

Divyam Jha

I am a human being from Janakpur, Nepal. For my aspiration to be involved in the enlightening and creative process of filmmaking, I have fostered my skills in multiple disciplines — but my area of specialty is direction, if I were to talk officially.

That doesn't limit me to realise my vision of being an independent actor who writes and directs the films of his own, not uncommon as many of the legendary revolutionaries like Charlie Chaplin, David Wark Griffith, V. Shantaram and Rishab Shetty have done in the history of cinema.
