames and
debris.

The bottom of the screen reads "New Kroy City destroyed.
500,000 dead."

MICHAEL (CONT'D)
I have to go save them.

MOLLY
Michael, it's too late.

MICHAEL
No! They need my help.

MOLLY
They're gone.

MICHAEL
No! Get the hell out of my way!

Michael pushes Molly out the way and floats in the air. Just before taking off, Michael starts to get dizzy. He loses consciousness and passes out.

MOLLY
Michael!

Molly runs to his aid.

INT. UNION CITY SPECIAL FORCES HEADQUARTERS ARMORY - DAY

Doctor Seba is being put in handcuffs by Union City special forces.

DOCTOR SEBA
Please. You don't understand. I had no choice. He made me do it!

CAPTAIN HALLOWAY
Who? Who made you do it?

DOCTOR SEBA
The Devil!

CAPTAIN HALLOWAY
Yeah, that's what they all say. Get rid of him.

DOCTOR SEBA
He had my son!

CAPTAIN HALLOWAY
Your son Kyle? He's alive and well. Aren't you Kyle?

Kyle appears from behind the crowd of Soldiers.

KYLE

Dad. How could you?

DOCTOR SEBA

I saw you! He had you tied up!
Stabbed you with his sword! He said
if I didn't help him he would...he
would...

CAPTAIN HALLOWAY

We rewinded the Security cameras
Doc. You acted alone. There was
nobody here when you fired the X-
Canon. Now all those people are
dead.

DOCTOR SEBA

But I...this doesn't make any
sense! Surely there must be some
kind of mistake!

CAPTAIN HALLOWAY

Get rid of him.

The Union City Special Forces take him away and put him
inside the back of a patrol car. The patrol car drives off.

CAPTAIN HALLOWAY (CONT'D)

I'm sorry you had to see that kid.

KYLE

It's okay.

CAPTAIN HALLOWAY

No, it's not. A father should
always be a great role model for
his son. And I always thought he
was one of the greatest geniuses of
our time.

KYLE

Yes, sir, I understand.

CAPTAIN HALLOWAY

I'll tell you what. This is
obviously a lot to process. Take
some time off from active duty.

KYLE

But sir.

CAPTAIN HALLOWAY

That's an order. No ifs or buts
about it.

(MORE)

CAPTAIN HALLOWAY (CONT'D)

You're also going to meet with a counselor once per week. After your clear, you'll be able to come back and resume your position. Do I make myself clear?

KYLE

Yes sir.

CAPTAIN HALLOWAY

Alright. Your dismissed.

Kyle exits. Juliette enters. Captain Halloway and Juliette both salute.

CAPTAIN HALLOWAY (CONT'D)

Anything new?

JULIETTE

Apart from the 500,000 lost? No sir. Still doing damage control.

CAPTAIN HALLOWAY

Jesus. How am I going to explain this to the King? This is a fucking disaster.

JULIETTE

Doctor Seba built it, so he had access to it.

CAPTAIN HALLOWAY

Of course, but who would've thought he would lose his mind the way he did? This is a fucking shit storm.

JULIETTE

What about the meeting with our mysterious visitor?

CAPTAIN HALLOWAY

We'll have to postpone it. For now, organize a search party to locate him. I want to watch him from a distance and see what he's all about.

JULIETTE

What about New Kroy City?

CAPTAIN HALLOWAY

I'll have to meet with the King and figure out how this disaster can be dealt with.

JULIETTE

Roger that.

INT. BLACK FORTRESS OFFICE - NIGHT

KING HIGHLAND (53) slams a report on his table as Captain Halloway stands before him.

KING HIGHLAND

500,000 dead Captain? A whole city just completely wiped out the map due to that lunatic! I thought you had better judgment than that!

CAPTAIN HALLOWAY

With all due respect your lordship, he has a long track record of building--

KING HIGHLAND

Yes, I know what he's built for us Captain! For God's sake, he's got multiple awards. Not to mention his latest product. All over the country he's helped loved ones get closure for their dead relatives. The man is loved by everyone. The question is how do we as a country make this right?

CAPTAIN HALLOWAY

The same way history has been doing it for centuries.

KING HIGHLAND

Captain?

CAPTAIN HALLOWAY

We release the findings to the public on what we saw on the Security Cameras. Once everyone sees it was him, they'll all want revenge.

KING HIGHLAND

You're suggesting we execute him.

CAPTAIN HALLOWAY

Why not? There'll always be someone to replace him. After it's all said and done, the public will forget about this disaster.

(MORE)

CAPTAIN HALLOWAY (CONT'D)

Sure they'll be plenty of funerals,
but the fact that everyone knows
he's dead is good enough to satisfy
everyone.

KING HIGHLAND

You're wrong about one thing
Captain. He's not someone that can
be replaced so easily. He's one of
the greatest geniuses of our time.

CAPTAIN HALLOWAY

Famous inventors like him always
come and go. We have nothing to
fear. This country was built by
Scientists just like him.

KING HIGHLAND

What about his son?

CAPTAIN HALLOWAY

What about him? I've already sent
him to counseling. Any thoughts of
treason will be dissolved. We won't
have to worry about him wanting
revenge.

KING HIGHLAND

Jesus Captain. All these years at
the top has made you cold. But
perhaps you're right. I will
consider it. Something must be
done. You're dismissed for now
Captain.

CAPTAIN HALLOWAY

Thank you, your Highness. As usual,
it is a great honor to serve you.

KING HIGHLAND

Noted Captain.

Captain Halloway exits.

SUPER: 1 WEEK LATER

INT. UNION CITY BEACH - DAY

Michael stares at the ocean while he stands on a huge rock by
the sea. He embraces the sunlight that shines on his face.
The previous bandages he had on slips away into the water.

INT. UNION CITY SPECIAL FORCES BOAT - DAY

Juliette stands in front of the boat focusing her binoculars on Michael. The boat is full of Union City Special forces. They all are heavily armed.

Juliette slowly lowers her binoculars.

JULIETTE

I got you now you son of a bitch.
Everyone! Arm your weapons and
prepare for battle! Captain
Halloway said do not kill! Set your
rifles to stun. He wants him
captured alive! Arm the net!

A canon from the boat aims at where Michael is standing.

JULIETTE (CONT'D)

Fire!

INT. UNION CITY BEACH - DAY

A huge net flies towards Michael but he avoids it. He squints his eyes and sees Juliette standing in front of the speeding boat.

MICHAEL

A pleasure to meet you once more.

EXT. UNION CITY SPECIAL FORCES BOAT - DAY

The boat comes to a halt when it reaches shore. All the Union City Special Forces jump out the boat and race towards Michael. They throw smoke grenades and start firing their rifles.

INT. UNION CITY BEACH - DAY

Michael fights with all 300 of the soldiers. He defeats them all and disarms each soldier including Juliette. Her face is bloody and bruised in a kneeling position as the rest of the soldiers lay on the beach sand unconscious.

Michael slowly walks towards her.

JULIETTE

Okay, you've won. Mission failure.
I'm ready to accept my fate.

Juliette lowers her head and closes her eyes. Michael lifts up his hand and passes it across Juliett's face. Her face completely heals.

MICHAEL

Are you?

JULIETTE

We've been preparing for days and it still wasn't good enough. Just what the hell are you?

MICHAEL

I think I've already introduced myself.

JULIETTE

I don't believe it.

MICHAEL

Well, now you've got no choice. What man could've possibly done this on his own and win?

JULIETTE

Don't be so cocky. You've defeated me now kill me.

MICHAEL

No.

JULIETTE

Why?

MICHAEL

It's not in my blood to kill one of God's children.

JULIETTE

Stop talking like them! You're not!

MICHAEL

So you have read the bible.

JULIETTE

To even think my Captain was even considering anything you said.

MICHAEL

Why is it so hard for you to believe?

JULIETTE

Believe? Believe what? That you're some kind of Angel sent from heaven to save humanity? That's a hell of a thing to accept, don't you think?

Michael picks up the rifle of one of the Special Forces and examines it.

MICHAEL

Is this all you've got?

He snaps the rifle in half with his hands.

MICHAEL (CONT'D)

Look how easy it was for me to defeat all of you. It's not going to be enough for Lucifer and his demon army. He's going to destroy all of you if this is all you have to offer.

JULIETTE

Fuck you.

MICHAEL

Language Juliette. Language. Now, is that any way to talk to the guy who knows how to win at war? Who knows how to save humanity? I can train all your men in the art of fighting demons. I know all their weak points.

JULIETTE

Why should we trust you?

MICHAEL

What other choice do you have? That massacre in New Kroy City was just the beginning. Lucifer is not stopping there.

JULIETTE

That wasn't Lucifer. That was Doctor Seba, he did that. We got him on tape. Or having you heard?

MICHAEL

Lucifer only makes you see what he wants you to see. I'm afraid Doctor Seba was tricked into killing all those innocent people.

JULIETTE

Bullshit.

MICHAEL

Don't you think it's a bit strange that Doctor Seba would do something like that? Out of the blue? I know Lucifer all too well. He uses humans to get what he wants. He's been doing it for centuries. Now look at what your so called Captain wants to do now. I'll give you one guess.

JULIETTE

Why do I get the feeling you're going to tell me anyway?

MICHAEL

He wishes to execute him because all the people he's killed. Falling directly into what Lucifer wants. Now that he's on the other side of our World, he wants no mortal to have access to the other side. Doctor Seba is the only one with that knowledge.

JULIETTE

This whole thing isn't real. What you're saying isn't real. You're just some lunatic in a suit.

MICHAEL

Do you not wish to save him?

JULIETTE

Why should I? He's going to get what he deserves. What kind of madman murders all those people over a vision?

MICHAEL

Because it's your World. Juliette. I need your help. I can't do this alone.

JULIETTE

I won't. Now surrender to the Union City Special Forces and we'll have mercy on you.

MICHAEL

I can see what's in your heart.

JULIETTE
Surrender! Now!

Juliette attacks Michael again but fails.

MICHAEL
If your not going to do this for
humanity. Do it for your daughter.

Juliette strikes Michael across the face.

JULIETTE
How fucking dare you! You don't get
to speak about her.

MICHAEL
It's not your fault. You did
everything a mother could.

JULIETTE
Why did he? Why did he have to take
away my little girl?

MICHAEL
You're angry at Father.

Juliette's tears start running down her cheeks.

MICHAEL (CONT'D)
I sometimes question him too. Why
he does what he does. Sometimes I
tell myself it's not fair. And I've
seen countless innocent souls pass
away through unforeseen
circumstances. But one thing I do
know is that we will never
understand. No one can place logic
into the depths of God. It's simply
beyond both of us. But I can feel
your pain and suffering. Let me
help you.

Michael touches Juliette's head.

INT. WHITE ABYSS - DAY

Juliette looks around but there's nothing around but white.

JULIETTE
Hello?! Hello?! Hello?!

Juliette starts running but gets nowhere and stops. She breathes in and out heavily. A little girl by the name of AMY (6) appears behind her. She turns around.

AMY

Mommy...

JULIETTE

Oh, baby. Baby, Is that you?

She runs to her and hugs her. The tears flow down Juliett's cheek.

AMY

What happened Mommy?

JULIETTE

Don't worry about it, baby.
Everything is going to be okay.
Mommy's got you.

AMY

I fell asleep in the hospital and
this nice man said to follow him.
He's going to take me to paradise.

JULIETTE

Oh did he?

AMY

Yes. But I was sad.

JULIETTE

Why honey? Why were you sad?

AMY

Because you couldn't come with me.
That's what the nice man said.

JULIETTE

Oh, honey.

Juliette hugs Amy.

AMY

Mommy?

JULIETTE

Yes, dear?

AMY

When will I see you again?

JULIETTE

Soon baby. Soon. After that, I'll make it up to you. We'll be together again as one big happy family.

AMY

Will we eat plenty of candy?

JULIETTE

Yes, dear. We'll have...We'll have plenty of candy.

AMY

Mommy? Why are you crying?

JULIETTE

I'm just happy to see you again. That's all.

AMY

It's going to be okay Mommy. That's what the nice man said.

JULIETTE

I know baby. I know.

Feathers start to fall from above as Juliette gives one last hug to Amy. They both look up as Michael reaches out his hand while suspended in the air.

Juliette grabs Michael's hand and they both float away leaving Amy behind.

JULIETTE (CONT'D)

I'll see you again baby don't worry.

AMY

Mom!

JULIETTE

It's okay baby, don't cry.

AMY

Mom!

JULIETTE

I'll see you again soon. Mommy loves you!

INT. UNION CITY BEACH - DAY

Juliette opens her eyes and gets up from the sand.

MICHAEL

Do you believe it now Juliette?

JULIETTE

Let's do this.

INT. UNION CITY EXECUTION COLOSSEUM - NIGHT

A pool full of alligators swim in the middle of a huge stage. The Colosseum is full of spectators. The cameras record live for the whole country to see.

Captain Halloway, King Highland, and Juliette all sit inside a front row suite. Doctor Seba is hanging directly above. The EXECUTIONER (60) pulls on a rope connected above. The crowd ROARS.

King Highland stands and walks towards a microphone as he waves at the crowd.

KING HIGHLAND

Good evening to the people of Union City! It is I! Your King!

The crowd APPLAUSES.

KING HIGHLAND (CONT'D)

I have come to you today to seek justice and retribution for the people. And to punish the mass murderer, Doctor Seba!

King Highland points his finger at Doctor Seba! The crowd BOOS!

KING HIGHLAND (CONT'D)

The man before you is responsible for the massacre of New Kroy City! This offense won't go unanswered. Feast your eyes on the Surveillance video that caught him in the act.

A large screen appears behind the stage. It shows Doctor Seba going inside the X-Canon cockpit and firing it.

KING HIGHLAND (CONT'D)

Thousands upon thousands dead. And at the hands of a raging lunatic!

CAPTAIN HALLOWAY
So, what were the end results of
your findings?

JULIETTE
Me and my men found him alright.

CAPTAIN HALLOWAY
Where was he?

JULIETTE
Right under our nose. He was taking
shelter at a cave in Union City
Beach.

CAPTAIN HALLOWAY
Tell me Juliette, how long were you
going to decide to keep this from
me?

JULIETTE
Captain?

CAPTAIN HALLOWAY
It makes me wonder what other
secrets you're holding from me. I
don't think I would've ever found
out if I never asked you his
whereabouts.

JULIETTE
My apologies sir, but I had to
review all the Satellite footage to
find him and I didn't have time to--

CAPTAIN HALLOWAY
If you keep secrets from me, I feel
like I can't trust you. If I can't
trust you then how can I put you as
my successor?

Juliette lowers her head in disappointment.

JULIETTE
My apologies once again Captain.

CAPTAIN HALLOWAY
No worries. Just don't defy me
again. You are to report to me
every detail about this man. No
more holding back.

JULIETTE
Understood.

KING HIGHLAND

Now, and without delay. Commence
and let the execution begin! Let it
be known by all our citizens! This
is what happens to anyone in our
nation that murders the innocent!
Begin!

CAPTAIN HALLOWAY

What a pitiful end to such a
brilliant mind.

JULIETTE

He defeated all my soldiers
Captain. All of them.

CAPTAIN HALLOWAY

Yes, I read the report. A few
broken bones here and there but no
casualties. The son of a bitch has
a heart after all is said and done.

JULIETTE

How can one man do this Captain?
How can one man defeat so many of
us?

CAPTAIN HALLOWAY

Precisely the reason we need him
captured. Once that happens, we'll
have our Doctors dissect him and
find out what makes him tick.

JULIETTE

You want to talk about not keeping
secrets Captain? I have one for
you.

CAPTAIN HALLOWAY

What is it?

JULIETTE

He made me into...

CAPTAIN HALLOWAY

What?

JULIETTE

He made me into a believer.

CAPTAIN HALLOWAY

You're kidding me right? How in
Gods name did he manage to do that?

JULIETTE

Because of him. I was able to see my daughter again.

CAPTAIN HALLOWAY

What? Are you sure he didn't just drug you? Now you listen up. I don't want to hear any more about this Bible shit or that he's the 2nd coming of Jesus Christ. We're sending more of our men and he will be captured. All this Lucifer coming to our Earth is utter horse shit. And no more failures next time around.

JULIETTE

I'm sorry you feel that way sir. I truly am.

Michael flies down and shines a white light on Captain Halloway. Captain Halloway levitates into the air and drops onto the floor knocking him out cold.

KING HIGHLAND

What the fuck?

The executioner pushes the button and Doctor Seba goes lower and lower into the huge pool. As he was inches from being eaten alive, Michael flies in and rescues Doctor Seba.

The Union City Special Forces shoot at Michael but the bullets bounce off as he flies away while carrying Doctor Seba.

KING HIGHLAND (CONT'D)

Get him! Get him! Don't let him get away!

Juliette and the Union City Special Forces get inside flying helipads and pursue Michael.

INT. UNION CITY SKIES - DAY

Several Union City Special Forces helipads start shooting at Michael. Michael damages all pursuing helipads.

INT. UNION CITY SPECIAL FORCES HELIPAD - DAY

Juliette maneuvers the joystick as best as she can but the helipad continues to spin out of control. She quickly presses the eject button.

INT. UNION CITY SKIES - DAY

Juliette falls as the helipad she was in crashes into the ocean. She pulls a string and a parachute comes out. Michael stops for a moment and makes eye contact with Juliette.

MICHAEL

Live. You have to live.

Juliette lands in the ocean along with the other Union City Special Force Soldiers. Michael smiles and flies away. He disappears into the air.

INT. UNION CITY BEACH CAVE - DAY

Michael rips the electronic gag from Doctor Seba's mouth and blindfold. He breaks his handcuffs. Doctor Seba stands up.

DOCTOR SEBA

Thank you. Who are you?

MICHAEL

The names Michael. I'm an archangel sent do save this earth.

DOCTOR SEBA

Save the earth from whom?

MICHAEL

I think you've already met.

DOCTOR SEBA

Lucifer.

MICHAEL

Precisely. And I need your help.

DOCTOR SEBA

Anything. It's because of you that my son will be able to see me again.

(beat)

My son. They have him. Do you know where he is? Please tell me.

MICHAEL

He's safe. But right now we got bigger issues. Lucifer is coming and we need to stop him. The weapons available to your warriors can't possibly defeat a single Demon.

DOCTOR SEBA

Demons?

MICHAEL

Fallen Angels. They used to be Angels but they betrayed God and joined Lucifer. Now Lucifer is slowly bringing them to Earth. We need to attack him now before it's too late.

DOCTOR SEBA

What do you expect me to do?

MICHAEL

I was told you can build weapons. I know all the weak points of every demon. We can use the newly acquired weapons to target them.

DOCTOR SEBA

I might have the knowledge. But I don't have the materials. They've taken everything from me. All due to the horrible mistake I've made.

Doctor Seba starts to tear up.

DOCTOR SEBA (CONT'D)

Jesus, I've killed all those people. I deserve to die. Take me back. Let them do what they must.

Michael grabs Doctor Seba's shoulder.

MICHAEL

Don't despair my friend. God knows you were tricked by the Devil. You never meant to kill all those innocent people. All will be forgiven when Lucifer is defeated once and for all.

DOCTOR SEBA

I don't know if I can.

MICHAEL

Yes, you can. I know you can. I can see it in your heart. I can't do this without you. Just tell me what you need. Your son needs a future.

Doctor Seba goes silent for a moment. He walks towards the shore line as the waves crash.

He stares at the sun slowly rising. He embraces the wind hitting his face and turns around.

DOCTOR SEBA

A Lab. I need a lab to work in.

MICHAEL

Granted.

Weeks pass by. Michael flies in equipment after equipment as they slowly build a lab inside the Cave. A diagram is placed on the wall of a Demon. Michael shows Doctor Seba every weak point while he takes down notes.

He makes several attempts to build a weapon but fails and starts over. He writes endlessly on a book full of designs and continues to build. The sweat falls down his face as he works long hours.

Finally, Doctor Seba has a breakthrough and the weapons are finished. Electric swords, staffs, and hammers.

Michael grabs the swords and swings it around.

DOCTOR SEBA

I'm glad you like the design.

MICHAEL

This should do the trick.

DOCTOR SEBA

They can literally cut through anything.

MICHAEL

I shall use it to collect Lucifer's head.

DOCTOR SEBA

What's next?

MICHAEL

An army. We need an army.

INT. UNION CITY HOSPITAL - NIGHT

Captain Halloway is laying on a hospital bed with Juliette by his side. DOCTOR HARRIS (45) enters.

DOCTOR HARRIS

Hi. I'm Doctor Harris. Great to meet you. And you are?

JULIETTE

Juliette. I'm 2nd in command of the Union City Special Forces.

DOCTOR HARRIS

Yes, that's right. I thought I saw you in the papers. Excuse me for living under a rock. I'm very into my work.

He picks up Captain Halloway's chart and examines it.

JULIETTE

So what's the damage Doc?

DOCTOR HARRIS

I understand he was attacked by some terrorist who helped Doctor Seba escape.

JULIETTE

Yes. Well, hardly a terrorist. He could've killed any one of us but didn't.

DOCTOR HARRIS

Yes well, it would seem Captain Halloway got the worst of it. He suffered quite the concussion. I'm afraid we placed him into an induced coma. However, we won't know for sure until the swelling in his brain subsides.

JULIETTE

Is he going to be okay Doc?

DOCTOR HARRIS

Well, for what it's worth. I've seen patients come out of comas like this eventually. We just need to give it some time. After that, we'll know what were dealing with. My advice is to stay positive. Now if you'll excuse me. I have to tend to my other patients.

JULIETTE

Yes, of course. Thanks Doc.

DOCTOR HARRIS

Anytime.

Doctor Harris exits. Juliette looks at Captain Halloway deeply. She has deep breaths and the tears begin to fall.

JULIETTE

I'm sorry Captain it had to be this way. But I tried. I really did try to get you to see it my way. But you could not listen. You wouldn't. Now I have to take control of this upcoming war the best way I know how. You sleep now and get better. I'll take care of this.

Juliette squeezes Captain Halloway's hand.

JULIETTE (CONT'D)

Don't worry.

A loud BANG is heard from outside the hospital. Juliette rushes to the window and sees Lucifer and an army of Demons attacking a few dozen people. They are slashing them into pieces.

Blood SPLASHES everywhere as Juliette looks in horror.

JULIETTE (CONT'D)

Shit.

Juliette takes out her phone and dials Doctor Seba.

DOCTOR SEBA (O.S.)

Hello.

JULIETTE

Doctor, it's Lucifer. He's here. He's attacking everyone.

Juliette exits.

EXT. UNION CITY HOSPITAL PARKING LOT - NIGHT

Juliette runs towards her vehicle and gets inside.

INT. JULIETTE'S CAR - NIGHT

Juliette turns on her car and steps on the gas hard.

EXT. JULIETTE'S CAR - NIGHT

Juliette's car hovers into the sky and flies away.

INT. JULIETTE'S CAR - NIGHT

Doctor Seba appears on a screen in the car dashboard.

DOCTOR SEBA
Juliette? Are you okay? Are you
safe? What's going on?

JULIETTE
I'm fine. Escaped just in time.

DOCTOR SEBA (V.O.)
My God.

JULIETTE
My thoughts exactly. I'm getting
the Special Force Soldiers ready.
Have you finished with the weapons?

DOCTOR SEBA (V.O.)
It's done. By the skin of our
teeth. We're just making duplicates
at this point.

JULIETTE
We need the weapons now. I mean
right now. Have Michael meet us at
the Special Forces Headquarters.

DOCTOR SEBA (V.O.)
But what about the training? I
doubt any of them has ever swung a
single sword in combat.

JULIETTE
There's no time. We're just going
to have to hit them with everything
we've got!

DOCTOR SEBA (V.O.)
Roger that. I'll send Michael with
the equipment.

JULIETTE
Thanks. I will be there within the
hour.

DOCTOR SEBA (V.O.)
Juliette.

JULIETTE
Yes?

DOCTOR SEBA (V.O.)
Thank you for the rescue.

JULIETTE
I know the feeling. In more ways
than one. Now, let's go kick their
ass.

DOCTOR SEBA (V.O.)
Affirmative.

Juliette hangs up and steps on the gas hard once more.

INT. UNION CITY SPECIAL FORCES HEADQUARTERS - NIGHT

A loud ALARM rings over and over. All the special force
soldiers are scattering throughout the base. Juliette's car
lands and she gets out.

Kyle runs up to Juliette in panic. Kyle salutes and Juliette
salutes back.

JULIETTE
At ease private.

KYLE
Captain, our city is under attack.

JULIETTE
So I heard. Make sure all the
soldiers are fully armed. And
gather them all here. That includes
all combat vehicles.

KYLE
Yes mam. And Captain?

JULIETTE
What is it?

KYLE
Have you heard anything from my
dad?

JULIETTE
Sorry kid. Not at this moment. But
I want you focused. This is the
first time you're going into battle
and I need your head in the game.
No distractions, you got that?

KYLE
Yes, mam.

JULIETTE

And hey. Just for the record. Your father really was tricked. He never intended on murdering all those people.

KYLE

I know. I had a feeling.

JULIETTE

You should be proud. It's because of him that we have any shot of defeating any of them.

Kyle nods his head.

JULIETTE (CONT'D)

Okay, now get out there. And meet me back here asap.

KYLE

Yes, Captain. At once.

Kyle does just that and gathers all the Union City Special Force Soldiers. There must be over 100,000. Before you know it, they're all standing in front of Juliette in formation.

JULIETTE

Okay! Ladies and Gentlemen! I introduce you to Michael!

Michael lands right next to Juliette from the sky. He's carrying equipment. The large crowd of Soldiers start BOOING at Michael in protest.

JULIETTE (CONT'D)

Soldiers! Listen to me!

The crowd ignores her and continues BOOING while becoming hostile.

JULIETTE (CONT'D)

Soldiers! Listen! This is your fucking Captain speaking!

Juliette takes out her pistol and FIRES several times in the air.

JULIETTE (CONT'D)

In formation! Now!

All the soldiers get into formation once again.

JULIETTE (CONT'D)

There. That's better. Now I know what you're all thinking. Just what the hell is a guy who committed treason doing here? Well, I'll tell you. He's here to help us defeat whatever is attacking our city. People out there are dying and need our help. Our family. Our friends. Our Citizens. They're suffering. What we're dealing with is unlike anything we've ever faced before. These men. These creatures can only be killed one way. By decapitation.

Michael displays the weapons for everyone to see.

JULIETTE (CONT'D)

Behold. This is your next line of defense. Choose it well and choose it wisely. Our vehicles will attack them from the air, land, and sea from a distance to slow them down. The rest of us will behead them as we go a long. Keep your rifles to limited use as they will not protect you. Aim for the neck and keep fighting. Don't ever give up. For we will not waiver to these cowards that choose to take the lives of the innocent. They aspire to enslave us. But we will not go down without a fight. We will conquer them all!

The crowd of soldiers erupts with SCREAMS. Juliette salutes them. And they all grab a weapon.

JULIETTE (CONT'D)

We'll show these motherfuckers who's really in charge!

MICHAEL

Great speech. Let me take care of Lucifer and his comrades. After you cut off the head of the snake, the body will always follow.

JULIETTE

What about you? Where's your back up?

MICHAEL

I don't have time for my father to bring them here. What we have here is enough. I won't allow other innocent people to die in the name of victory.

JULIETTE

Sometimes it's the only way.

MICHAEL

No. I won't have it. I can't have it.

JULIETTE

Fine. Have it your way. Let's march.

INT. UNION CITY CAPITAL - DAY

Lucifer sleeps on top of a tall building. The other Demons Mammon, Leviathane, Beelzebub, Belphegor, and Asmodeus are beside him. Hundred upon hundreds of Demons are below them.

Lucifer opens his eyes and BLAM! He gets hit with a laser beam. The entire building collapses while all the Demons fly upwards. Lucifer wipes the blood from his lips as he spots Michael and the Special Forces marching towards him.

LUCIFER

Wow. That really fucking hurt. I wonder how I was unable to sense you.

MICHAEL

Special tricks of the trade. Courtesy of me.

LUCIFER

Hello Michael. It's been such a long time. I'm glad I was able to get your attention by slaughtering all these useless cattle. Where's the rest of the holy Angels? I don't even see Gabriel by your side. Jesus.

MICHAEL

Shut up! You don't get to say his name.

LUCIFER

You know, I was only trying to help him when he was fasting at the desert. I saw the man almost starve to death. All because he wanted a closer relationship to God? Give me a break.

MICHAEL

This is coming from you? After you influenced Judas to betray Jesus?

LUCIFER

I was there Michael! I was there! When he was tortured to death by these cattle. And I didn't make Judas do anything, just so we're clear. He had a little something called free will.

MICHAEL

You've always taken advantage of the weak minded. You damned humanity the moment you slithered into the garden.

LUCIFER

But do you see the knowledge that God was hiding from them? I mean how unfair is that?

MICHAEL

Fair? You want to talk about fair when you're here killing innocent humans in order to gain more power.

LUCIFER

Yes but historically humans have been doing it forever. And sometimes you have to do what's necessary. After I get through with you and this pathetic thing you call an Army, this World is mine for the taking. I'm going to turn all the humans into my little slaves. Unless you would like to join me.

MICHAEL

Join you?

LUCIFER

Yeah! Why not? Let's skip this little skirmish and you become a fallen Angel. Just like the rest of us. It's not so bad. Think about it. I'll even give you a country for the taking. You can run it however you want. Because let's face it, the World is a big place.

MICHAEL

I'll never join the likes of you. And once I defeat you, you won't be going anywhere else. We're in a whole new dimension now. You die here, and you die forever. But I guess you weren't thinking about that were you? You automatically assume your always going to win.

LUCIFER

Oh Michael. Your breaking my ice cold heart. God was a fool to send you here.

MICHAEL

I'm here for a good reason. And you will soon find out why.

LUCIFER

Oh, cut the theatrics, will you? And yes, you defeated me the first time but there's not going to be a next time.

MICHAEL

Fire at will! Advance!

LUCIFER

Crush them.

Michael flies straight towards Lucifer and they fight. The Special Forces Army advances towards the Demons. They put up a noble fight. However with the help of Mammon, Leviathane, Beelzebub, Belphegor, and Asmodeus the war was over.

The demons were victorious as the Special Forces Army continued to suffer high casualties. Michael was defeated by Lucifer. Before Lucifer could give the final death blow to Michael. Death appears and blocks Lucifer.

LUCIFER (CONT'D)

You! How did you?...

Death grabs Michael and they both disappear into the dark sky.

JULIETTE

Retreat!

The Special Forces Army did just that and marches the opposite direction of the Demons. Lucifer grabs Juliette and stabs.

LUCIFER

So your the one in charge.

Juliette spills BLOOD through her mouth.

JULIETTE

Fuck you!

LUCIFER

Oh come on. That's not very nice. I could've killed you in a less humane way.

Juliette pulls some grenade pins from her utility belt and bear hugs Lucifer. Lucifer easily becomes loose from her grip and throws away her utility belt. He breaks Juliett's arms.

Juliette SCREAMS in pain.

LUCIFER (CONT'D)

That was too easy. Now I'll let you just lay there in pain while you slowly bleed to death.

Lucifer kneels down and whispers in her ear.

LUCIFER (CONT'D)

Tell your daughter, I made you suffer.

Juliette headbutts Lucifer to no avail. She dies from the head trauma as the tears slowly come down her face.

LUCIFER (CONT'D)

I actually liked this one. She could've been a great demon.

Beelzebub flies right next to him.

LUCIFER (CONT'D)

What are the casualties?

BEELZEBUB

They killed nearly half of our forces.

LUCIFER

With what? How?

BEELZEBUB

New weaponry by Doctor Seba himself. I was able to torture one of the human soldiers and find out.

LUCIFER

Michael. He always knew how to kill us. Probably gave the info to Doctor Seba. The rest is history.

BEELZEBUB

My sentiments exactly.

LUCIFER

Where's the Doc's son?

BEELZEBUB

Kyle? Among one of the injured.

Lucifer smiles.

LUCIFER

Bring him to me. Torture and kill the rest.

BEELZEBUB

Yes, my lord.

INT. UNION CITY BEACH CAVE - NIGHT

Michael lays on his bed as Molly stitches him up. She works tirelessly and endlessly.

MOLLY

Jesus Christ, he's lost a lot of blood. Who are you anyway?

DEATH

Who I truly am is of no concern. I'm but a watcher. I brought everything you need to help him.

MOLLY

It looks like a god damn factory in here. What's with all this equipment?

DOCTOR SEBA
I can answer that.

MOLLY
Doctor Seba? What are you doing here?

DOCTOR SEBA
I've been assisting Michael with this war.

MOLLY
War? What war?

DOCTOR SEBA
The war between heaven and hell. Earth is the battlefield.

MOLLY
That sounds crazy to me. I hope you know that.

DOCTOR SEBA
Who were you talking to earlier?

MOLLY
It's the guy right over...where the hell did he go? He was just here.

DOCTOR SEBA
Very strange. But after what I've seen. What I witnessed. I consider all the possibilities of what's real and what's not.

MOLLY
Oh, don't start with that. I'm over on the boat, having my usual cigarette, and enjoying my break time. All of a sudden this guy with black wings shows up with an unconscious Michael over his shoulder. He provides the tools I need and just leaves.

DOCTOR SEBA
Got a smoke?

MOLLY
Yeah, it's in my jacket pocket.

Doctor Seba reaches into Molly's Jacket and lights up a cigarette.

DOCTOR SEBA

Thank you.

MOLLY

Don't mention it.

DOCTOR SEBA

My son Kyle. He's still out there y'know. He chose to go to that war. I was worried at first, just like any father would. However, I ended up accepting it because I was so sure humanity will stand a chance. How could I be so naïve and stupid? I should've talked him out of it.

MOLLY

This is what he wanted right? After a man turns into an adult, you could no longer make decisions for him. You could give them advice but you have to accept the decisions they make in the end. It's the hard part of being a parent.

DOCTOR SEBA

Are you a parent yourself?

MOLLY

Son and daughter.

DOCTOR SEBA

Oh, so you get the complexities of both sexes.

MOLLY

I'm afraid your right.

DOCTOR SEBA

Where's the father?

MOLLY

Divorced.

DOCTOR SEBA

Wow. That's a tough one. I kind of know the feeling of separation.

MOLLY

Are you done with that cigarette?

DOCTOR SEBA

Yes mam.

MOLLY

Come over here and help me.

DOCTOR SEBA

Sure.

Doctor Seba, walks over to Michael and sees all the blood. He starts getting a panic attack.

MOLLY

Don't pass out Doctor. Don't pass out. I'm already dealing with this.

Doctor Seba passes out.

MOLLY (CONT'D)

God dammit! As if I didn't have enough on my plate already.

INT. UNION CITY BEACH CAVE - DAY

Doctor Seba wakes up. Michael's body is covered in bandages. Molly is smoking her cigarette.

MOLLY

Thanks for the help.

DOCTOR SEBA

Apologies. I don't like to see the sight of blood. Makes me a tad squeamish.

MOLLY

I can see that.

DOCTOR SEBA

How's he doing?

MOLLY

Well, for one thing, I haven't seen someone heal at his rate. No human could. Doesn't even have a belly button. But he'll live.

MICHAEL

Juliette. Juliette. No! Juliette. Be careful!

Michael rises up and raises his hand. Molly ashes out her cigarette and walks over to Michael's aid.

MOLLY

Shhhhh! Get back in bed. Everything will be fine. You need to heal and get better. Come here, I got you. Doctor, pass me the syringe. You're not scared of needles too are you?

DOCTOR SEBA

Very funny.

Doctor Seba gives Molly the syringe and she injects Michael with it. He fell asleep instantly.

MOLLY

Sometimes with trauma. Some patients are in shock and you have to sedate them.

DOCTOR SEBA

I can see that.

MOLLY

So, what's next Doctor?

DOCTOR SEBA

Your guess is as good as mine. I attached devices on the ceiling so the demons won't be able to trace us. We'll be safe for now. I didn't imagine I'll live to see the day where I saw the Devil.

MOLLY

We all didn't. So, does this mean we're in the middle of an apocalypse now?

DOCTOR SEBA

Well, judging from that last defeat. I would say so. I did everything I could to prepare those soldiers. We knew all the demon's weak points but something was missing. When lucifer first came to me, he absorbed the souls of the innocent he killed. If that truly is the source of his power, then we'll have to find a way to extract it from his body. Only then can he be defeated. But how?

MOLLY

By destroying him?

DOCTOR SEBA

No, it's much more complex than that. I'll have to find a way before we're all doomed. It's the only shot we have to save humanity.

MOLLY

I'm sure there's some ancient books about him. He's been around for centuries right?

DOCTOR SEBA

The only one that would know is Michael. And right now he's out of commission.

INT. UNION CITY HOSPITAL - DAY

Captain Halloway wakes up from his coma. Captain Halloway's wife SHERYL (35) stands up. The tears flow down her eyes.

CAPTAIN HALLOWAY

Baby.

SHERYL

Don't baby me. You had us all worried. When that thing...

(beat)

Whatever it fucking was, attacked you.

CAPTAIN HALLOWAY

Baby, I'm sorry. But y'know this is my job.

SHERYL

Job?! What good is your job if you're dead?!

Sheryl paces back and fourth.

SHERYL (CONT'D)

You're hardly ever home and our kids barely know who you are when you are. It's like you're never even there.

CAPTAIN HALLOWAY

Baby, just listen to me. I got a duty and--

SHERYL

Oh, fuck your goddamn duties! What about you and me?!

(beat)

I can't do this anymore. I'm practically raising Bobby and Sarah on my own while you're at war with God knows what!

CAPTAIN HALLOWAY

What do you want me to say?

SHERYL

I don't want you to say anything. I want my goddamn husband. The one I married 10 years ago. Is that too much to ask?

CAPTAIN HALLOWAY

Listen, baby.

(beat)

I've been trying real hard here. Y'know that. Right?

SHERYL

Trying?! You call this trying?!

Captain Halloway lowers his head.

SHERYL (CONT'D)

You know what? Fuck this shit. I want a divorce. I'm packing your shit out of my house.

Sheryl storms out and slams the door. RYAN (21) enters the room and salutes Captain Halloway. Captain Halloway salutes back.

CAPTAIN HALLOWAY

At ease, private.

RYAN

Captain. I have some unfortunate news.

CAPTAIN HALLOWAY

This day just keeps getting better. What is it?

RYAN

It's Juliette sir.

CAPTAIN HALLOWAY

Yeah, what about her?

RYAN
She's dead sir.

Captain Halloway jumps out of his stretcher and slams Ryan against the wall.

CAPTAIN HALLOWAY
What?! What the fuck you mean she's dead?!

RYAN
She died in a skirmish war between an army of unidentified beings. A man by the name of Michael was by their side. The casualties were in the thousands, sir.

Captain Halloway releases Ryan.

CAPTAIN HALLOWAY
Son of a bitch! How could she have bought into him? She was supposed to capture him alive. Not join him!

RYAN
Sir, many hours before the war skirmish, the attacks happened. Whatever was out there nearly destroyed our Capital. She had no choice but to respond. She did right by us.

CAPTAIN HALLOWAY
God damit! Why her? All these years I kept her under my wing. I groomed her to one day take my place as Captain.

RYAN
All due respect Captain. She did a hell of a job. And whatever killed her is still out there.

CAPTAIN HALLOWAY
Jesus Christ. Maybe Michael was right all along. He tried to warn me. I wouldn't listen.

RYAN
Sir, it's not too late. We still have plenty of soldiers left. What we need is a leader and time is running out.

CAPTAIN HALLOWAY

Yes. Yes, you are right. I need to stay focused. Where is the King?

RYAN

He's doing a state of address to the public on what happened. Apparently, there's satellite video surveillance during that war. He's not happy.

CAPTAIN HALLOWAY

Which King would be? We got our asses handed to us by God knows what. How many survivors?

Captain Halloway starts getting dressed.

RYAN

Just one, sir. Apparently it's the son of Doctor Seba. Kyle Seba. For some reason, they're keeping him alive. The whereabouts of Michael are unknown.

CAPTAIN HALLOWAY

Yeah, what else is new? Bring the car around, we're in desperate need to meet with our majesty.

RYAN

Yes, sir. Strength and discipline, Captain.

CAPTAIN HALLOWAY

Strength and discipline. Let's get the fuck out of here.

Doctor Harris enters.

DOCTOR HARRIS

What happened? How did you?...

CAPTAIN HALLOWAY

Send the prescriptions to the pharmacy Doc, I've got a job to do.

Doctor Harris stands in the way of Captain Halloway.

DOCTOR HARRIS

You're not well, you still need to be evaluated.

CAPTAIN HALLOWAY

No time Doc. Our country is under attack and I've got an old friend to avenge.

Captain Halloway pushes Doctor Harris to the side.

RYAN

It was a pleasure Doctor.

DOCTOR HARRIS

Likewise.

Captain Halloway and Ryan exit.

INT. BLACK FORTRESS WAR ROOM - DAY

King Highland is planning out his next attack with the rest of his staff members. Captain Halloway busts his way inside.

KING HIGHLAND

Captain Halloway, how kind of you to join us. The Doctor said you'd be out for the next few weeks.

CAPTAIN HALLOWAY

I need a word. Privately

KING HIGHLAND

Leave us.

The rest of his staff members gather themselves and exit.

KING HIGHLAND (CONT'D)

I'm sure you've heard about the massacre that happened while you were out.

CAPTAIN HALLOWAY

Juliette. She's dead.

KING HIGHLAND

Noted. She gathered hundreds of our forces without my stamp of approval and look what happened.

CAPTAIN HALLOWAY

Those things. Whatever attacked our city needed for us to respond and you just stood there.

KING HIGHLAND

Careful who you speak to Captain.
I'm still your superior.

CAPTAIN HALLOWAY

At this point, I don't give a fuck
about politics. They killed one of
the most important people in my
life.

KING HIGHLAND

So it's vengeance? Is that what
your looking for? Have you learned
nothing about war? Emotions cloud
your judgement. We need to study
what we're dealing with before we
can plan out our next attack.

CAPTAIN HALLOWAY

My lord, please. Allow me to gather
several thousand troops and attack
these assholes head on. I can guide
these men into victory. My track
record speaks for itself.

KING HIGHLAND

No. Do you want another massacre on
our hands? The whole world is
panicking and it will become worse
if we blindly decide to attack once
again. Did you get to see any of
the footage from the last attack on
those things?

CAPTAIN HALLOWAY

No, but I--

KING HIGHLAND

Why don't you take a look? Instead
of assuming you got everything
figured out.

King Highland presses a button and a projector on the wall
shows all the highlights between the special forces and the
demons.

CAPTAIN HALLOWAY

What in the hell are the soldier's
wearing? I've never even seen that
type of weaponry before.

KING HIGHLAND

Curtesy of Doctor Seba. Somehow they found a way to kill those things. But apparently it wasn't good enough.

CAPTAIN HALLOWAY

Michael...

KING HIGHLAND

Who?

CAPTAIN HALLOWAY

The man that infiltrated our Headquarters once. He spoke about those things before their arrival. Tried to warn us.

KING HIGHLAND

Why wasn't it ever mentioned to me?

CAPTAIN HALLOWAY

It sounded far fetched. He claimed he was the Arch Angel Michael.

KING HIGHLAND

The Arch Angel Michael? From the Bible?

CAPTAIN HALLOWAY

Exactly, my lord. I couldn't just come to you with what sounded like nonsense at the time.

KING HIGHLAND

Nonsense, huh?

CAPTAIN HALLOWAY

Yes. I didn't want to believe him. I couldn't believe him. Now it feels like it might've cost Juliette her life.

KING HIGHLAND

This all sounds like some kind of fairy tale in someone's imagination. However, it would seem there's something Doctor Seba knows that we don't. And we need to act fast through the information he gives us.

(beat)

For what it's worth, I'm sorry about what happened to Juliette.

(MORE)

KING HIGHLAND (CONT'D)

It was a tragedy. But you have to realize that she acted on her own. When you act on your own, that's how people die. That's how people get killed. Where can I find Doctor Seba?

CAPTAIN HALLOWAY

I've previously organized a search party where Juliette first came in contact with Michael. Maybe we could start there.

KING HIGHLAND

Excellent. We'll take him away and find out what he knows. After we find out, we could plan our next course of attack.

CAPTAIN HALLOWAY

My lord, what about the citizens of our city?

KING HIGHLAND

I've already sent out search and rescue units to help people escape Union City. Our last resort is using the X-Canon. It's a little drastic given it's history but it might be our only chance at survival.

CAPTAIN HALLOWAY

Understood.

KING HIGHLAND

In the mean time, I will provide you with a replacement of the soldiers you've lost. However, you are not to make a single move without my consent. Do I make myself clear?

CAPTAIN HALLOWAY

Yes, your lordship. Thank you.

KING HIGHLAND

Now, get out of here. I still have more research to conduct. Whatever those things are, we're going to make them regret ever facing humanity.

Captain Halloway bows and exits.

EXT. BLACK FORTRESS - DAY

Ryan is standing next to the vehicle waiting. Captain Halloway approaches it.

RYAN
So? How'd it go?

CAPTAIN HALLOWAY
Get inside.

RYAN
Roger that.

They both enter the vehicle. The vehicle floats up in the air and flies away.

INT. UNION CITY SPECIAL FORCES VEHICLE - DAY

Ryan is in the drivers seat while Captain Halloway lights up a cigarette.

RYAN
So? Are you going to keep me in
suspense, sir?

CAPTAIN HALLOWAY
It went far better than I expected.
We're getting our forces back.

RYAN
What's the catch?

CAPTAIN HALLOWAY
The catch is that I'll have to
report directly to the King on all
my movements.

RYAN
Jesus Christ, the entire country is
now involved.

CAPTAIN HALLOWAY
You got that right, kid. Especially
after the extreme casualties. It
definitely caught the King's
attention.

RYAN
I think it caught everyone's
attention, sir. What were those
things?

CAPTAIN HALLOWAY

I've only spoken to one of them so far. The whole conversation still gives me the chills. I didn't want to believe him at first but what he was saying is slowly coming into fruition. It's all about our next move.

RYAN

And what's that?

CAPTAIN HALLOWAY

We have to look for Doctor Seba. He now holds the key to those things.

RYAN

It's funny Captain.

CAPTAIN HALLOWAY

What is?

RYAN

Not too long ago, Doctor Seba was a man that we almost executed. Now we desperately need his help.

CAPTAIN HALLOWAY

I've learned that life can be that way sometimes.

RYAN

Sir?

CAPTAIN HALLOWAY

Sometimes we expect one thing and then the opposite happens. I saw the satellite surveillance. Those were heavy forces launched at whatever those things were. And it still wasn't enough.

RYAN

The important thing is that we tried, Captain. Unfortunately sometimes people have to die in order to obtain victory.

CAPTAIN HALLOWAY

The philosophies of War. Something that I've always preached to Juliette.

RYAN

Sorry for your loss, sir. She was a fine soldier.

CAPTAIN HALLOWAY

Yeah, thanks kid. Her death won't be in vain. I'll make sure that whatever killed her suffers like she did. I fucking swear it. They won't get away with it.

RYAN

I'll be sure to always be by your side, sir. Count me in. That's a promise.

CAPTAIN HALLOWAY

I appreciate that. You keep thinking like that and I promise you that you'll go up in the ranks.

RYAN

It's all I ever wanted.

INT. UNION CITY SPECIAL FORCES HEADQUARTERS - DAY

The Union City Special Forces vehicle lands. A lot of commotion as Captain Halloway and Ryan exit the car. Union City Soldiers are running left and right.

RYAN

What the hell is going on?

Captain Halloway pushes through the large crowd.

CAPTAIN HALLOWAY

Move! Get the hell out the way!

Captain Halloway opens his eyes in horror as he sees hundreds of the special forces cut up into pieces creating a huge pile. Captain Halloway drops to his knees as a white flag that reads "Surrender" is stabbed right at the top.

RYAN

Oh my God.

CAPTAIN HALLOWAY

Nooooooooooooooooo!

EXT. UNION CITY BEACH CAVE - NIGHT

Thunder strikes as rain falls heavily. The ocean waves crashes on the rocks.

INT. BLACK ABYSS - NIGHT

Michael wakes up startled and slowly stands up in his mind. Everywhere is black.

MICHAEL

What happened?

DEATH (O.S.)

Can you see now Michael?

MICHAEL

I know that voice. Where are you?

DEATH (O.S.)

Right behind you.

Michael turns around but there's no one there.

DEATH (O.S.) (CONT'D)

Right behind you again.

Michael turns around again and again but finds no one.

MICHAEL

Show yourself!

DEATH (O.S.)

You're not in control Michael.

Death appears floating above Michael.

DEATH (CONT'D)

I'm the one who is. I always am.

MICHAEL

No your not. I recognize this place. Why am I here?

DEATH

Isn't it obvious? You received quite a beating.

MICHAEL

It's alright, more human reinforcements are coming. Together we can--

DEATH

After all that, you still don't get it? How do you expect to stop Lucifer and the rest of his armies being at half strength? You're nowhere near where you used to be in the previous realm. How many more mistakes are you going to make before it's too late and Lucifer conquers the World?

MICHAEL

He won't win this time.

DEATH

Oh, but don't you see. More cities are under attack while you lay in that bed in a coma. You're useless.

MICHAEL

Then why don't you take me out of this coma?

DEATH

You but only have 2 choices. Either you train and return to your former self. Or you join the humans in another pathetic attempt at victory.

MICHAEL

You expect me to just abandon them? The innocent and defenseless humans you speak of.

DEATH

Lucifer is too powerful. The only way to win is through the training.

MICHAEL

This is madness! You're going to get me out of here. I demand it! As the leader of all the Arch Angels! You will do as I command!

Michael attacks Death but to no avail. Death is too fast and beats Michael to a pulp. Michael lays on the black floor, bloody and bruised. Death vanishes.

DEATH (O.S.)

Wake up, Michael. Wake up before it's too late. Go to the Garden of Eden, it is there that the training will begin.

INT. UNION CITY BEACH CAVE - DAY

Michael wakes up and his vision clears up. Doctor Seba is by the bedside.

DOCTOR SEBA

Michael. It's good to have you back with us.

MICHAEL

How long was I out?

DOCTOR SEBA

My watch says one month at least.

MICHAEL

Jesus Christ.

DOCTOR SEBA

Your heart stopped for a minute. It's a good thing Molly was there. She had to use an AED device.

MICHAEL

Was I so easily wounded?

DOCTOR SEBA

Well, you put up a good fight but it looks like Lucifer had reinforcements.

MICHAEL

Yes. I saw them there in the battlefield. Beelzebub and Belphegor just to name a few. They were much too powerful for me to handle on my own.

DOCTOR SEBA

Lucifer has also gone to attack more cities. He seems to be conquering the world, one piece at a time.

MICHAEL

I have realized this war is bigger than myself. I'm going to need more reinforcements. I'm going to need more training.

Michael takes off all the bandages and releases his wings.

DOCTOR SEBA
More reinforcements? Like more
Angels?

MICHAEL
Yes. But before I can duplicate my
power on to them, I have to be
stronger. Good bye my friend. I'll
be back in no time.

DOCTOR SEBA
Wait! I need to ask you something!

Michael flies away.

DOCTOR SEBA (CONT'D)
How can we extract the souls from
Lucifer?

A bright light shines near the exit of the beach cave.

CAPTAIN HALLOWAY (O.S.)
Doctor Seba! Come out with your
hands up and surrender! This is the
Union City Special Forces!

DOCTOR SEBA
Shit! How the fuck did they find
me?

CAPTAIN HALLOWAY (O.S.)
Come out peacefully and no one will
get hurt!

Doctor Seba looks around the beach cave.

DOCTOR SEBA
Nowhere to go. Should've prepared
for this.

CAPTAIN HALLOWAY (O.S.)
This is your final warning! Come
out with your hands up!

EXT. UNION CITY BEACH CAVE - DAY

Doctor Seba comes out with his hands raised. Captain Holloway
lowers his microphones with special forces soldiers behind
him.

CAPTAIN HALLOWAY
That's more like it. It's been a
long time Doctor Seba.

DOCTOR SEBA
Likewise.

CAPTAIN HALLOWAY
Mind if we take a look around?

DOCTOR SEBA
Do I have a choice?

CAPTAIN HALLOWAY
No.

DOCTOR SEBA
Follow me then.

Captain Halloway waves the special force soldiers to follow him. They all go inside.

INT. UNION CITY BEACH CAVE - DAY

CAPTAIN HALLOWAY
Jesus, it looks like a fortress in here.

DOCTOR SEBA
Yes. Thanks to Michael we were able to build it.

CAPTAIN HALLOWAY
That explains all the robberies from certain labs across the city.

DOCTOR SEBA
Yeah, well. The weapons needed to be built somehow. And a huge army needed my help.

CAPTAIN HALLOWAY
And yet here we are again.

Captain Halloway lights up his cigar.

CAPTAIN HALLOWAY (CONT'D)
Doctor Seba, I'm going to keep this conversation as honest as possible. Now, accident or no accident you've killed a whole city full of people. On top of that you defied your king and became a fugitive. All that can be forgiven if you help us win this war. Now, as I saw the satellite surveillance, you had some flashes of success.

(MORE)

CAPTAIN HALLOWAY (CONT'D)

Those soldiers were actually killing those things. However, slowly but surely, they're taking over.

DOCTOR SEBA

Yes, I heard.

CAPTAIN HALLOWAY

So, how about you build more weapons for our troops? You can educate us on how to kill those things.

DOCTOR SEBA

And if I say no?

CAPTAIN HALLOWAY

That's not an option Doc.

DOCTOR SEBA

And why is that?

CAPTAIN HALLOWAY

Well, I happen to know they have your son. And I know a father wants what's best for his son. You give us a fighting chance and you might be able to get your son back.

DOCTOR SEBA

For all I know, he could be dead already.

CAPTAIN HALLOWAY

That's not true. We know his exact location. He's still alive and well. All it takes is for you to help us.

(beat)

Help us save humanity Doc. Otherwise we'll all be doomed forever. What other choice is there?

DOCTOR SEBA

Throwing me in jail until I rot or executing me. But that won't be good for both of us, will it? So it seems like I got leverage here. I'll tell you what. I'll help you but I must receive a royal pardon from the King and the guaranteed safety of my son.

(MORE)

DOCTOR SEBA (CONT'D)
If either one of those things
falter, the deal is off the table.

CAPTAIN HALLOWAY
Done.

DOCTOR SEBA
Bullshit. I want it in writing from
the King himself.

CAPTAIN HALLOWAY
Done. You have my word.

They both shake hands.

DOCTOR SEBA
Okay, let's get to work.

Days turn into weeks. Doctor Seba builds thousands of weapons and armor for the Special Forces Army. Delivery crew members constantly come in and out. They pack everything into endless box crates.

EXT. UNION CITY BEACH CAVE - DAY

Delivery crew members place all the crates on the Union City Special Forces boats and ship them off.

INT. UNION CITY SPECIAL FORCES HEADQUARTERS - NIGHT

The crates of weapons and armor get unpacked as Special Force soldiers equip themselves.

INT. UNION CITY SPECIAL FORCES HEADQUARTERS CLASSROOM - DAY

Doctor Seba is on top of a stage explaining the Demon's weak points in front of thousands of soldiers.

INT. UNION CITY SPECIAL FORCES HEADQUARTERS DOJO - NIGHT

Thousands of special force soldiers train in physical combat skills together as a unit.

INT. UNION CITY CAPITAL - DAY

Thousands upon thousands of special force soldiers march. All kinds of combat vehicles are beside them. Combat planes and helipads are hovering above them.

Captain Halloway and Ryan ride in the front of the massive army. Lucifer is on the opposite side with his massive army of demons waiting. Lucifer laughs.

LUCIFER

Are you kidding me? Is this all you have left for humanity?

CAPTAIN HALLOWAY

It will be more than enough to defeat the likes of you.

LUCIFER

Where's your lap dog Michael?

The heavy wind blows debris in between the two armies.

LUCIFER (CONT'D)

Oh, he's not here? What a shame. I was hoping for him to see you get slaughtered first hand.

CAPTAIN HALLOWAY

You won't win this time. I'm sorry, I never caught your name.

LUCIFER

Oh, the Bible has so many words for me. Prince of darkness, the serpent, the dragon, or the Devil. However, you can call me Lucifer.

CAPTAIN HALLOWAY

Interesting, a nut job that thinks he's the devil. Let me introduce myself, I'm--

LUCIFER

I know who you fools are. I've known you all your lives. In fact I feel disgusted by it. But hey, that's the ability that the man upstairs gave me. I have no choice.

CAPTAIN HALLOWAY

Here's a choice. Why don't you pack it up and go to whatever the fuck dimension you came from?

LUCIFER

Or what? Get defeated by you people?

Lucifer laughs hysterically.

LUCIFER (CONT'D)

While you were busy training, I murdered thousands of innocent people. How do you like them apples? And by apples, I don't mean the one from the garden. But I'm sure your familiar with that story. You see I've always hated human beings. I hated it the moment God created you. I never understood why I should serve you when you should be conquered and enslaved. Of course this led me to rebel and the rest is history. I lost that war against Michael. But no longer. Now I have the upper hand. I'm going to show you what should've happened in that war in heaven.

CAPTAIN HALLOWAY

I was hoping you'd say that. Because now I have no reason to compromise with you. In fact we know all your weak points and came more prepared. Now, you're right. This is our last stand, but this time we're going to make sure you feel it even more. Attack!

All the special force armies clash with Lucifer and his demon army. For a while, the special force soldiers have the upper hand. However, with the help of Beelzebub, Belphegor, Leviathane, and Mammon, the Demon army becomes impossible to defeat.

The once massive Special Force army starts to shrink in numbers as they continue to get killed. All their combat vehicles and planes are destroyed. Blood SPASHES on Captain Halloway's face as a group of soldiers get slaughtered by demons.

Captain Halloway drops to his knees. Just before Lucifer cuts him down, he gets punched and goes flying through a building. He's slow to get up and sees Michael flying before him.

MICHAEL

That one was for Juliette.

Michael throws Lucifer through another building. Lucifer gets up and struggles to get on his feet.

MICHAEL (CONT'D)

And that one was for humanity.

LUCIFER

Well, somebody is angry. And I could see you've grown stronger.

MICHAEL

It's only going to get worse from here. Take all your demons and leave this world.

LUCIFER

Are you kidding me? I'm still having fun. But your not having any fun right now Michael, are you?

MICHAEL

Leave now.

LUCIFER

No thanks. I think I'll stay awhile. After all, I have to fulfill my ambition. It's time we show our true power. Beelzebub, Belphegor, Leviathane, Mammon, Asmodeus! It's time we attack together at once.

They all attack Michael at the same time and while Michael was able to fend them off for a while, he starts to lose. Before Beelzebub was about to deliver a critical blow, SERAPHIM blocks it.

BEELZEBUB

Seraphim!

SERAPHIM

Beelzebub. I'm glad you remember me. My apologies for getting here too late.

Seraphim kills Beelzebub. Belphegor attacks Seraphim but URIEL blocks his attack.

URIEL

Hold on now. I think we need to turn this into a fair fight.

GABRIEL and RAFAEL appear behind Uriel. Rafael heals Michael's wounds.

RAFAEL

Together we shall persevere evil.

GABRIEL

Together we shall preserve the holy light.

MICHAEL

Together we will fight! Humans and Angels, this is it! Everyone attack at once! In the name of our king God, Charge!

Thousands upon thousands of Angels fly everywhere. They assist the Special Force Soldiers and kill the remaining demon army. Belphegor, Leviathane, and Asmodeus are also killed.

Only Lucifer is left. He grabs Kyle as a hostage.

LUCIFER

Bravo, Michael. Bravo. You finally were able to defeat me. Again. But now I got Doctor Seba's son at my disposal.

KYLE

Let go of me!

MICHAEL

Let him go Lucifer, this is between me and you.

LUCIFER

Oh, I know that asshole. I know it. But you weren't there to see the ace up my sleeve.

MICHAEL

What are you talking about?

LUCIFER

Ask your friend Captain Halloway.

MICHAEL

Captain?

CAPTAIN HALLOWAY

Doctor Seba would only help us if we ensured his son's safety.

LUCIFER

Now he's got the X-Canon pointed directly at us.

Lucifer starts laughing hysterically.

MICHAEL
You're lying.

LUCIFER
I'm lying? Why don't you find out
yourself Captain?

MICHAEL
Go on Captain.

Captain Halloway contacts Union City Special forces
headquarters with his hologram watch.

CAPTAIN HALLOWAY
Base, come in.

The face of a Special Forces Soldier JAKE (20) appears on the
hologram.

JAKE (V.O.)
This is Jake speaking. Coming in
loud and clear.

CAPTAIN HALLOWAY
At ease private. Check the
surveillance on the X-Canon will
you?

JAKE (V.O.)
Yes sir, I...

CAPTAIN HALLOWAY
What is it?

JAKE (V.O.)
Oh my God. Sir, it appears that
Doctor Seba has found his way back
inside the X-Canon.

CAPTAIN HALLOWAY
Jesus Christ. How in the fuck could
you let this happen?

JAKE (V.O.)
It appears he's killed several of
our troops. And he's locked himself
inside.

CAPTAIN HALLOWAY
God dammit! Now you listen. And you
listen good. Go over there and get
him out of there, now! I don't care
how! Just do it! That's an order!

INT. UNION CITY SPECIAL FORCES HEADQUARTERS ARMORY - DAY

Several Special Forces Soldiers surround the X-Canon.

INT. X-CANON COCKPIT - DAY

A RING is heard and Doctor Seba presses the button on the cockpit. Captain Halloway appears on a small screen.

DOCTOR SEBA

Speak.

CAPTAIN HALLOWAY (V.O.)

Doctor Seba!

DOCTOR SEBA

Do you want to speak more lies
before I end everything?

CAPTAIN HALLOWAY (V.O.)

Your son Kyle, he's still alive.

DOCTOR SEBA

Not for long Captain, Lucifer has
him.

CAPTAIN HALLOWAY (V.O.)

Yes, we know. But--

DOCTOR SEBA

But we made a deal Captain. My
boy's safety was supposed to be
guaranteed. Or have you forgotten?

CAPTAIN HALLOWAY (V.O.)

You're right Doc. And all of us are
grateful for your efforts.

DOCTOR SEBA

But?

CAPTAIN HALLOWAY (V.O.)

We never would've imagined this
asshole would use your son as a
bargaining chip.

DOCTOR SEBA

Call off your soldiers. They're
wasting their time.

(beat)

Tell them to back off now.
Otherwise so help me God, I'll pull
the trigger.

INT. UNION CITY SPECIAL FORCES HEADQUARTERS ARMORY - DAY

CAPTAIN HALLOWAY (O.S.)
Men. Back off! Now!

SPECIAL FORCES SOLDIER
Yes sir! As you command!

All the Special Force Soldiers exit.

INT. X CANON COCKPIT - DAY

CAPTAIN HALLOWAY (V.O.)
There you go. Now it's just you and me, Doc.

DOCTOR SEBA
That's better. Now, have Lucifer release my son.

CAPTAIN HALLOWAY (V.O.)
That, I can't do.

DOCTOR SEBA
Why not?

CAPTAIN HALLOWAY (V.O.)
Because I have no control over that. You know as well as I do that I can't tell that thing what to do. In all honesty, I wish it was as simple as just shooting him in the head from a distance.

DOCTOR SEBA
Have Michael do something God dammit Captain! I want my son back!

CAPTAIN HALLOWAY (V.O.)
We understand how you feel.

DOCTOR SEBA
No you don't! Without Kyle...
(beat)
Without Kyle, I'm lost. I've already lost his mother to Cancer. I can't afford to lose him. We had a deal Captain! We had a fucking deal!

CAPTAIN HALLOWAY (V.O.)
I know that. I know that all too well.

(MORE)

CAPTAIN HALLOWAY (V.O.) (CONT'D)
But killing all of us won't solve
anything. At least give me some
time to work things out.

INT. UNION CITY CAPITAL - DAY

BLOOD splashed on the side of Captain Halloway's face.
Lucifer drops Kyle's lifeless body. He laughs hysterically.
Michael cuts him down and kills him.

Captain Halloway drops down his knees and lowers his head.

CAPTAIN HALLOWAY
We've failed.

DOCTOR SEBA (O.S.)
Captain! Captain! What the hell
happened? Captain! Is Kyle okay? Is
he alright? Captain!

Captain Halloway takes out a trigger from his pocket and
presses a button.

INT. UNION CITY SPECIAL FORCES HEADQUARTERS ARMORY - DAY

BOOM! The X-Canon explodes

INT. UNION CITY BEACH CAVE - BEGIN FLASHBACK

DOCTOR SEBA
Bullshit. I want it in writing from
the King himself.

CAPTAIN HALLOWAY
Done. You have my word.

They both shake hands.

INT. UNION CITY SPECIAL FORCES HEADQUARTERS ARMORY -
FLASHBACK

Captain Halloway watches on as the Special Force Soldiers
install explosives inside the X-Canon.

INT. UNION CITY CAPITAL - END FLASHBACK

Michael walks up to Captain Halloway and touches his
shoulder.

MICHAEL

What a pity. I wish he didn't have to die as he did. He helped us all so much.

CAPTAIN HALLOWAY

Yes he did.

MICHAEL

But the war. It's finally over!
Your people are saved!

All the surviving Special Force Soldiers scream and celebrate. Angels fly everywhere.

CAPTAIN HALLOWAY

Yes. But at what cost?

MICHAEL

Human life Captain. That's what it takes to win wars.

CAPTAIN HALLOWAY

Thank you for saving us.

MICHAEL

That was the plan all a long. You just couldn't commit.

CAPTAIN HALLOWAY

Yeah, I know. People tell me I'm stubborn.

MICHAEL

That's exactly what makes you a good leader.

Captain Halloway smiles.

MICHAEL (CONT'D)

It looks like my work here is done.
It's time for me to go.

All the Angels vanish into thin air.

CAPTAIN HALLOWAY

Do me a favor.

MICHAEL

What is it?

CAPTAIN HALLOWAY

Take care of Juliette would you?
While she's on the other side.

MICHAEL

There's no need. She's with God now. Which is why I can assure you that no more harm will come to her.

CAPTAIN HALLOWAY

And the Devil?

MICHAEL

He won't harm another soul.

CAPTAIN HALLOWAY

It was great meeting you. And I guess I'll see you when it's my time.

MICHAEL

I'll be waiting.

Michael fades away into the sky.

INT. X-CANON COCKPIT - DAY

Doctor Seba pulls out a gun. A loud BANG. BLOOD trickles down Doctor Seba's chest.

INT. UNION CITY LAND FILL - DAY

Robotic Bulldozers push hundreds of Ghost phones into a pool of acid. They all melt away slowly as Captain Halloway watches on. He turns off one of the Bull Dozers and grabs a Ghost phone for himself. He walks away with it.

INT. CAPTAIN HALLOWAY'S OFFICE - NIGHT

Captain Halloway drinks whiskey as he sits and stares at the Ghost phone. He blows out the smoke from his cigar. He walks over to the Ghost Box and turns it on.

CAPTAIN HALLOWAY

Juliette. Answer me. It's me.

JULIETTE

Hello? Captain?

INT. OUTSKIRTS OF UNION CITY - NIGHT

A wind rushes through the streets. A small sparkle of electricity appears in thin air.

FADE TO BLACK.

THE END
